

# 1984-85 LEGEND

hi susie, (wocof)  
 i'm totally glad this  
 year we're friends  
 it's been a great  
 year huh! Maybe we  
 can go to the beach  
 this summer. Keep in touch 637-4047  
 Michelle (mim)

P/O Susie  
 little

Susie - you're a really  
 neat person but don't get  
 that way but don't get  
 any more a new clothes. J/K  
 or a sweetie  
 Love LSA

Susie Baby!  
 (Susage) I love ya! Have like a bitchen  
 Summer you know! See ya at the  
 beach or at a party or may be even  
 at an orgy (H4/H4!). Biage's class  
 like suckadage but we had  
 funage. Love ya  
 Michael J.

Susie,  
 I really enjoyed sitting  
 next to you in math  
 class. I wanted to thank  
 you for all the help you  
 gave me. I will miss you  
 next year and the years  
 after. Have a great time  
 this summer.

Love  
 Always

Jon

SUSIE,  
 It's been fun having  
 you in math and I  
 hope you have a great  
 summer. Stay sweet  
 & cute.

Susie I had  
 had you and had  
 a date. I seem to  
 be at the beach with  
 you. I will have fun  
 summer. I'll see you  
 at the beach. Love ya  
 7/18/03  
 home. Love  
 Victor

Hey Soozie!

I'm sooo - happy schools out!  
Aren't you! I'm glad we became  
good friends. This is gonna be a  
great summer for you! Going on all  
those vacations!!! When you have  
time, we should go to "The Valley" and  
see our friends!!! We have to go see  
Kris, because I want to see what he  
looks like!!! ☺ I'm glad we were  
Spazzaroonies together in P.E. And  
you can never forget the memories  
we have about Laura Lynn Pilkington!!!  
Well, I'll see you this neeha

SUMMER!

THE GREAT SUMMER AND  
I'll see you next year!  
THE VACATION CAUSE WE LIVE  
CLOSE TOGETHER! WELL, CALL  
ME SOMETIME OVER THE SUMMER  
AND WE'LL GO TO THE BEACH!  
DON'T FORGET THIS DUMBASS  
CLASHBAG! HaHa.  
(You valley girl!) See you later,  
Bey!

Love Always,

Rhona ☺

Hi Suzie,  
I'm really glad I got to  
know you & being totally sweet  
and I hope we can be friends next  
year. Call me (974-0308)

Suzie,  
Hi! I'm so glad we're  
friends. You're such a  
babe! I do hope I get  
classes with you next  
year too & I hope  
you have a great  
summer. I'll be  
something & call me  
(974-0308)  
Love always, F/F  
Gen

Hi Suzie:  
I'm really glad we were  
still friends this year & my  
you a really sweet person.  
But I hope to see you maybe  
over the summer but just in  
case I don't see you next  
year. Ok? I ya Adriano  
P.S. call me  
974-1314.

Hi SUZIE,  
how are ya hun. I think  
that you are SOOOOOOOOOOOO  
sweet & cute. I'm glad we  
became friends. Hope that you  
have a great summer & maybe  
we'll have some classes  
together next year.  
Love ya lots  
Chrissy

C

Confusion, caution and insecurity. High school — sometimes it seems like you ain't gettin' nowhere and at other times it feels like life in the fast lane. Parents keep telling you that its the best time of your life, so

why does it often feel like so much boredom and drudgery? Teachers, classes, books, tests and tons of homework. Sometimes you even think that you'd be glad to have it all over with so that you can get on with

all  
 Suzie - Like I said To know you is to  
 love you. I have to go Because everyone  
 is getting mad But If you are bored and  
 would like to go out with me give me a call  
 or even just to talk. 9981573

real life. *Involvement* — it's a word you keep hearing, but have you ever really given it a lot of thought? Your best friend is all excited about the team's making it to CIF this year, *finally*. Drama tryouts are next week. You

always thought that might be sort of a fun thing to do, but are you really all that outgoing and extraverted? Mr. Dunne, your history teacher, has mentioned more than once that he's like to see you run for an A.S.B. position.

Lunchtime class competitions. It's been fun to watch, but watching isn't that all that you've been doing? Staying out on the side lines, *waiting*.

How then do you do it? I mean, How do you even get started?

*A part of it*

H

Why not ask an A.S.B. person how to get going? They're always looking for willing people to help. Sometimes a few suggestions and you're soon already to start. Maybe going to a football game and cheering on the team or at-

tending a water polo game. The team can always use an extra cheerleader. There's also dances, maybe going to a stag one. NO date needed for that kind. Pet assemblies can be fun getting excited for your team, surrounded

by your friends, screaming, waving signs, and clappin 'tin your hands are red. Or let's see, how about helping out an officer with poster painting, that's a good way to make friends. It seems like the cheerleaders could always use a

helping hand at setting up for a pep assembly. Or how about joining a club on campus? They're always looking for a new member. And usually they draft you immediatly into helping with the service projects which can be

fun and are a great way to get involved. O.K. now you know how, let's start getting involved!!!

School spirit. Maybe that's where it's at. The thing that you've been missing out on. Seriously, how can you really ex-

pect to experience high school without feeling some sense of involvement with the one place that take up the major part of your Monday through Friday daytimes.

Spirit week — total craziness,

dressing up, getting down, goofing off. Rituals, rivalry, class competitions, school pride, pepe, and the big Homecoming game. It seems as though everyone's involved in some way, maybe just dressing up on one of those days.

all

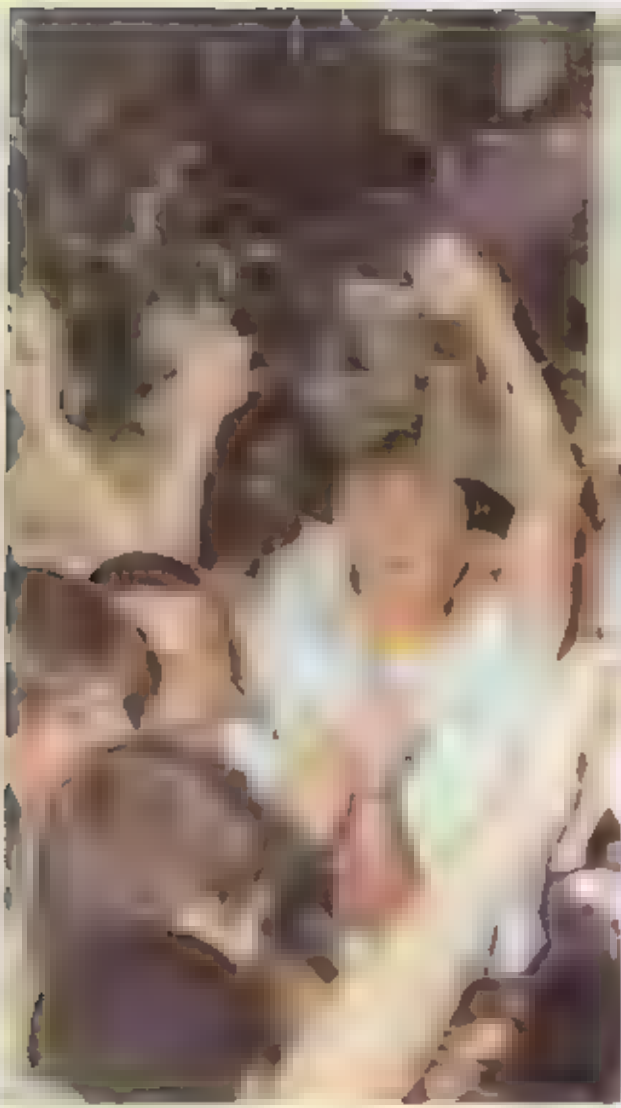

It all seemed kind of dumb as sophomores and as juniors that strange insecure feeling was there. But here it is your senior year so why not? It's one way to show your spirit. The activities chairman would love to see more people involved. Maybe I would even be able to show a little spirit and have a blast. Why not? What have you got to lose? Dress up, act a little crazy, and spontaneously cheer the team on to victory. Really what would spirit be without some spirit? It's one way to get involved and you really should become a part of it. ALL!

# Dreams Come True

On a warm night in October  
Excitement filled the air  
The Homecoming committee had worked  
so hard,  
Not a detail did they spare  
The crowd began their cheering  
The band began to play  
For the five anxious Princesses  
It had been a most exciting day  
Paul's voice echoed through the crowd  
As the ceremonies he did start  
By introducing the Princesses  
Each one with a pounding heart  
They came around the football field,  
In roadsters classy and new  
Escorted by their proud papa's  
For them it was a dream come true  
Then over the loudspeaker  
The big announcement came  
And Becky Bolander screamed out loud,  
When Paul read her name  
A sparkling crown and a velvet robe  
Then hugs and kisses and tears,  
This Homecoming halftime will be  
remembered  
By all of us throughout the years

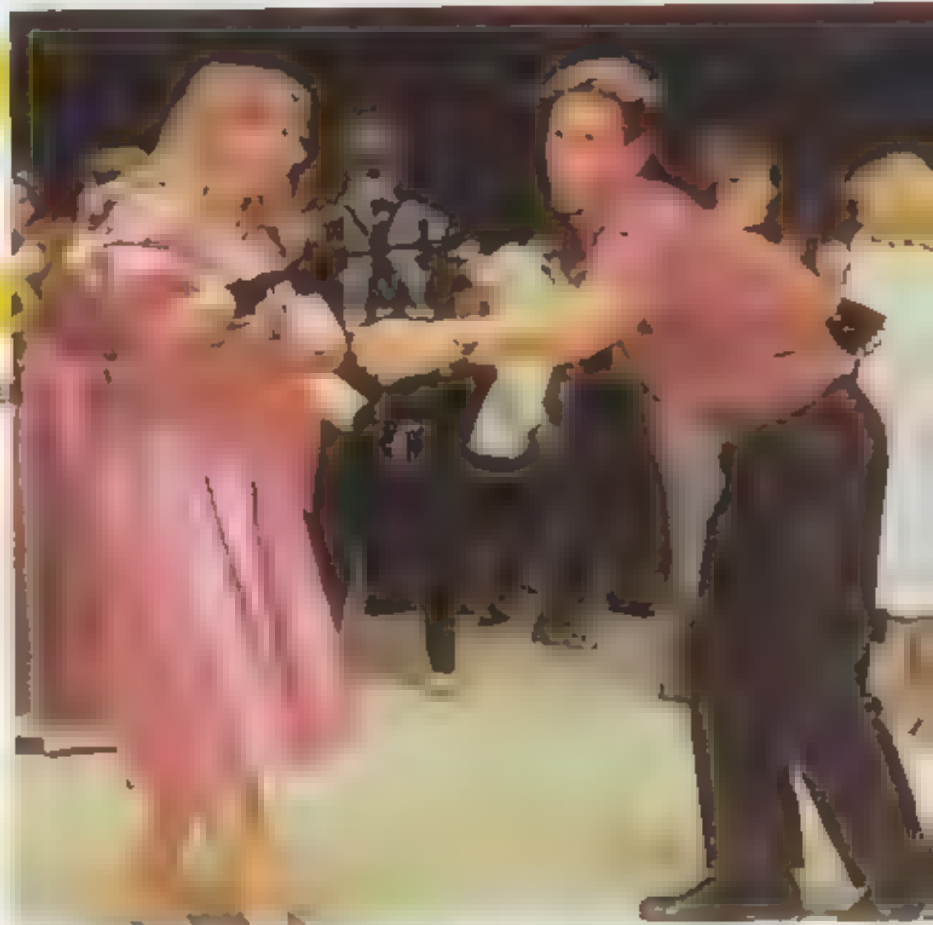

Princess Lynnsey Cooper and her proud father Bill Cooper. An emotional moment between friends Princess Lynnsey Cooper, Ami Isen, Anna Horn and Kim McDonald. The queen, her court, and their delighted dads! The excitement of the evening is reflected in the face of Anna Horn. As her name is read, Becky Bolander screams with surprise and excitement. Princess Kim McDonald smiles a thanks to Jeff Nullmeyer as she steps out of her car.

# Dreams Turn to Realities

On the night of October the 20th the dreaming stops and the reality begins. Our 1984 Homecoming dance had arrived. For many it would be a memorable one, one they would never forget. KNAC provided a good selection of music and was able to please almost everyone. Near the end of the evening the big moment arrived. The time everyone had waited for. It was time to introduce the court and crown the new king.

es Paul Pisciotta and Jeff Dome, they wear their sunglasses at night  
Steve Lopez and Queen Becky Bolander enjoying their traditional  
the Princess Ami Ison and her date Rob Beardall rocking with  
C. Steve Messina is stepping out with his baby! Looks like everyone  
having a great time! Kim Engleman and Shannon Loudermilk having  
'Oh Jim you're such a Babel'" says Kristen Olsen. Go for it, guys

As everyone anxiously waited, the envelope was opened and the new king announced The 1984-85 Homecoming king was Steve Lopez! Then came the traditional dance. The king and queen and their court danced and then everyone else joined in. The dancing continued for a short time after and then the evening came to a close. What a fun and exciting evening and one we will always remember.

Girl talk and giggles come from their side and Kim Engleman Diane McInish a girl who like Falkoe twinkle eyes as he works in his dancing ability just Diane looking at the camera conspicuous escaping Ann Kon. and a dance coming from Eric Degraw and Larry Minego to Steve Lopez the Homecoming King Who's behind those Fairy Girls? Is that

Clark Crewman with two dates. What a wingman! Anyone's 1984-1985 Homecoming court looking picture perfect. Paul Pincus and Lorraine a couple Larry Hines Anna Horn Queen Berny Boulder King Steve Lopez Ann Kon. left Dome Kim McDonan and Eric Degraw. Each one looking stunning of course.

# Homecoming Victory

Canyon High School was victorious in their homecoming football game against Santa Ana Valley, 41-20. This game, and the rest of the season was dedicated to Jim Rockwell, a former player who attended the homecoming game, Jim was seriously injured in an off-season automobile accident. The homecoming victory was one of the most decisive of the season.

Homecoming is one of the most important games of the season. The alumni, former cheerleaders and lots of fans come to see Canyon win which this year, we did.

Hopefully, Canyon will stay in its Homecoming victory streak through the future. So when we, the alumni, come back we too can be proud Comanches once again.

At the half, the team rushes on to the field. Some of the fans, cheering the Comanches on. Canyon receiver runs downfield for big yardage. Another run by an unstoppable Canyon fullback. In one of the greatest feats of the season, the team runs through a paper banner. Eric DeGraw watches from the sidelines. Happy Canyon players embrace after a touchdown. An airborne Canyonite catches a long bomb for 6 more points.

# Jingle Bell Rock

As Christmas time approaches near  
We dance together to share some cheer  
Going informal, with the theme being stag  
Waiting to see what's in Santa's bag  
The tree is up, all full of lights  
Talking and eating with smiles so bright  
Hats and bells are all a big part  
To begin the dance with a mighty fine start  
We laughed, had fun, so glad we came here  
Excited for Christmas and the start of a new year

Rockin' and rolling around the clock  
As we boogied down to Jingle Bell Rock!

*The stage looking at a glow for the holiday season. Amy gives a romantic towards Rex. Jenna and Cary obviously enjoying their evening. Jody seems a little dazed as Kirby dances with her.*

*Ray Schull making his grand entrance. Chris Rippe enjoying the great taste of Ins cola! Hey, hey, then the monkeys Randy and Beth the life of the party.*

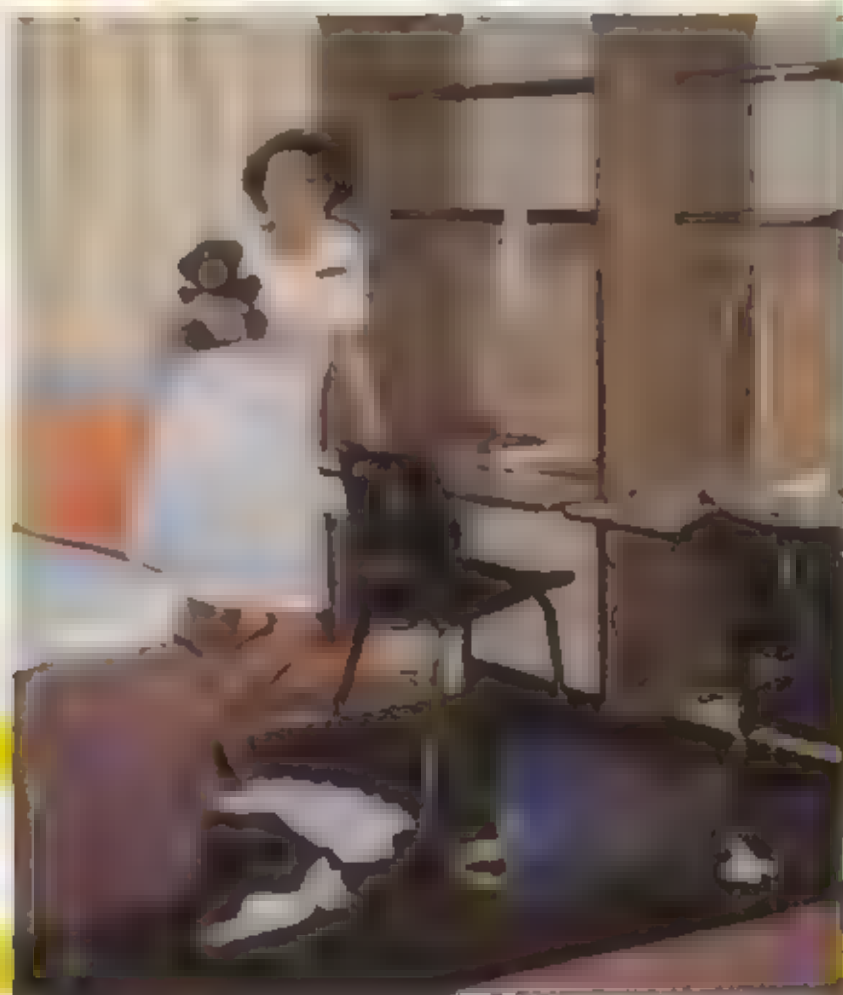

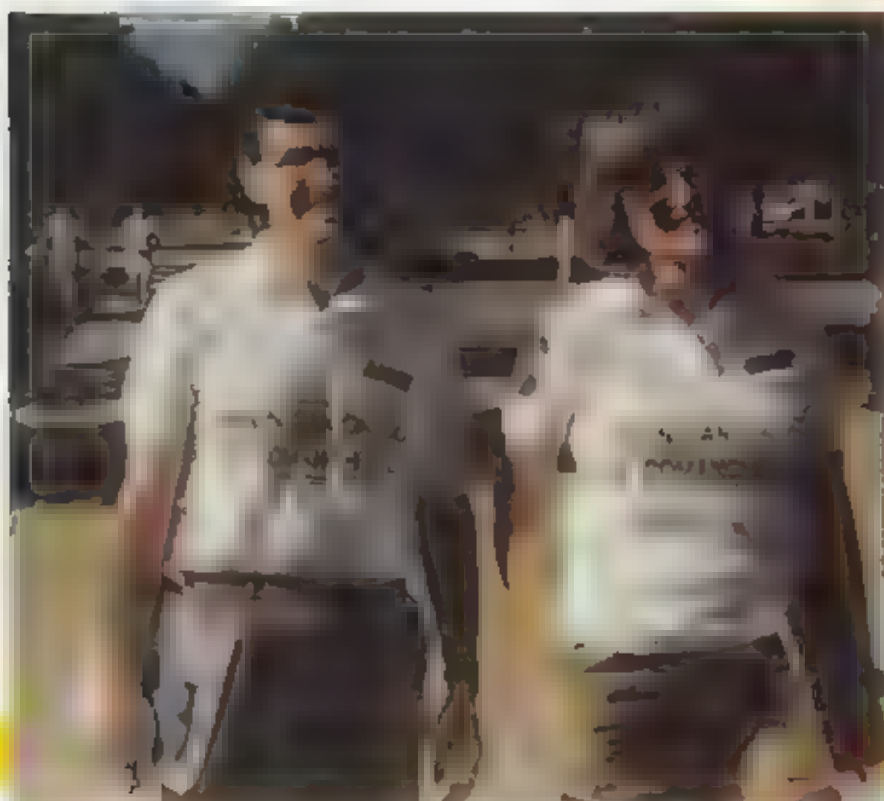

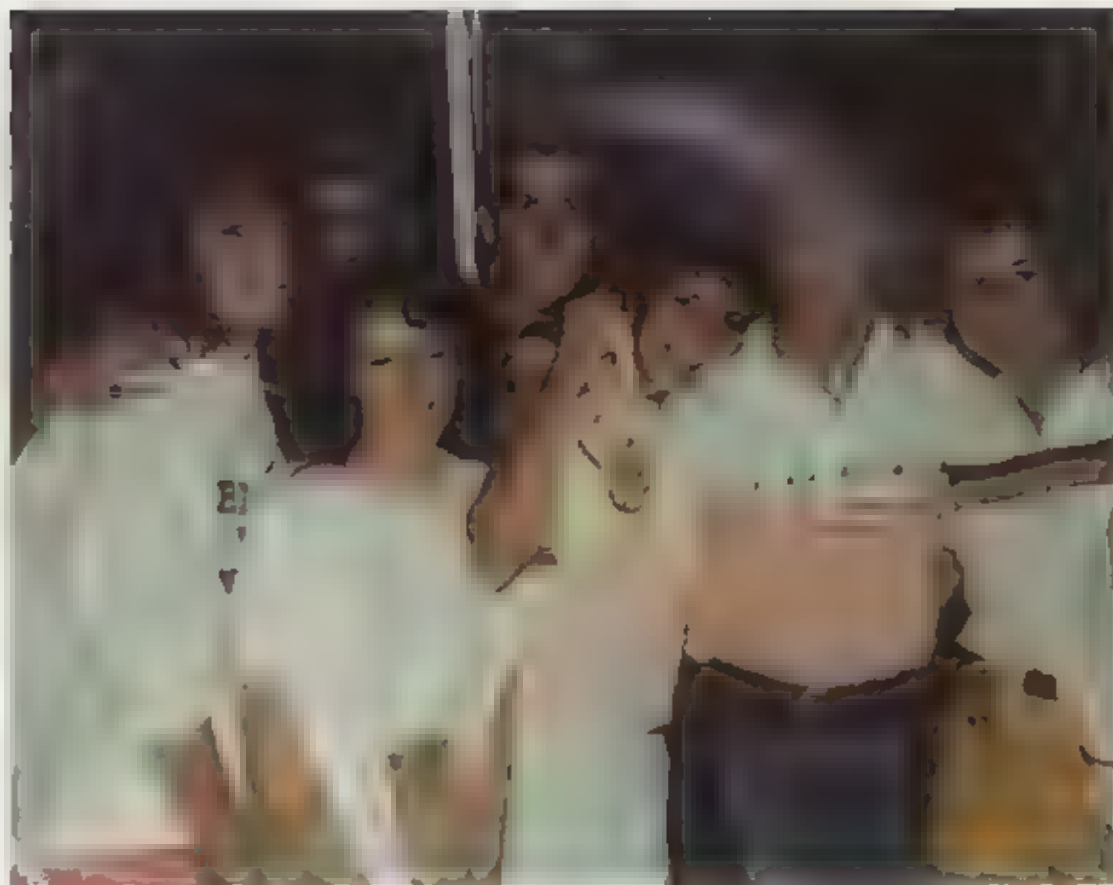

# S.B. or Bust

UC Santa Barbara will never be the same since Canyon's ASB cabinet invaded it for three days over the summer. The annual leadership camp they attended, held on this beautiful campus in Santa Barbara, helped them understand their responsibilities and also brought them together and strengthened their friendships. Leadership camp did not just involve going to workshops but also making friends with other cabinets and swapping ideas with them. Some of the highlights of the camp were the dances and volleyball games we participated in. But, there was one event that took place that no one will forget and that was when Peter Vidmar, the Olympic gymnast, came and presented a workshop on "The importance of setting goals."

The 1984-85 cabinet members and advisors in order left to right. Top row: Carole Coffman, Jeff Nullmeyer, Dave Bae, Robert Hernandez, Larry Hines, Anna Horn, Clark Cressman, Steve Alevizon, Kirk Hermann

Mr. Dunne. Middle row: Shawn Potter, Kristin Ballard, Amy Curley, Annabel Cook, Shanna Edwards, Becky Bolander, Mike Fakow. Bottom row: Robby Melon, Lisa Nastasi, Brett Hatz and Paul Pisciotta. Amy

Curley and Becky Bolander take a look at the campus from a birds eye view. A dream comes true for Lisa Nastasi and Jenny Todd

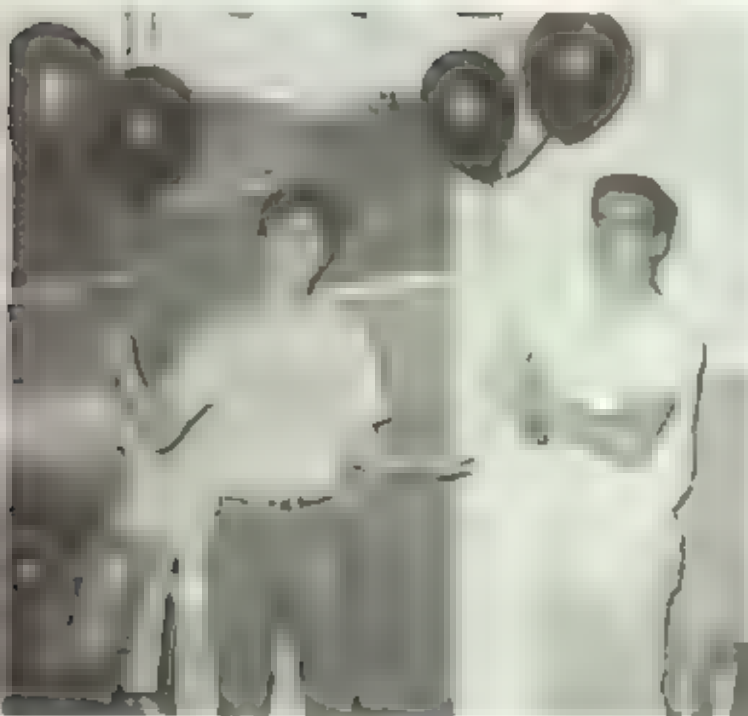

Peter Vidmar gives a glimpse of the gold to the cabinet. Thanks for your support! Mr. Dunne and Ms. Clarke. Jenny Todd, clean up that mess! Anna Horn and Kristin Ballard can hardly wait to get there! Mike Fakow, looking lost, says, "Which way are the workshops?"

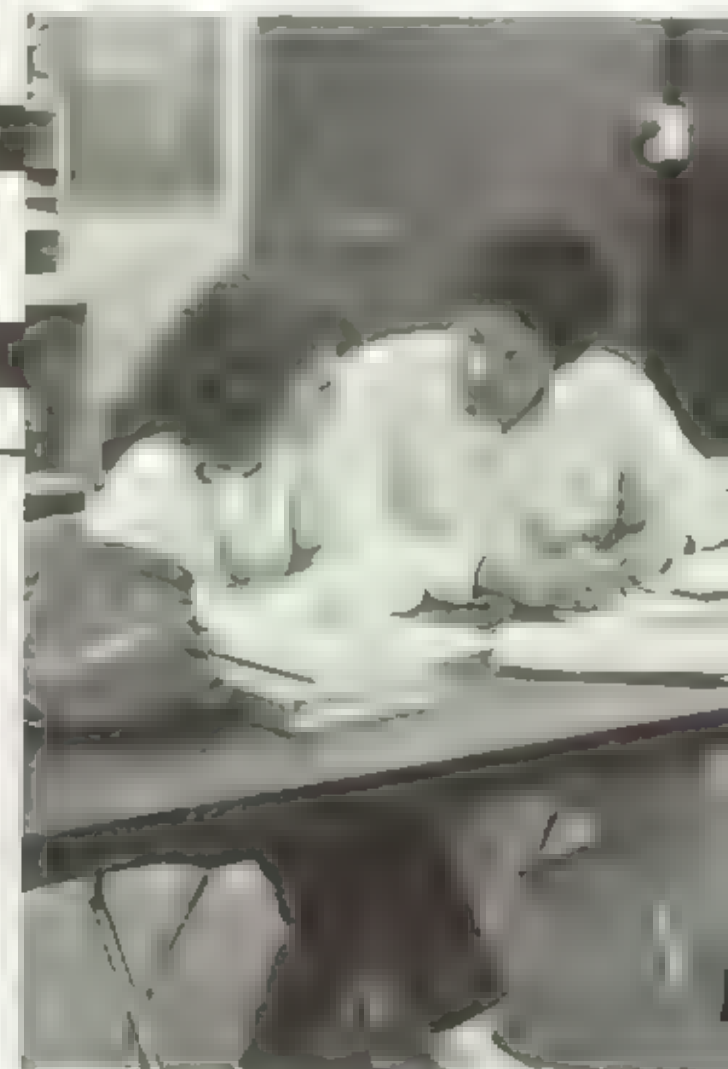

## Work and Play for ASB Cabinet

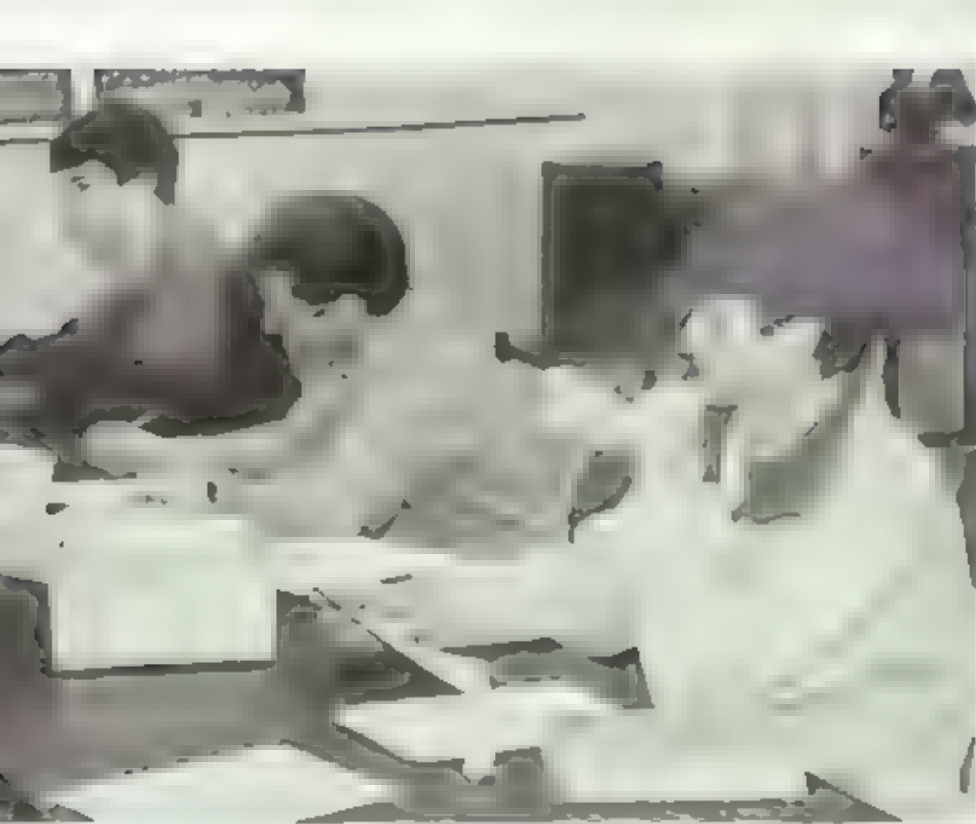

The 1984-85 A.S.B. Cabinet kept themselves busy doing many things for our school, yet they never forgot how to have fun! Each member had their own special job to do. Mr. Dunne, the advisor, required each member to set quarterly goals and keep a sheet on what they accomplished during each week. Although this takes a lot of hard work and dedication, being on the cabinet is a great experience! Fun times and lots of friendship were formed as the cabinet members helped each other through the year, completing their job well done!

Ben and Amy leading ideas with some of the Elmo cabinet members. Ben has the idea of some "Happy for take off" Mr. Dunne dream along with him to be over the school. Andrew, Robert and Robert are also working on their business plan and are working on their school greetings.

Kira Herrman, Kaitly Mellon and Mr. Dunne participating in a firm meeting. Poppy and her sister, Annie, training a group of students and adults. A lot of buddies with an assembly become a success. Shanna Edwards and Jenny Tuck, enjoying a barbeque at lunch. Work never ends for cabin members Amy, Alex and Anna. Even hanging lights can be fun for Brett, Becky and Kristin.

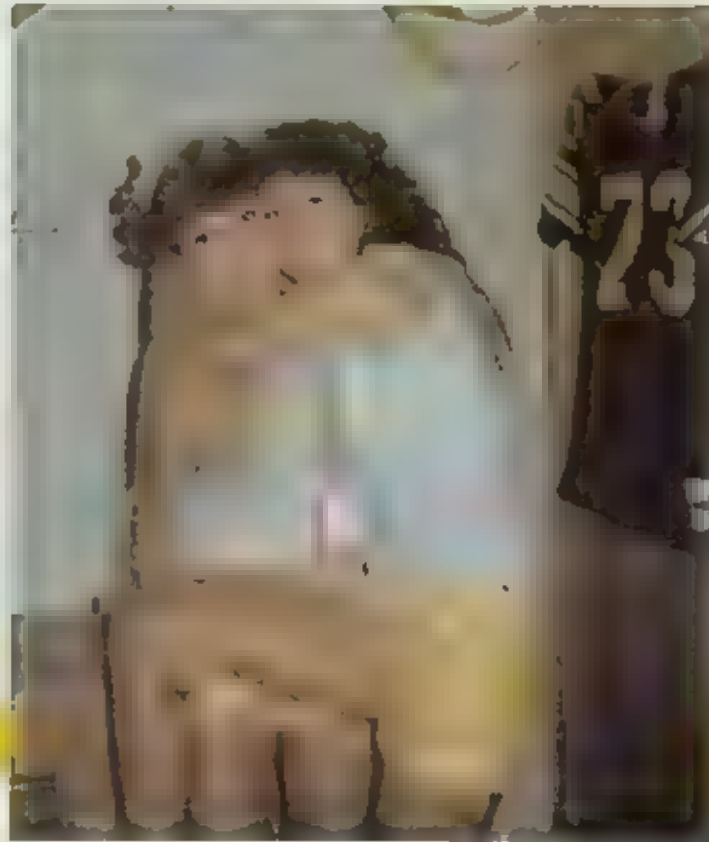

# Summertime Spirit

School is out, camp is here, practice begins, it's time to cheer. On July 25 the newly elected pep squad attended the world wide cheerleading and songleading U.S.A. camp at Whittier College. Camp is the time when everyone becomes united together and everlasting friendships begin. The four days were filled with exercises, cheerleading workshops and difficult song routines. Everyone came home with various awards such as trophies, ribbons, banners, and of course the spirit stick. Not only did we come home feeling excited about our accomplishments, we left with life time memories.

Amison gives a surprised look as she brushes her teeth. Jennifer Kester, Heidi Simpson, Amison and Lynnsey Cooper finally getting a chance to sleep after a hectic workout. After winning the trophy award, the varsity songleaders show their values. Crowning around as usual are Brielly Waithall, Correen McCutcheon and Abby Gray. Opposite page The sophomore cheerleaders showing us "the spirit stick" we all tried so hard for. Here we see a bunch of beach bums all ready to perform a song routine "Fun, Fun, Fun" by the Beach Boys. Mrs. Hopkins (Floppy) already with her clip board advising us through the camp activities.

The boys in the band never missing a beat  
Basketball and wrestling aren't the only talents these guys  
have hidden in them  
As we can see the Tall Flag girls have reached their  
heights  
If they only knew who the kissing bandit really was  
Showing off their sexy legs with an incredible pyramid  
Cheering frantically is the Junior class  
Getting ready for the competition, Lisa  
Nastasi is on the microphone as usual  
All smiles are the three Senior girls

# We Can't Hide Our Comanche Pride

The second period bell rings and excitement fills the air. Maybe it's because all of the classes are a little shorter or because we can use the extra break time for sneaking down to the donut shop for a late breakfast. The better reason for the pep assemblies is for the whole student body to get together and have some fun. It's a time to scream and shout, get all hyped up, go crazy and revive the C.H.S. spirit over again. The cheerleaders, relays, skits, class competitions, and pep routines are all a great part of what makes your years at Canyon, one to remember.

# Let's Get Excited

There's nothing like the Canyon Pep Squad to get everyone excited. These hard working girls are some of the busiest on campus. They must plan assemblies, paint numerous posters, cheer at all the various sports events and not to mention the hundreds of dollars they must spend for uniforms. This bright group of selected girls, dance, yell, and use their energy performing for their ever present audience. By showing their enthusiasm, they arouse crowds and bring happiness to all. These special feelings a cheerleader experiences are ones she will never forget and the memories of that year will always be cherished.

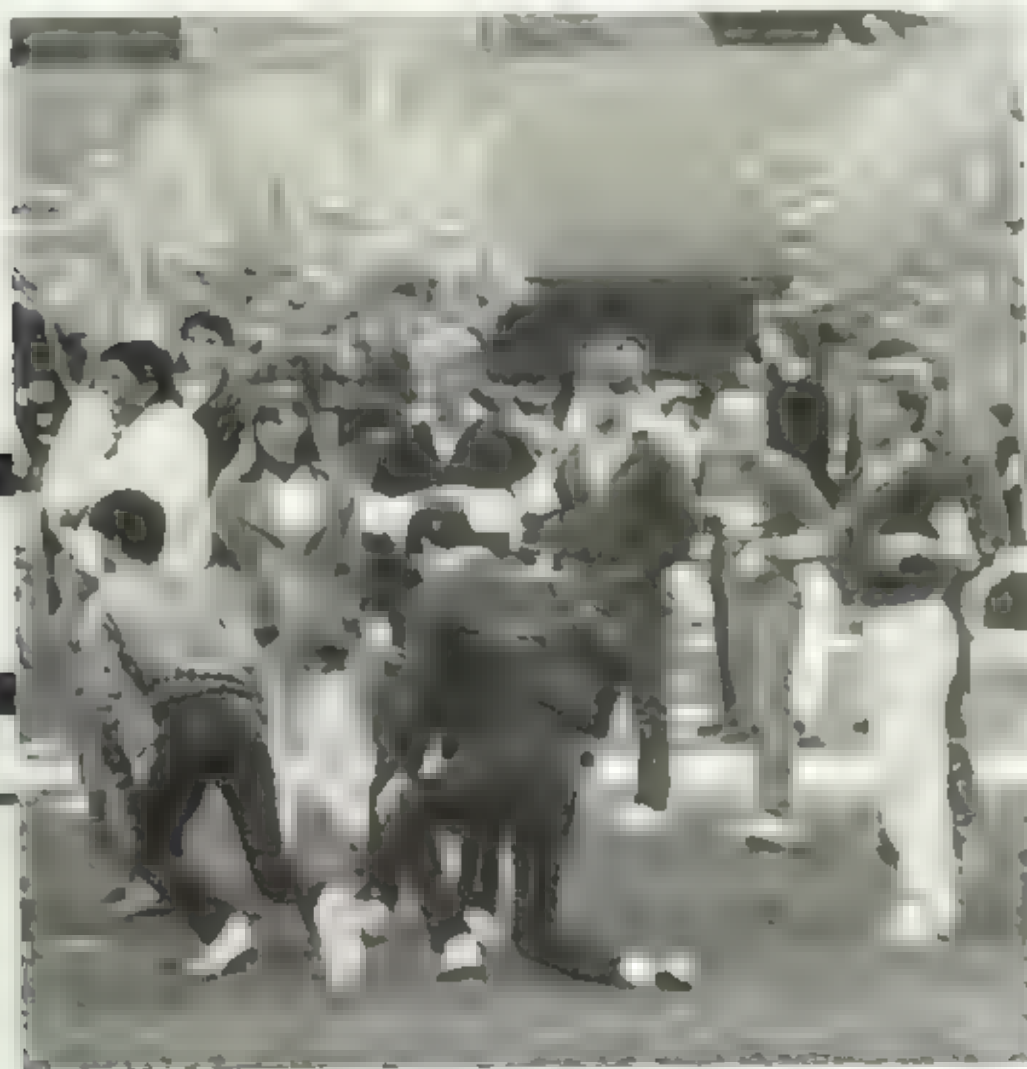

Kim McDonald, Lynnsey Cooper, and Jody Gray applauding for the new football team. Dave Vautrin and Ami Ison, the 84-85 Mascots in action. Cheering frantically the Varsity Pep Squad is all fired up for the competition cheer. Crazy Dave jamming it up as usual. Colleen McGinnis and Row-Ru Lin show their cheerleading abilities. "Let's Go Crazy," with the songleaders routine Jennifer Davis, all smiles at a Comanche win. Michelle Durst, Mandy Miller and Kathy Lodes smile for the camera. "We Are Bad!"

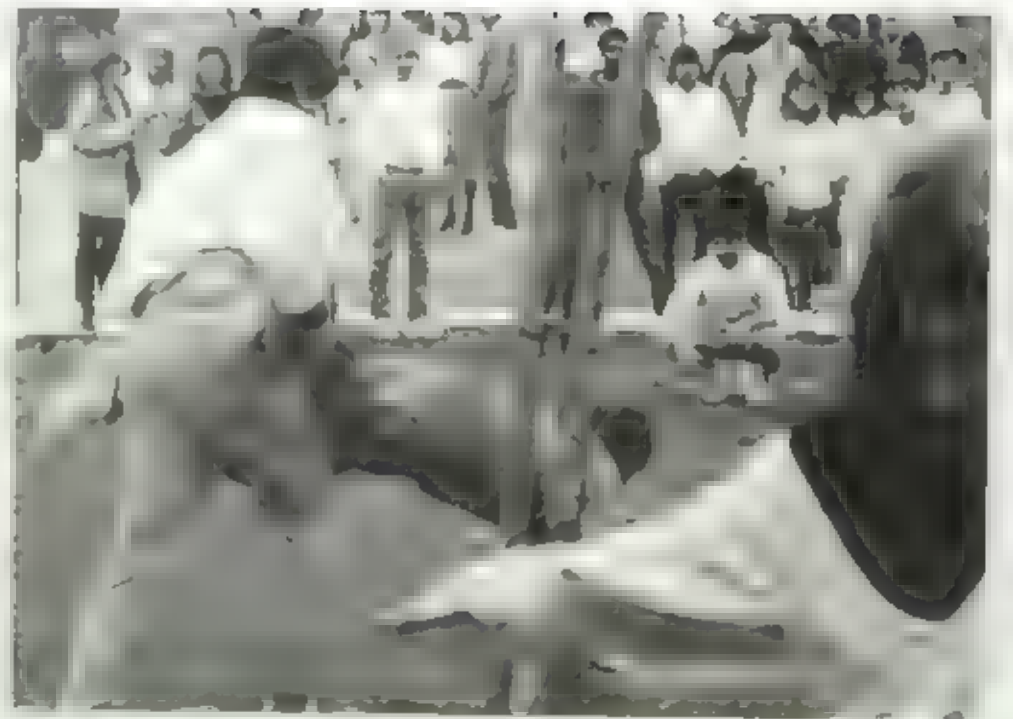

# Competitive Classes Scream and Shout

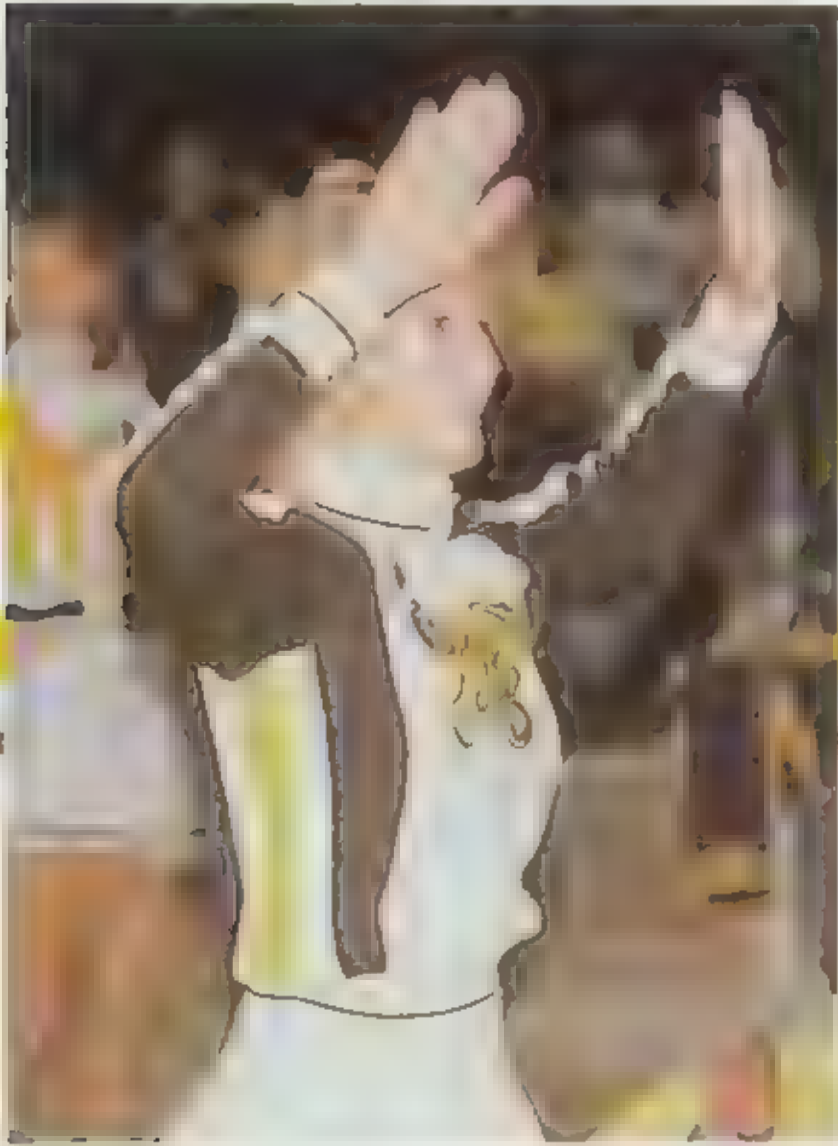

What is a class competition? Why do you like them? Is it the thrill of competing against the other classes? Could it be the constant rivalry of the Senior class and Junior class during the competition cheer? Who can yell the loudest, win the races, act the craziest, dress up, hold up signs, and all together get ready for the competition cheer. The feeling of tense competition rises as each class tries to out do the other and prove to each other who has the most spirited class to win the "Comanche Headress."

Tied together like siamese twins our junior and sophomore competitors left in the dust by the seniors! Curt Duncan and Kirk Hermann leap their way to the finish line. Eric Mazon and Paul Pisciotto show their leaping ability. Vautran stuffs his face with Teresa Helmick's help. Making like a human wheelbarrow Robert Hernandez and Shawn Potter head toward the finish line. Preparing for the final dash to the finish line. Getting ready for the legged race, the confused sophomores are told where to go. Getting dressed for school. Curt Duncan can't decide what to wear.

# Number — One Fun

Being on the Canyon Pep Squad is definite—a number one way to have fun and get excited. Along with the hard work involved with being a cheerleader, there also comes the reward of cheering your team on to the thrill of victory or sharing with them the agony of defeat. You lose your voice, pull muscles, break into a sweat . . . and you love every minute of it. As a matter of fact, it's so much fun, you come back the next year to cheer at the Homecoming game. The four squads spearheaded Canyon's spirit drive with pep rallies, lunchtime shows, and leading the crowds at the games. The 1984-85 Pep Squad will be remembered for their combined funniness as well as their individual uniqueness year after year to come.

Left top: The 1984-85 Pep Squad. Top row, JV Cheer: Kathy Lodes, Julie Fick, Mandy Miller, Michelle Durst, and Jeni Darst. Soph. Cheer: Alison Johnson, Tanya Vince, Renee Fuscardo, Tammy Schierberl, Linda Ahn, and Jennifer Webber. Middle row, Varsity Cheer: Jody Gray, Colleen McGinnis, Krsten Olsen. Varsity Song: Jennifer Davis, Tracey Hunter, and Heidi Jeppson. Front row, Varsity Cheer Cont.: Lisa Lucas, Shelly Walthall, and Yow-Ru Lin. Mascots: Ami Ison, and Dave Vautrin. Varsity Song Cont.: Lynnsey Cooper, Jenny Kastner, and Kim McDonald. Our little mascot is Ariana Hopkins. Not pictured are, Karen Owens and Kari Hust. Bottom left: Here we see Krsten Olsen all prepared for a jump. All fired up is the Canyon Pep Squad, having a blast during the Homecoming Half-time. Top right: Julie Fick and Janel Harris show their spirit at different angles. "Let's fight!" exclaims cheerleader Jody Gray. Jumping High is Colleen McGinnis with all the excitement. Stretching before the football game is very important for the Songleaders.

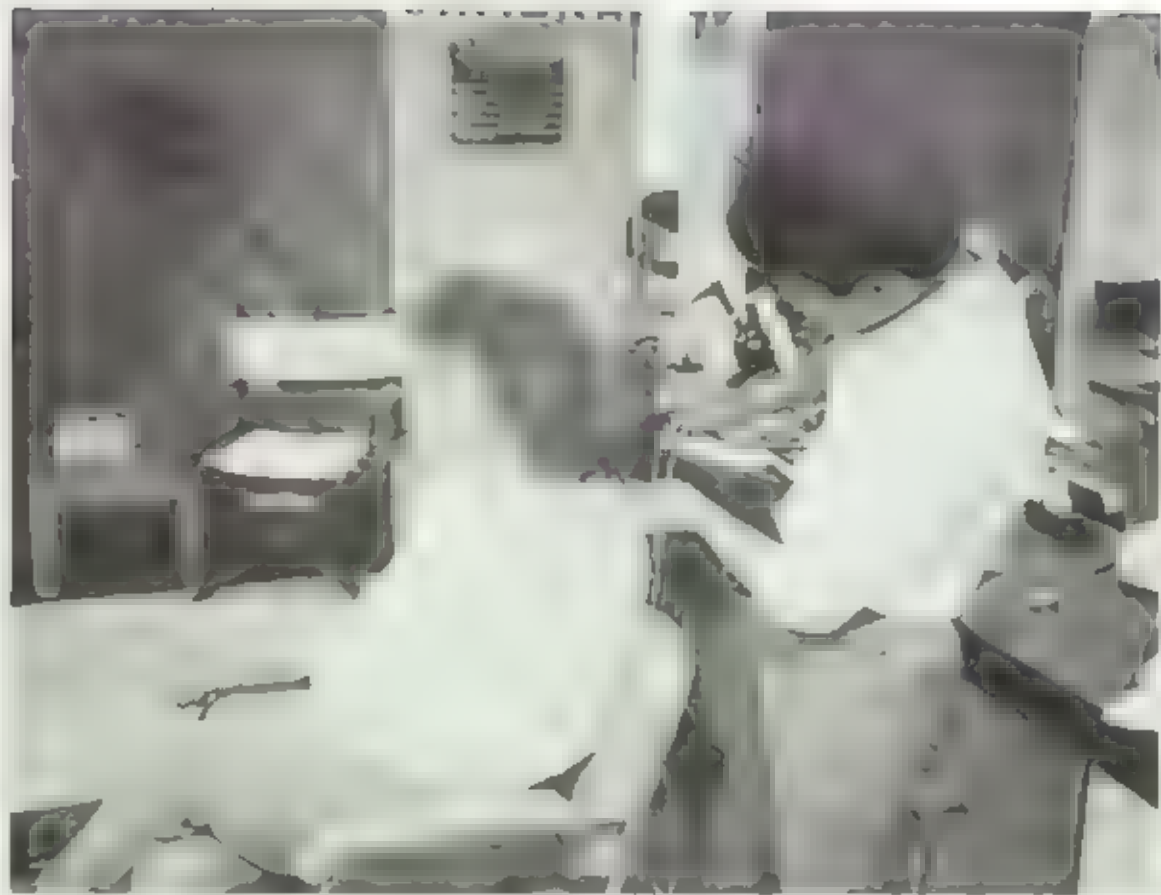

## The Best Is Yet to Come

It's 7:15 and I can hardly wait till the doorbell rings! I've been ready for almost an hour and it's finally time for him to pick me up. This dance is going to be so much fun, the guy I've liked for a long time finally asked me! What luck, I found the perfect dress and don't even think anyone else will have the same one. To top it off my hairstylist made my hair look even better than I imagined! So far everything has gone so well and The Best Is Yet To Come!

*Pam Muesse carefully pins her date's boutonniere. Chris Jeppson and Pam Muesse, going in style. Ed Procter admires himself as he puts on the finishing touches. Marci Miller getting ready for the big night! Looking picture perfect, here are the final results. Annabel Cook is relieved to see that her date remembered the corsage. Jeff Nullmeyer helping his date into the limo.*

Heidi Jeppson and Daniel Licon enjoying the court dance  
 Keith Williams and Susan Buckel dancing the night away  
 A Romantic moment between two lovers! Bennie  
 boogies to the beat! Jeff Fuerst helps his date put her  
 gloves back on and hit the dance floor King Shawn Stine  
 and Queen Danyell Rogers, Canyon's Royal couple  
 Danyell Rogers, the 1985 Winter Formal Queen, and  
 some of her court after the big announcement Valene  
 having fun on the dance floor!

The Senior Class of Canyon High School cordially invites you to attend, Winter Formal Eighty-Five. "The Best is yet to Come." On Saturday night, the twenty-sixth of January, over 160 couples arrived at the Newport Marriott Hotel for a delicious Chicken dinner and dancing with the K.N.A.C. D.J. The dress was semi-formal with Burgundy, pink, and silver, setting the mood for a very romantic evening. The Senior Class officers made everyone's evening a night to remember, with many special extras and a caring personal touch.

# Magical Match Making

On Tuesday, March 12, you could have tuned in to the "Dating Game" in Canyon High's cafeteria from 7.30 pm-9 pm. It was a fun-filled evening for all, with bachelors and bachelorettes from our home school, Canyon High, and also from El Modena High. Lisa Nastasi played the game show MC and hosted all four games. In the first game, Robby Mellon, Canyon's Bachelor, asked questions to three beautiful bachelorettes who attended El Modena. The second game was played with three of Canyon's finest bachelors: Brett Hatz, David Vautrin, and Mike Falkow. The young El Modena bachelorette after asking many tough questions, finally chose Canyon's bachelor, Brett Hatz. The next game consisted of three beautiful bachelorettes from Canyon. They were Lila Naffa, Mandy Miller, and Angie Nelson. Lila Naffa was hand picked out of all three beauties. Jennifer Davis, the bachelorette from Canyon, asked questions to three young bachelors from El Modena in the last game. All winning couples from the "Dating Game" were given dinner for two at one of these fine restaurants, Mimi's Cafe, Black Angus, Cask-N-Cleaver, or El Tonto. Also, a big thank you to Jenny Todd to whom without there would be no "Dating Game."

# THE DATING '91

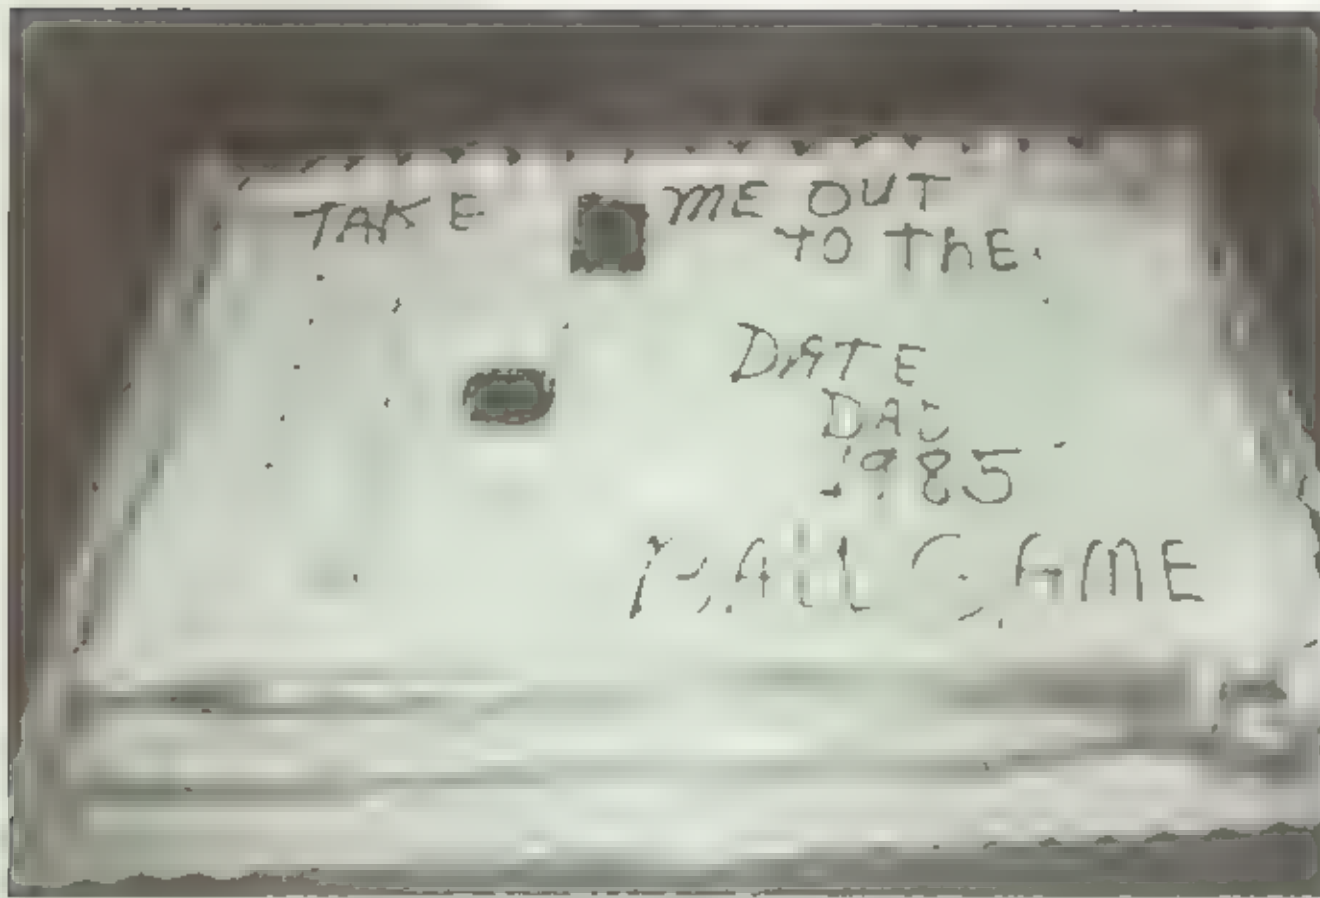

■ Brett Hatz, "You've got to be kidding." Lila and Angie enjoying a good laugh at an embarrassing question. El Modena bachelorette, looking surprised, as she hears her name. I can't hear you! The happy couples throw their "Goodbye Kiss" to the audience. Brett Hatz gives a gasp of surprise as his two competitors, Dave Vaulrin and Mike Falkow congratulate him. Nervously playing with her ear. Mandy Miller answers the question. Elmo bachelors congratulate the lucky guy!

# Take Me Out to the Ball Game

On February 1, Girls' League held their Annual Date Dad. Girls took their dads to dinner and to watch the Comanche basketball team play El Modena. The drill team, along with their dads, performed during the game at halftime. The entertainment during dinner was by Katherine Wright who did a beautiful job playing the piano. Pictures were taken to remind those who attended of the memorable evening.

*Take me out to the Ball Game* was the theme for "Date Dad 85". A night out on the town for dinner and a game to show off your dad. Jeni Darst and Kim McDonald enjoyed themselves as they got their dads something to drink. Daughters and Dads getting to know one another over a yummy dessert! Everyone can join the fun taking a picture with their dad.

# Local Hangouts

Have you visited any of these three places lately? Well, if you have you probably ran into a few other Canyon students there! These places, Penguin's, Christy's and Lampost are just a few of the "Local Hangouts" of Canyon High Students. For breakfast, Christy's is the place You can enjoy a few donuts and talk to your peers. Penguin's, the after school or nighttime snack. Can't you just taste that creamy frozen yogurt with those delicious toppings! Lampost is the after game stop for many of our athletic teams. They kick back eat pizza and watch the video of their game!

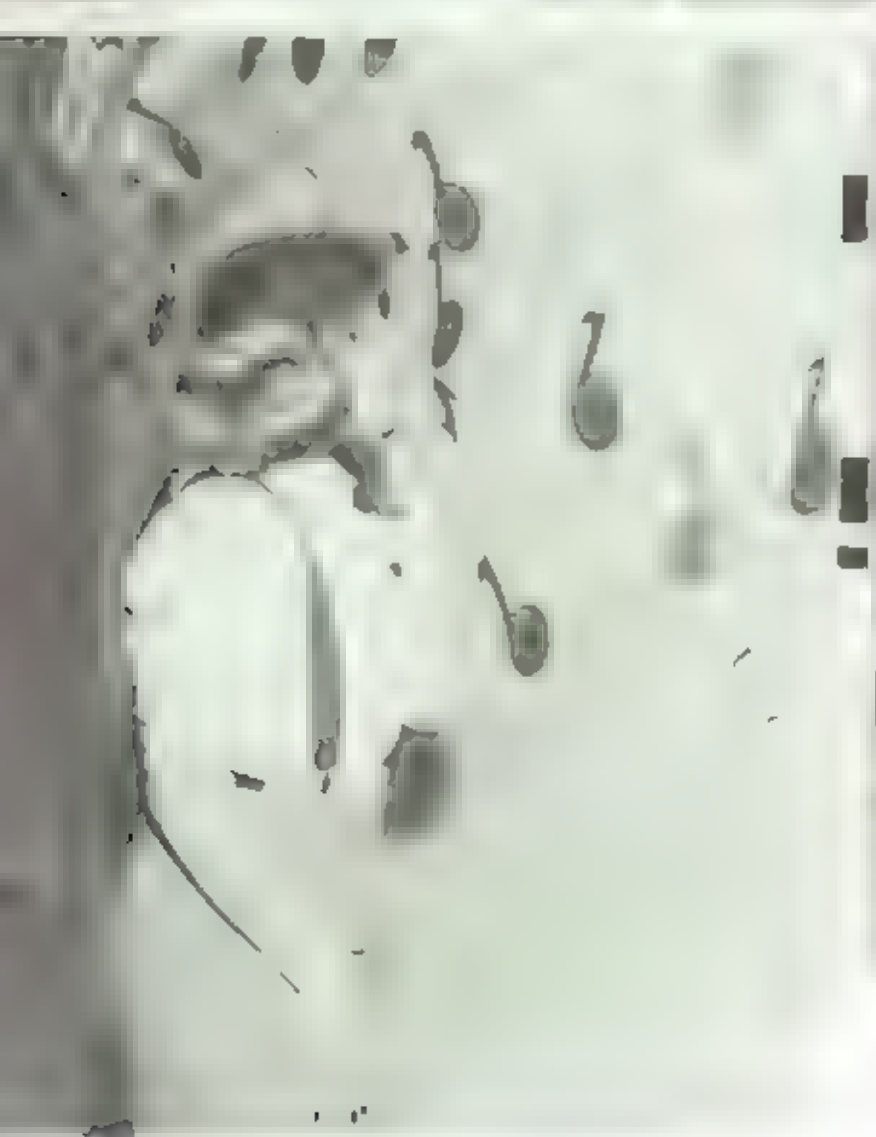

When you need a break, join the many students who take their break at Penguin's frozen yogurt! Christy's, Canyon high's favorite morning treat! Come join the sports teams at Lampost pizza, as they celebrate and watch themselves in action. A highly unusual scene at Penguin's usually there is a long line!

# The Rush Is on

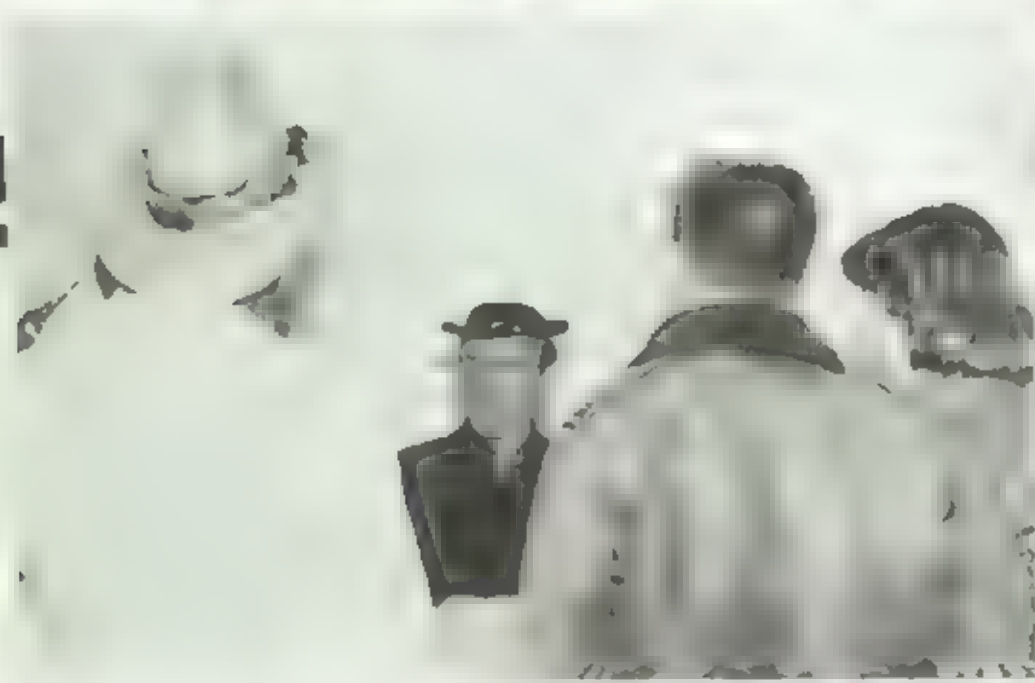

Girls rush in with thirteen dollars in hand, to purchase their Sadie Hawkins tickets. Thanks to Girls' League our decorations were a hit. The dance committee puts on the final touches. The Country Jamboree is for everyone to see. Joanna and Steve finally found their own musical note. Wayne Elmore and Missy Lolquist decide on what picture packet to buy. Linda Althin searches for her long lost song note. The Hot Shot photographer arranging the couple around the hen.

# The Country Jamboree

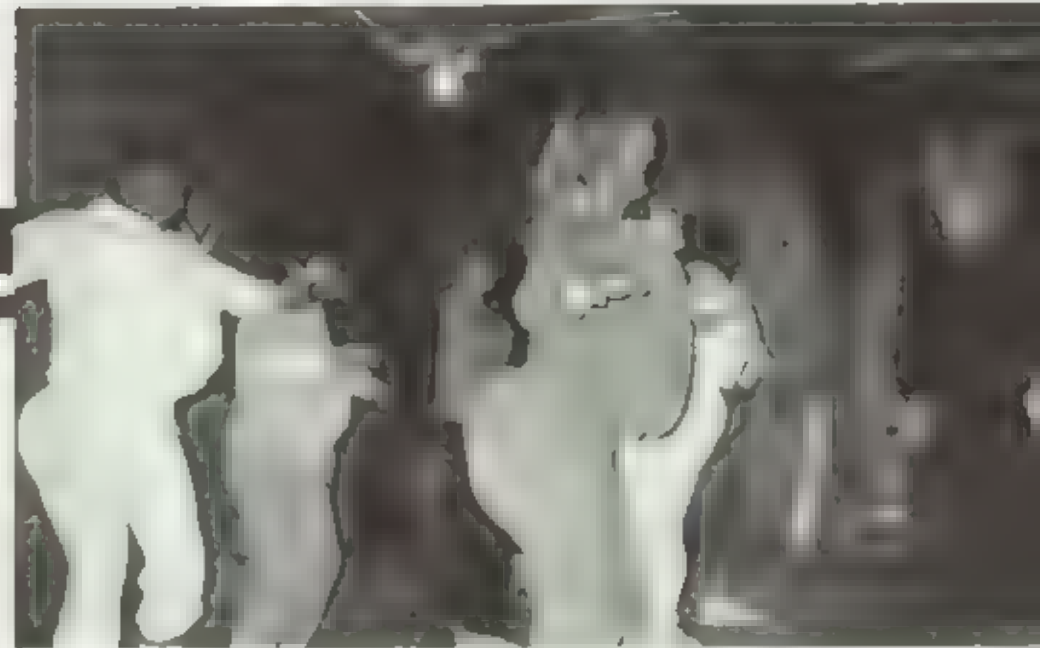

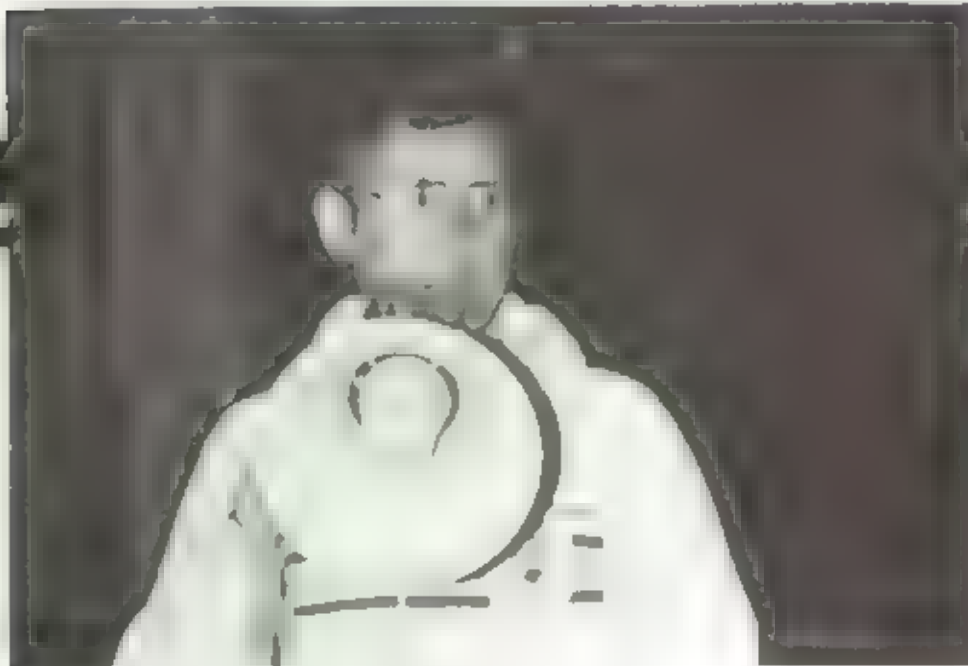

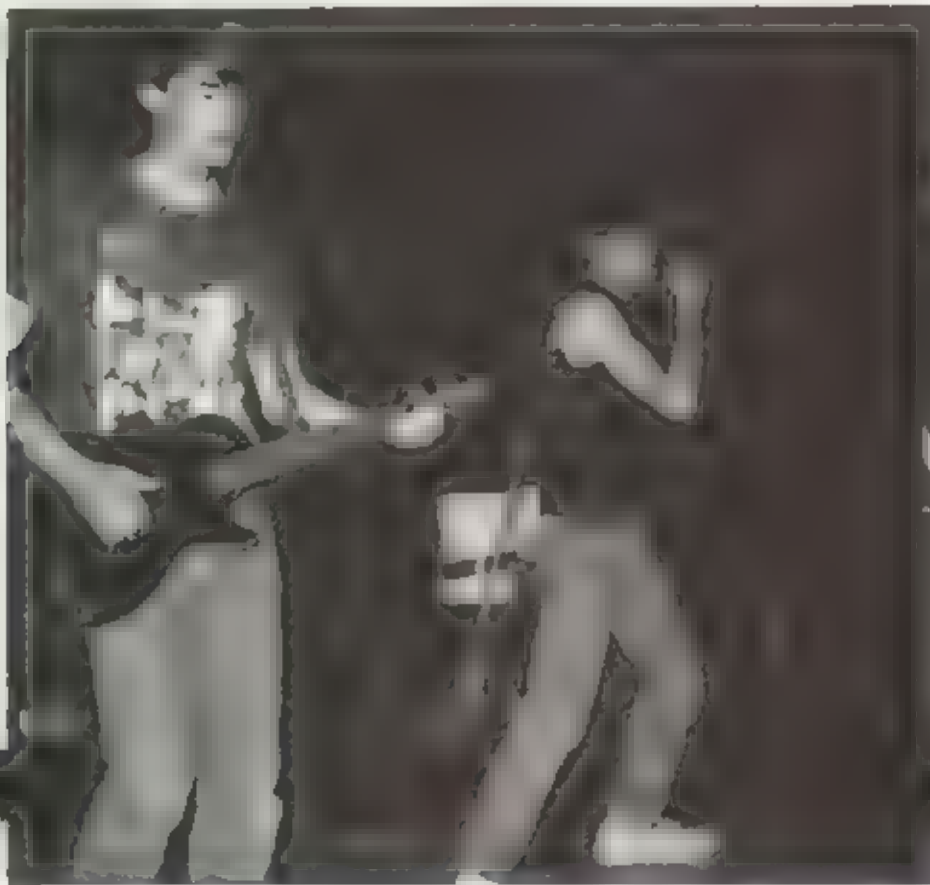

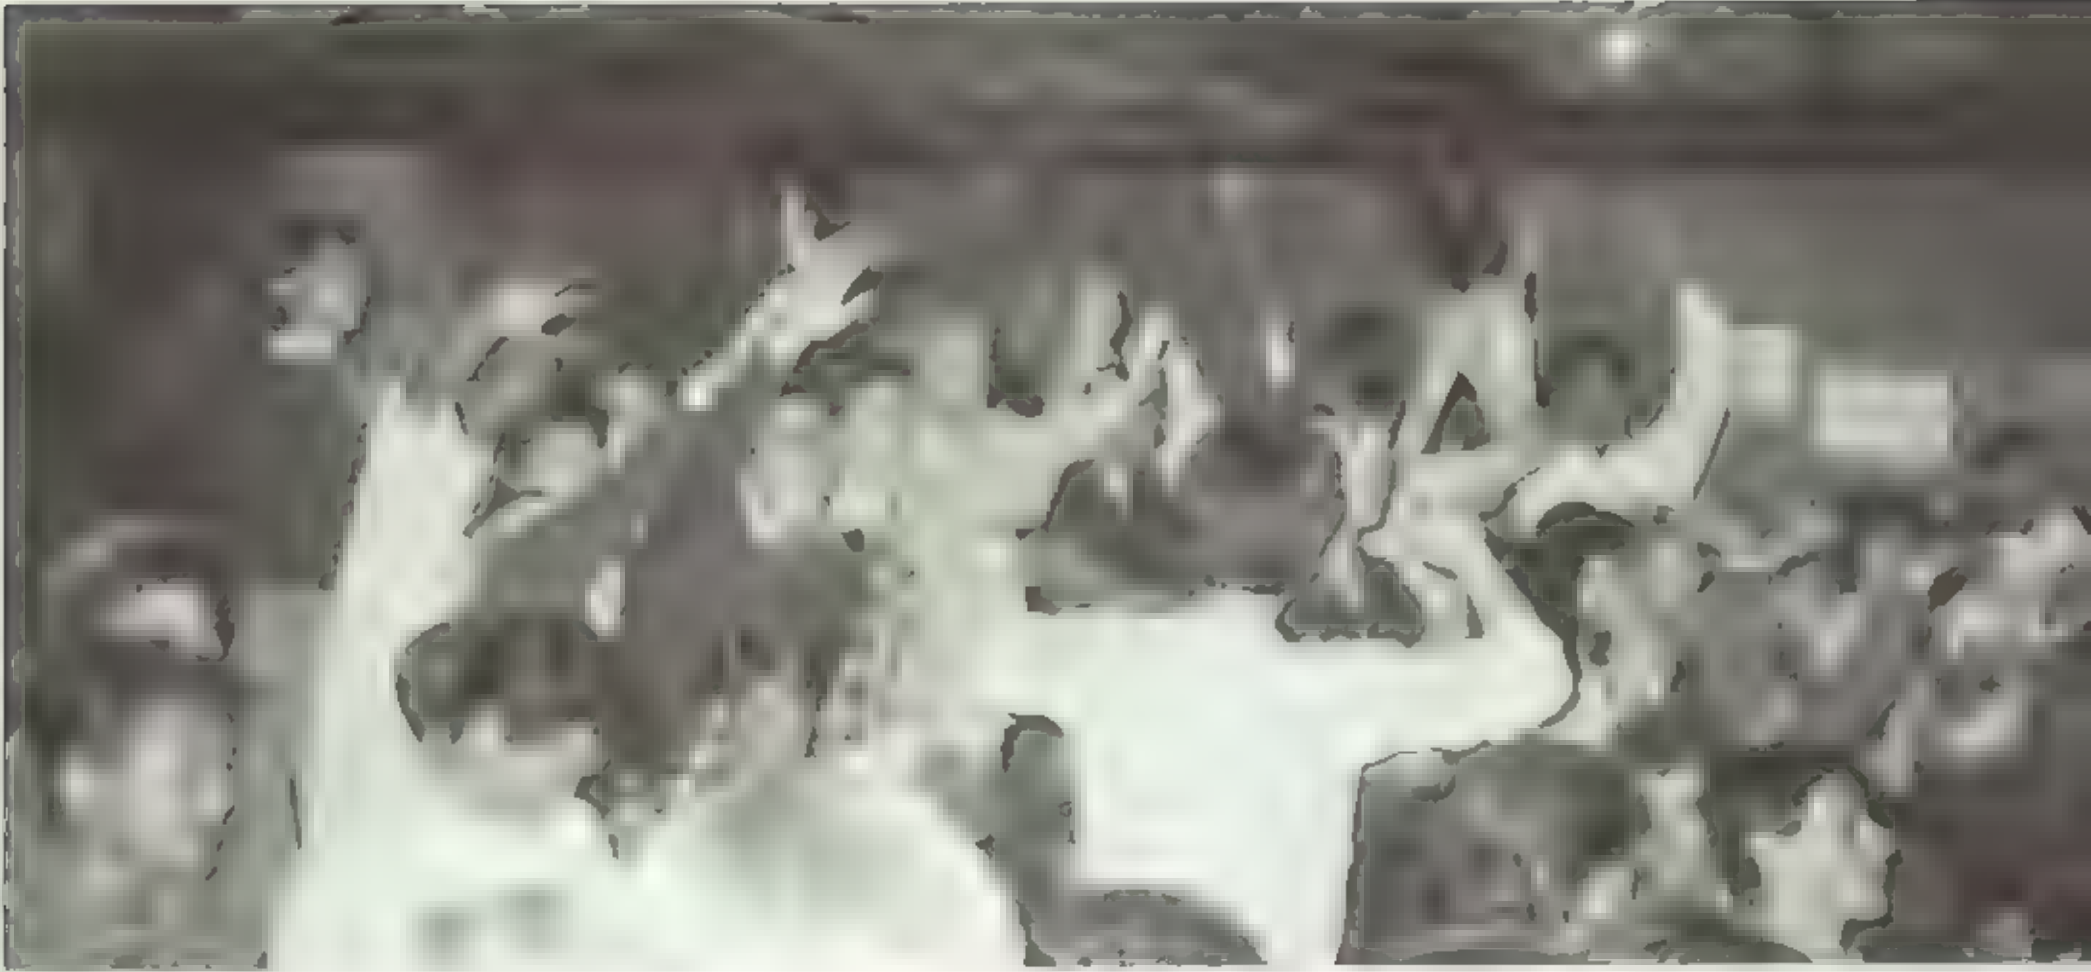

The Country Jamboree was held on March 16, from eight-thirty to eleven-thirty in the Canyon Cafeteria. The theme song was "Crazy For You," by Madonna, with K N A C as the evening's D J. The girls asked their favorite guy and took him out to dinner in their matching outfits to one of the popular western places like the Barn or the Crazy Horse. During the dance, couples could get married in the church by our own preacher Mr. Dunne. Pictures were taken by Hot Shot Photographers, and the Sadie Hawkin's dance was a big hit, thanks to the hard work from Girls' League

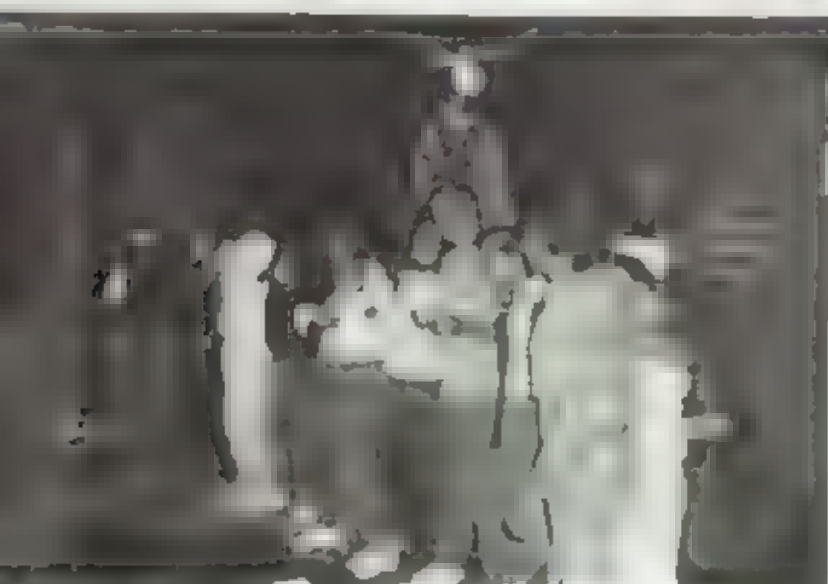

The country couples sit and gaze into each others eyes. Karen Burke and Steve Hanzo take it easy during a slow dance in the gym. Len Macmillan and Pete DePazza dancing to the theme song "Crazy as You" Len Schmever and Anna Lee Cook having fun at the Country Jamboree. Matt and Sam Lubbe performing the wedding ceremonies. Little Abner, Daisy Mae and their country style court. The whole gang was rounded up and all a smile for the country group shot. Don Preble and Diana Risco are smiling after just being crowned Little Abner and Daisy Mae last year's Little Abner hands over his straw hat to the new Little Abner Don Preble.

The crowd goes wild after seeing an entry in the talent show  
Curt Duncan and Rod Bigner perform a lip sync to U 2  
HAY is for horses  
Looking a little bewildered Mr. Dunne attempts to call the troops to order  
1 - 2 - 3 - 4 come on you guys and jump some more!

#### Camp Rap

By Aaron Kerper

Blow up a shower  
Round about five  
flooded the place  
and that's no jive

Get a lot of flak  
from the people you meet  
when you're on a retreat

Sittin' with the boys  
round about the cabin  
Hearin' country  
with a lot of knee slappin'

Gary says he's a fan of Black Flag  
But for most of us it's a lot of jet lag

You can tell me this  
you can tell me that  
But as far as I know  
This raps down pat

We can sit and watch  
a movie or so  
but nobody knows  
how many reels to go

The girls at camp  
They're really fine  
Use the guys bathroom  
all the time

They don't take flak  
for you see  
They don't need none  
especially from me

Got a guy named Jackson  
across the hall  
Who's there to tell us  
Don't bang on the wall

Camp is fine  
There is no doubt  
but when you're in to eat  
Your stomach is out'

This is the end  
of this song  
and I hope I didn't  
Do no wrong  
to the fine people  
that run this place  
Cause when you're out at night

# Leadership '85

March 22-24, 1985 the best weekend to hit Canyon High! It started on Friday morning with a bus ride up the mountain. Yet for the ASB Cabinet it started months in advance planning for this great weekend. This weekend was filled with many events and workshops including: Rap Sessions, Zoo Groups, a "Hula Hop" dance, movie. The 108 students who attended really enjoyed themselves and had fun learning how to be leaders on Canyon's campus

*The fearless chaperones!  
Viewers interested in some of Canyon's talent  
A few students relaxing on the couch during Orientation  
I think I'm feeling sick!*

**T**he teachers at Canyon enjoy their lunch in the cafeteria

**U**nder the hot sun Mr Yim does his paperwork outside

**T**eaching his science class Mr Hamel explains what they are going to do the rest of the week

## *a part of it all*

**O**verwhelmed with laughter Mr. Long returns last night's homework assignment.

**R**eally is Mr. Pycor THIS strong?

**S**itting behind his desk Mr. Dunne tries to eat his lunch before he is disturbed

Most sophomores who run for a sophomore office are inexperienced in A.S.B., but not this year's sophomore President, Kirk Herman.

Kirk was ninth grade President at El Rancho and enjoyed it very much. This year being President is different though, there are a lot more responsibilities. For example, Kirk is to make sure the other sophomore officers do their jobs. He also represents the sophomore class at A.S.B. meetings and is in charge of sophomore spirit day.

It is obvious that Kirk can and will do a lot for this sophomore class.

## Sophomore Spirit Soars

This year we have a new addition to the sophomore class, Mr. Bowden. He is the new sophomore class advisor.

Mr. Bowden feels he can offer the sophomore class leadership and direction. Which is what the sophomore class really needs.

Mr. Bowden enjoys advising the sophomore class because they have a lot of spirit. He feels their going to be the best sophomore class ever at Canyon High.

Each year in September the sophomore elections are held

The offices include President, Secretary Treasurer and Commissioner

The requirements are that ones G.P A must be at 2.5 or better, no more than one "U" in citizenship and no "F" in any class

A meeting is held for all of the candidates who are informed of the rules of campaigning according to the C.H.S. constitution

This could be a good experience

## Once in a Lifetime!

Did you hear about Judy? Do you know what happened to Bill last weekend? Notes — Notes — Notes!! Sophomores spend a lot of time, writing notes and keeping up with the latest news

Your sophomore year is an exciting year for everyone. Driver's License and jobs are right around the corner and free — dp, begins!! Weekends seem better, even going to school doesn't seem so bad. Then comes your Junior year and school starts to get old. Along comes your Senior year and graduation day couldn't come any sooner

Everyone misses their sophomore year. There are so many memories that one will hold onto for a lifetime. So sophomores, enjoy, you'll only be a sophomore once!!

This year's sophomore class has an identity all its own. From its looks to its spirit. They seem to have every type of style out in today's fashion world.

Everyone knows who the sophomores are by their "Chic" style. They're also the loudest and most spirited sophomore class we've had here at Canyon in several years.

The way they're going, Canyon is going to be very exciting the next couple of years. Good going sophomores!! Not only do you have looks and spirit, but most of all, a unique style.

Being a Sophomore means adjusting to a lot of changes. You now find yourself at the bottom of the line and have lost the security of knowing everyone in your class. You have to start all over ... again. Here at Canyon we have incoming students coming from El Rancho and Vista. This makes for a much larger class than what you are used to. Though the class is big some students still find

Each year a Sophomore Orientation is held to acquaint the incoming students of the school policies and campus. This year's Sophomore Orientation was considered quite successful and was estimated that 90% of the Sophomore class attended. In the cafeteria members of the A S B spoke as well as Dr Jackson, Mr Day and Mr Dunne. Also members of the Pep Squad performed a couple of routines. After the meeting members of the Cabinet, Key Club and Girls' League took the Sophomores on a campus tour. Overall, the day was quite successful since it was the first time we tried this kind of day.

## Watch Out Here They Come.

Here at Canyon, Drivers' Education is offered. The students that are eligible for Drivers' Ed must be at least 15½ years old and a Sophomore. After taking Drivers' Ed, behind the wheel is usually a follow up program from Drivers' Ed class. Behind the wheel lasts for nine days, two days in the simulators and seven days in the actual car, for two hours a day. Students are issued permits as soon as they know the Vehicle Code Book. A new program has been started here at Canyon where the DMV will come to Canyon to give the students the test and issue their permits here on the spot.

## ELECTION 84

At last, the endless and surreal campaign would come to rest upon a hard fact: The vote. It would be decided Americans would arrive at the polls that matter, the ones that are actually wired to a consequence. The presidential race, like some old tribal agitation, had been noising around the landscape for almost as long as anyone could remember, so it seemed, through snowy primaries and caucuses through the various carnages of Iowa (Glenn nearly gone) and New Hampshire (Hart a sudden phenomenon, the "Mondale juggernaut" confounded), through Super Tuesday and Farrakhan through Jesse Jackson's "Humietown" and San Francisco and Dallas and Louisville and Kansas City and on and on. The campaign had come to seem a sort of

fixture in the American mind, like a long-running T.V. series by Norman Lear. It became a buzz in the background, sharp clusters of words emerging now and then (Where's the Beef? ... "You ain't seen nuthin' yet"), the candidates orating in sound bites as they looped through the media markets. The contest was a procession of internal defeats and victories (Mondale won the first debate, Reagan tied the second and so on), and yet by definition it was all inconclusive, conjectural and a pageant of popular moods capable of changing like the weather. Theoretically capable, anyway. The pollsters monitored the isobars and issued a unanimous forecast: Mondale would be inundated. But to the last, Mondale, with the weird serenity of the underdog, chensh-

ed a mystical, or perhaps merely desperate, optimism. Transpose the last two digits, he suggested 1984. Mondale is Harry Truman, with a handsome, vindictive grim, flourishing the headline of the Chicago Daily Tribune. Conjuring doubts to keep the pundits honest. The great hyperkinetic exercise had come to its final stage like the jitterbugging burst at the end of a '30s dance marathon. It is true that Walter Mondale and Ronald Reagan never entirely engaged during the race. But the long campaign did serve its purpose. In the arduous democratic process-entertainment and enlightenment and blood feud all mixed the characters of the candidates unfolded. There was, God knows, plenty time for the voters to make up their minds.

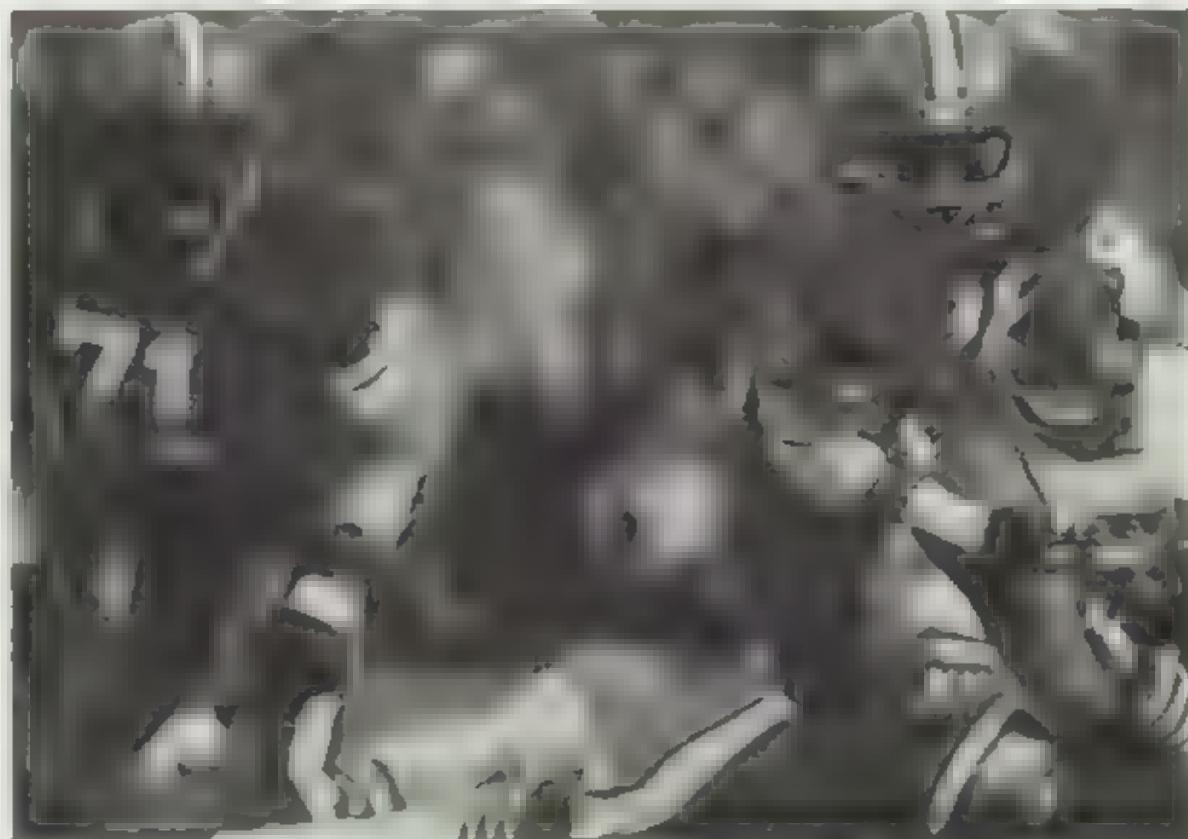

Namaste, in Hindi, means "Greetings to you." It is the traditional Indian salutation, accompanied by a crossing of hands before the face, as if the speaker were offering a prayer. At 9:08 last Wednesday morning, Indira Gandhi folded her hands in front of her face, looked at the two guards standing along the path to her office and said, "namaste." It was to be her last word. Within hours India would be plunged into one of its worst paroxysms of sectarian violence since partition in 1947. As the death toll passed the 1,000 mark, the dominant question was whether the country's new leader, Indira's inexperienced

son Rajiv, could, over the long term, sustain the integrity of the ambitious political patchwork and religiously diverse people. Five days before her death, Indira Gandhi was talking with a foreign visitor about the problems of her country. She did not mention the Sikh problem by name, but she spoke of the need for India to "Transcend its demons" and fight off the fanaticism on every side. One Saturday afternoon her own demon vanquished at last, she was cremated and there by freed, according to Hindu belief, to proceed with the inevitable process of reincarnation.

*Regan in Pennsylvania last hurrah for a political warhorse. Bush presses the flesh in Illinois and admires a loyal supporter on Long Island. Relentlessly optimistic, Mondale gives a thumbs-up sign in Buffalo. Ferraro greets her fans. At her desk in New Delhi two months before her death. His receivers covered. Montana set sail from the Miami six in the second quarter. Though the President was calling, Anderson and Tiger exec, Jim Campbell, flanked by Morris (left) and Gibson, got doused.*

## T H E W O R L D O F S P O R T S

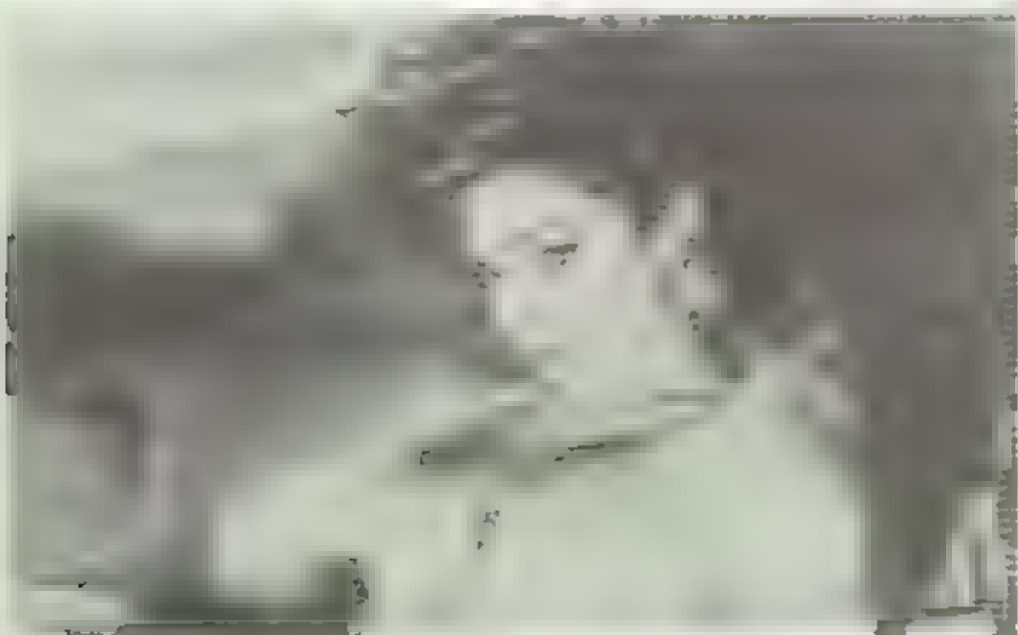

As the ball took off into the night, 25 blessed boys, their manager and an entire city hitched a ride. They landed way up there, high in the seats of the upper deck in rightfield, only a few rows from the top to baseball history. The Detroit Tigers defrocked, with an eald Englisc D, The San Diego Padres 8-4 Sunday in ancient Tiger Stadium to win the 81st World Series, four games to one. And so the Tigers' extra

ordinary season ended as it began they were 7-1 in the postseason, matching the winning percentage of their 35-5 start. Blessings on all of them. In the mass interviews that go with the turmoil and hype of something like Super Bowl XIX, a superathlete like the San Francisco 49ers quarterback, Joe Montana, might appear bland, even a bit dull. But this isn't the superathlete's arena. It's an artificial situation, and a blue-chip

competitor like Montana will coast through it as well as he can. Sadly, there's a segment out there that laughs at 38-16 games, just as they laughed at last year's Super Bowl, which ended 38-9 in what was also supposed to be an ultimate matchup. But it makes more sense to look at something like this and find greatness. Sunday it belonged to Montana.

## Pay Raises Sought for Teachers Supported by Students

Hundreds of Canyon High School students in Anaheim Hills boycotted some morning classes Wed. to protest lack of a pay raise for teachers in the deficit-plagued O.U.S.D. A teachers union official said teachers had no role in Wed. protest. However, the 1,000 teachers in district are preparing to strike "in the near future" if the district does not quickly come up with an acceptable pay raise, said Wilma

Wittman, president of the O.U.E.A. Estimated of the number of student protestors at Canyon High varied. "We just heard by word of mouth," said Joel Notick, 17. No vandalism or injuries resulted, school and district officials said. They said that no disciplinary actions were taken against students but that any organizers might be punished if they are found.

## Orange Teachers to Get Pay Raise

After eight months of negotiations culminating in the threat of a strike this week, the 1,000 teachers in the Orange Unified School District have won a 3 1/2% pay raise retroactive to last July, a 1% pay raise starting in February and an increased pay step for senior teachers beginning next spring. Milton Jensen, president of the school board, acknowledged Friday that the pay offer exceeds what the deficit-strapped district initially said it could afford. "But we're going to manage this (pay raise) by adjusting the budget in other areas. This won't bankrupt us, but we'll be worried about how we'll have money for this next year," he said.

## Orange School District to Eye Canyon High School Bingo Plan

Allowing bingo games at Canyon High School raising trustee pay, adopting a summer school proposal, approving an agreement with the Orange Redevelopment Agency, and getting a glimpse of the 1985-86 district budget are among the items the Orange Unified School District board of trustees will be considering at Thursday's meeting. The bingo

games at Canyon High School, which would be run by the School Pride educational foundation appears headed for approval as part of the consent calendar. The only expressed opposition has come from trustee Milton Jensen, who equates bingo with gambling that shouldn't be allowed in school. The School Pride board hopes to raise several thousand

dollars a year to support programs in the district's 38 schools. Currently, the yearold organization primarily raises funds through direct mailings to parents and other community members. If approved, bingo would be allowed be adding two paragraphs under general rules and regulations regarding district facilities.

## OUSD Discusses Policy Change

Changing the acceptance of an employees resignation policy by giving the authority to the superintendent of the Orange Unified School District instead of the Board of Education met with some discussion at the conference meeting last week. The proposed policy says "the Board of Education authorizes the Superintendent and/or designee to officially accept the resignation of any employee. "If in the best interest of the District, such resignation shall be effective at the time of acceptance by the Superintendent and/or designee." Wilma Witt-

man, president of the Orange Unified Education Association, which represents the certificated staff in the district, objected to the wording of the proposal. Wittman contends that it is the employees right to request "to dissolve his/her contract" in a letter submitted to Orange Unified School District Superintendent Kenneth Brummel. The letter also states that "there can be no unilateral fixing of the effective date of a resignation." The only exception would be if the resignation is unconditional. Wittman is asking that the item be a negotiable one or

else the district would be in violation of Section 3540 of the Government Code and the rules of the Public Employees Relations Board. Mario Losi, assistant superintendent of Personnel, said that there is now a statute that allows the board to give the authorization to the superintendent, but Wittman pointed out that it is a permissive and not mandatory section.

## A High School Report Card

the state's review of public high schools in Orange County

High School	TEST RESULTS			COURSE ENROLLMENTS					
	SAT Verbal	SAT Math	Advanced Placement	Math	English	Science	History/Social Science	Foreign Language	Fine Arts
State Average	421	476	9.5	67	73	33	52	22	86
<b>ORANGE UNIFIED DISTRICT</b>									
Canyon High	420	490	8.3	80.3	95.7	31.9	83.3	24.0	81.1
El Modena High	426	491	16.5	78.7	86.7	31.2	72.4	31.0	85.1
Orange High	419	493	3.0	62.9	70.6	25.9	49.8	15.0	77.7
Orange High	438	503	11.4	78.9	86.4	24.2	71.6	35.3	80.0

**SAT VERBAL:** Average score among students taking the Scholastic Achievement Test college entrance examination. Results range from 200 to 800.

**SAT MATH:** Average score among students taking the Scholastic Achievement Test college entrance examination. Results range from 200 to 800.

**ADVANCED PLACEMENT:** Percentage of students who passed Advanced Placement examinations this year with a score of 3 or above.

**COURSE ENROLLMENTS:** Percentage of students enrolled in classes in particular subject areas: math for three years, English for four years, science for three years, social science for four years, foreign language for three years, fine arts for one year.

## Orange

### \$2 Million School Deficit

### Projected in Fiscal '85-86

Preliminary budget projections for fiscal 1985-86 at the Orange Unified School District suggest a deficit of at least \$2 million, the official in charge of preparing the budget. But, said H. C. Tanner, assistant superintendent of business, "I think we can (balance budget). It will take some work on the part of a lot of people and will require further belt-tightening." In

his report to the board, Tanner noted that although state funds based on average daily attendance will increase by almost 6% per student, enrollment has declined. Additionally, he said, lower interest rates and a smaller beginning balance mean less interest will be earned.

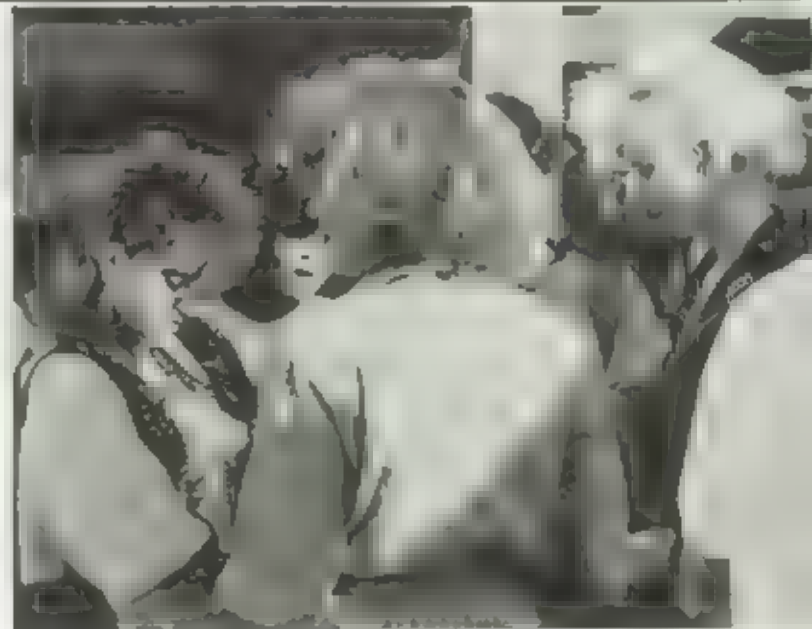

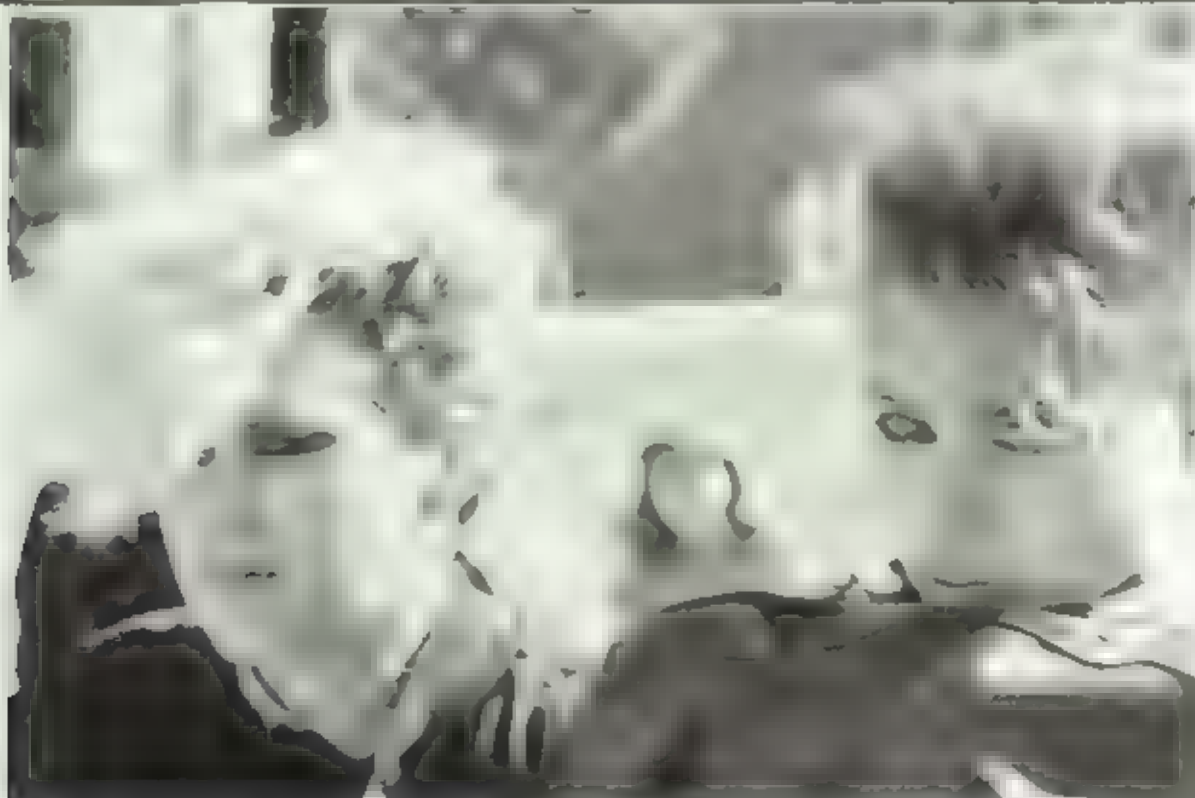

## Peralta

### Scheduled to Close

The closure of Peralta Junior High school and a raise in pay for substitute teachers were approved by the Orange Unified School District Board of Education. The closure of Peralta is scheduled for June 30, 1985 and the vote was unanimous. Late in the school year last May, the board was asked to vote on the matter when it was brought to their attention that fewer than anticipated students pre-registered. Several parents have objected to the closure saying that before making the decision to close the school the district should investigate changing boundary lines.

17 year old junior Matt Alario has a great philosophy on life "you only live once so you might as well have fun doing it!" He's a hot varsity football player for Canyon. He's been playing football for 5 years as linebacker. Matt enjoys going out with his friends Tim Dunn and Dave Temple, the 3 B's, and "kicking back." When asked about Canyon Matt replied, "It's a school with too many trendy's." For the future Matt wants to grow-up, attend UCLA and play pro-football. Some of his favorites include Van Halen, Rush, and Surf Punks. Italian food and chocolate chip cookies are his favorite munchies. He enjoys the movie Animal House, boxing, and baseball. Let's hear it for Matt!

Chuck Zacour a local Canyon jock. He's been playing football for 3 years, he plays defensive back and receiving. His favorite position is, of course, defensive back. His hobbies include Football, Music, and Dating. His comment about Canyon "It's pretty good, I mean you gotta learn someplace." You can see Chuck around the rest of the Canyon big guys like, Eric Degraw, Brad Anderson, and Matt Clear. Chucks choice college Cal State Fullerton, where he hopes to get a scholarship. His favorite music is U2, Billy Idol and Rock-n-Roll. His choice girl is Patty Ellis and he looks for personality and NO TRENDYS! He has 2 dogs and 3 birds, oh! and twin brothers. Let's see lots more of him in Canyon sports.

Brett Hatz, Canyon's junior president, is another outstanding member of the Commanches. He has been active in ASB a couple years and enjoys every minute of it. In Brett's spare time he enjoys skiing, hunting, surfing and riding motorcycles. His favorites include, football, track, wrestling, mexican food, cakes, the color blue, Van Halen, Rush, Trading Places, and would love to have a 930 turbo carrera. He would like to go to UCLA but is undecided of his future. Brett's philosophy of life is, "life is like having fun, it is great for a while, but good things always come to an end." You can see Brett hanging around campus with his friends, Mel, Frank, and Robbie. If you see him walking around, be sure and say "Hi."

Who plays soccer, softball, halfback, and catcher? Well, it is Jennifer Jillson, of course. Jennifer has won many awards and trophies like coaches awards, soccer, softball, a trophy for Cypress tournament, first places, and best defensive player. She has played softball for 8 years, and soccer for 4. In her future she wants to be a doctor and go to USC, and of course continue sports. Jennifer enjoys pizza, Def Leppard, Superman, the radio, playing with her dog, and chatting with her friends, Celeste, Valerie, Paula, and Charlotte. She feels that life has its up and downs. Jennifer, we hope your life has its majority of ups

Mel Greene, an injured Canyon varsity football player, is an outstanding Canyon athlete who plays football offensive and defensive line, wrestles, is in track and does the shotput. He has played football for 7 years, on Pop Warner, El Rancho, and Canyon. He has been wrestling for 3 years, on El Rancho, and Canyon. He has been in track for 3 years, and has won 2 big awards for his athletic abilities, "Defense player of the year, and team captain." His hobbies include, fishing, waterskiing, eating fast food, driving his 280 Z, and just plain having fun with his friends. Mel likes listening to Van Halen and the Jacksons. He would like to become a doctor, and attend UCI. His philosophy on life is "Live it to the fullest!"

Dear Siouxsie, Susan, Suzy, Suzie, etc. —  
Hello! I think you are really sweet & cute.  
I didn't really get to know you very  
well, but what I know I liked. I hope to get  
to know you better next year, or over the  
summer.

Love ya —  
Laura

## Get the Message

Many events occur throughout the school year, and it is the duty of those who put together the yearbook to capture the activities, events and out of the ordinary things that can be looked back upon. One such out of the ordinary thing happened on November 7, 1984 when close to the entire student body of Canyon High School jammed the quad area, during third period in an effort to show their support for the teachers who were demanding a four

percent wage increase from the Orange Unified School District. The Demonstration lasted for about 45 minutes with various chants and posters being used to get the message across. A reporter from the Register showed up and wrote a story on the walkout, giving the situation some publicity. All in all, if the walkout didn't have any significance in the decision of giving the teachers a four percent wage increase it sure did show the enthusiasm of the students at Canyon High School for their teachers

Dear Ms. Clark and Mr. Reider,

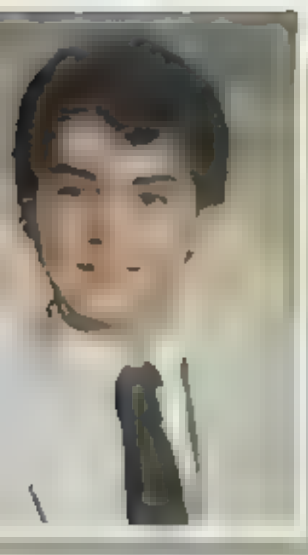

We the Senior Class would like to thank you for all your effort you have put forth in helping the class of '85' and the Senior Class Officers in giving them the freedom they needed but yet the authority so their organizing of the activities could be the most enjoyable. You two are the most unique in every way, "we love ya", and really do appreciate all the work you have done and the responsibilities you have taken on as Senior Class Advisors. Thanks again for making our last year the best possible.

Hard work and commitment is what it takes to be a good editor. This year's editor is some what unique! Jennifer Pierce is an enthusiastic person and her mind is filled with creative ideas that keep the book going. Over the summer Jennifer started drawing layouts and writing copy for the upcoming book. Jennifer's main ambition for this year's book is to have it memorable for everyone who goes here this year. Mrs Wolfe said, "Jennifer will do a great job

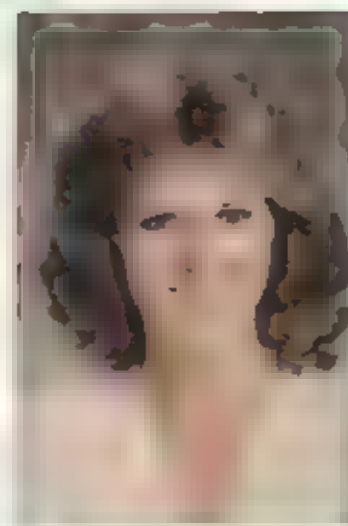

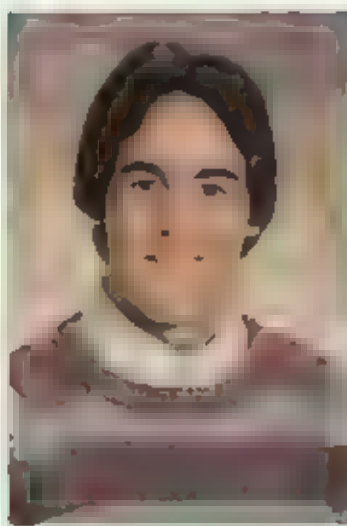

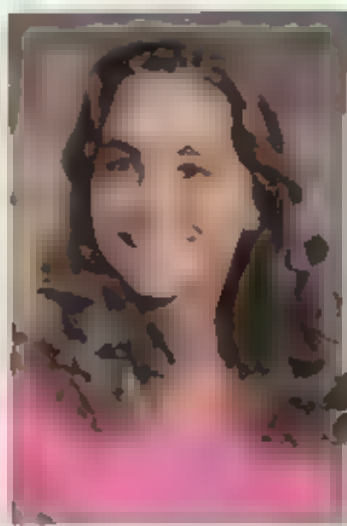

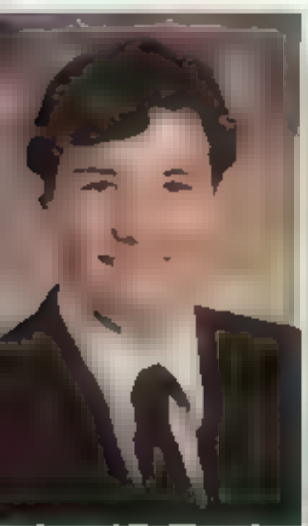

For Eric DeGraw maintaining an exceptionally well grade point average and also being very gifted in sports is not as easy as it looks. The hard work and long practices make it very difficult. Sometimes it means staying up late hours and limiting some of the fun on the weekends. Eric's parents are also very supportive he said, "they have been my whole life in everything I do."

Give me a D-A-V-E that spells Dave Canyon's first male mascot Dave Vautrin wanting to promote school spirit felt that becoming a mascot was the best answer. He had all the qualifications for the job, he loved to have fun and was extremely outgoing. Dave also enjoys making people laugh, and hopes someday to be a professional comedian. Dave says being a mascot takes a lot of time but it is worth it. He also enjoys playing soccer and he plans to attend Whittier College where he may continue to be a mascot and promote S-P-I-R-I-T!!!

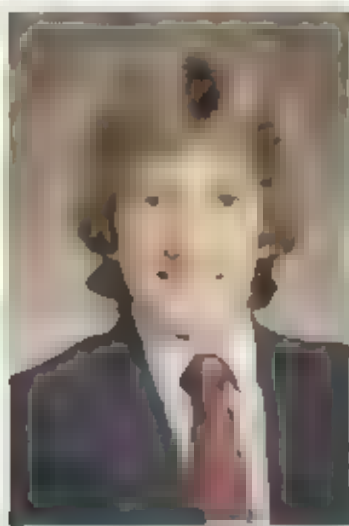

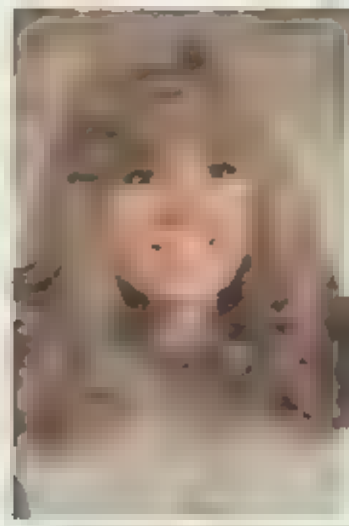

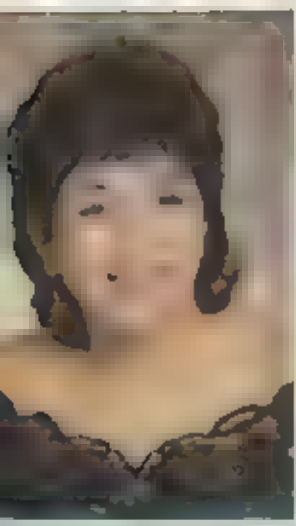

*Decisions, Decisions, Decisions* that is what preparing for college is all about. Seniors must decide whether to go to a city college, attend an out of state college, live at home or live in the dorms or with friends. The hardest decision that seems to haunt the seniors is deciding what major to take or what field to enter into. So good luck seniors with your decisions

A *LAST LOOK*, one's senior year a time for having fun and summing up the end of a high school education. People are needed to make these memories last and that is what the Senior Class Officers are all about! The four of them help to plan activities and make our senior year the best ever. They fill the year with special senior activities and manage to run class meetings to vote on things to do. Let's give a hand to those that have worked at making our senior memories Robert Hernandez president, Shawn Potter treasurer, Robby Melon activities, and Carol Coffman secretary

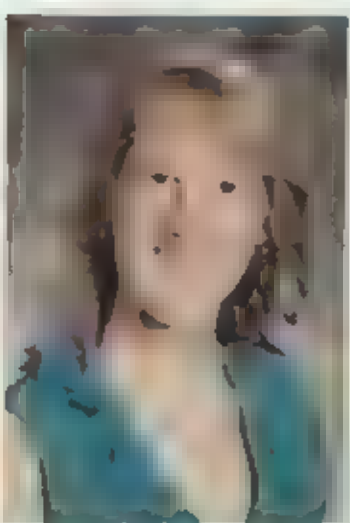

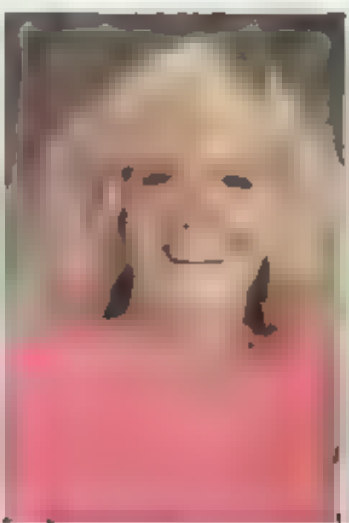

It was in watching the 1976 Olympics that she got interested in gymnastics and having her own coach. But, when she found out she was too tall for gymnastics she ended up getting her own track coach in 1980. Why it's Kathy Kelly. Kathy's interest in running takes up a lot of free time. She has often to turn down going out with her friends because of a race the next day Kathy's greatest influence. Her parents also have been very supportive

Remember back in the days when things like gas, food, housing, and parking tickets weren't that expensive. Boy things sure have gone up since then including parking tickets. The students at Canyon are finding that out slowly but surely. The parking tickets are now running between 20-30 dollars. Some of the students are finding out that paying the ticket is a little more than their wallet can handle and are now thinking twice before illegally parking

*Seniors Set High Standards:* The senior class at Canyon High showed unbounded spirit this year. The class officers and A.S.B. cabinet helped boost this enthusiasm by leading us to an astounding victory during spirit week. Other traditional senior events were 85 day, and Senior ditch day. All in all, the turn outs and reactions were positive. Activities director Mr. Dunne commented, "This year's leaders in student government, newspaper, yearbook and various clubs have all been highly enthusiastic and intelligent. They have set high standards for classes to come in both academics and spirit."

Here's a bit of trivia for you. What sport requires the skills such as spiking, passing, setting and serving? Why it is volleyball the most favored American past-time you see it played everywhere even on the beaches. One girl on campus who has all these qualities and more is Amy Hayes. Amy has been playing volleyball since junior high but did not take it seriously until high school when coach Cushing said she had potential to take it more than serious. Amy plans on going to college and hopefully playing volleyball Amy we all wish you luck!

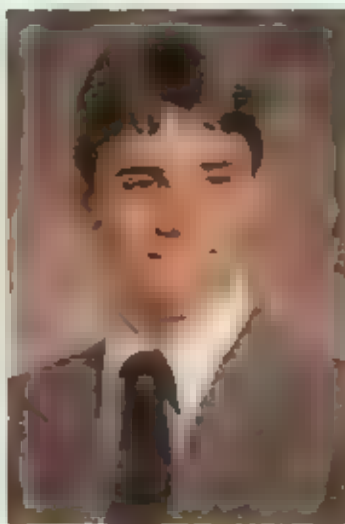

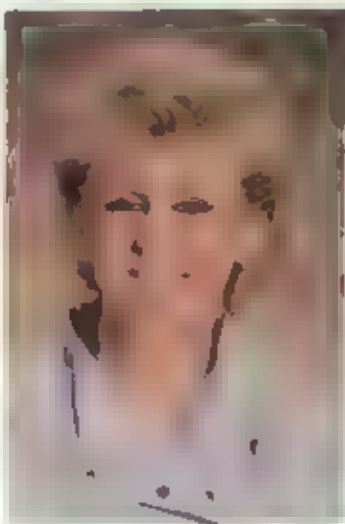

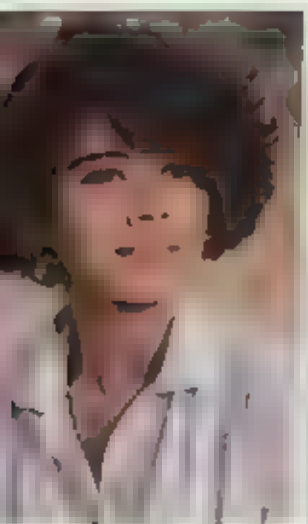

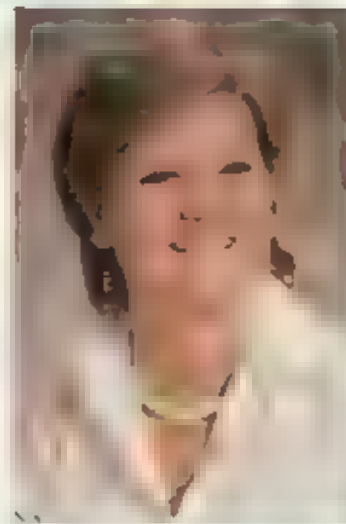

*Unnecessary Student Aptitude Test (UNSAT) General Directions:* Read these directions while the supervisor needlessly reads them out loud. You will be given two hours to work this test. Remember that it is unimportant how you "do" on any test. What matters is how you and your assessors know how well you understand the material. Sure This is a test designed to appraise your appropriateness as a college student. You will be judged on your credibility, suitability, geek-ability and general acume. You will be able to judge from your test results whether you should apply to college or drop out and get a low-paying job.

Introducing Canyon's 1984-85 A S B President Anna Horn. Anna is the first girl as A S B. President in Canyon's history. Being A S B President isn't all that it is cracked up to be. Anna has many responsibilities. The relationship between Anna and her cabinet is very close during school functions and also on a social basis. Anna told us she feels fortunate to serve with so many outstanding, energetic and outgoing people

*Stepping Stone to Life:* We made it through our sophomore year with courage and strength, yet nothing to fear. Round came soon our junior days receiving love and advice and many a praise. We were strong and stern and victory bound, and so we landed with both feet on the ground. We finally made it, our senior pride, we pushed and reached, for we wanted to strive. We've stumbled upon our destination, the stepping stone of life, our high school graduation. There are many memories we will keep alive, we will always be the class of 1985

*How to Write a 5-Page Paper:* by a senior in a hurry 1. Always repeat the title in your first sentence. 2. Triple space and use generous margins. 3. Always turn in your papers late to assure special attention 4. Tell them what you are going to say, say it, say it again, say it maybe one more time 5. Always spell out numbers. 6. When preparing your manuscript you can safely skip a page number somewhere in the middle of the paper since teachers only look at the last page number. 7. Include an impressive footnote. 8. Define words 9 Use polysyllable words & least one foreign term. 10 Remember, redundancy, redundancy

# Varsity Football

Canyon High's football team had a rough season this year. The head injuries he suffered the team hurt them a great deal and it was a disappointing season. The head injuries having a star out for the surprising loss of the Orange Panthers.

The season also had some high spots. Canyon was represented in the all-state football game by 5 players including Billy Brantley, Bill Jenike, Matt Cramer, and Jonnie and Myke DeGraw were all on the 2nd team.

Next season will be a sparkling performance from this year's second string quarter back Todd French, who came in our sophomore in games and shows quite a bit of promise.

Jim Rockwell, the former Canyon player whom the season was dedicated to — along with a good buck, a heavy hitting Canyon player gets yard — One of Canyon's chronic injury victims sits on the sidelines — (thru) more yardage against Orange — Canyon players maul a Santa Ana player — Oops! even the Comanches get hit too! — Running low, a Canyonite gets ready to be hit

Comanche Ray Shull gains some yardage in a rush right through the oppositions line. A few of the players waiting for the defense to get the ball so they can go in. Hut one! Hut two! The team is getting ready to go on an offensive drive. Right before a long bomb, quarterback Mike Craig is ready to get the ball from the center.

Right after the hike, Canyons linemen try to keep out the rush. A pitchout to Mike Shull gains more yards for the team. Another hand-off, one of the most productive plays of the season, this one was on the goal-line and earned Canyon 6 points.

# So-So Season

The Canyon Sophomore Football Team has a so-so 4-6 season this year, but that record does not really show how much talent the team actually had. With many close, low scoring games, the strength of the defense can be seen. Dietrich Cumbrect, the safety was a key player, and made many point saving tackles. Mike Craig, the teams quarterback had an on and off season, sometimes hot, sometimes not.

The offense was lead by Craig and Ray Shull, the premiere running back for the team, who racked up many yards and a few touchdowns as well. The teams real high-point came in the game against Santa Ana, the Comanches dominated with a very strong offensive attack, and a defense that forced many turnovers throughout the game. During that game, Shull had the fantastic blocking of Mike Voto who was one of the members of one of the century leagues best defenses.

Hopefully, this years sophomore team will add a great deal to next years varsity squad.

The Canyon Comanche water-polo team had a tough schedule this year. The squad had to contend with opponents like Foothill and Villa Park. In their tough schedule, 17 of 22 teams they played went on to CIF playoffs.

The team came through with a 10-12 record, this really does not reflect how the team played. The Comanches won a tough tournament hosted by Valencia. The final game of that tournament was a heartstopping victory against Cypress.

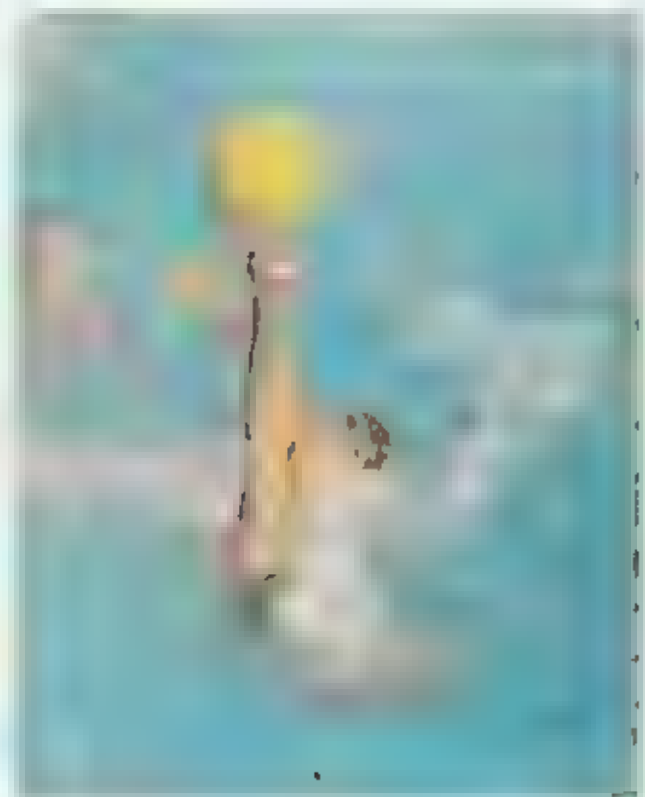

The team was led by players like Dennis Bach, who was leader of the defense, Bennie Sprague controlled most of the pool, and John Neher put the ball in the back of the net repeatedly. The season was capped off by a friendly game against the wrestling team; the water polo team won.

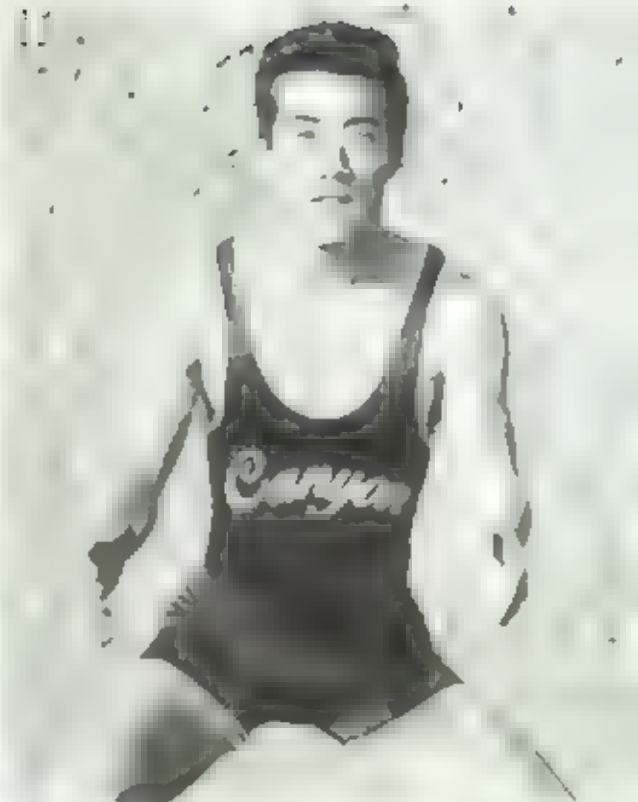

# Splash!

A quick pass to another player gets canyon's #3 out of trouble. Coming up fast, a Canyon player takes a shot on goal. Dave Marshall gives the ball to another Canyonite. The backup Comanche goalie after a save. Dave Stevens leaning back hurls the ball towards the goal. Getting a pep talk from coach Sprague during a break. Paul Duran getting ready to rifle a shot at the goal.

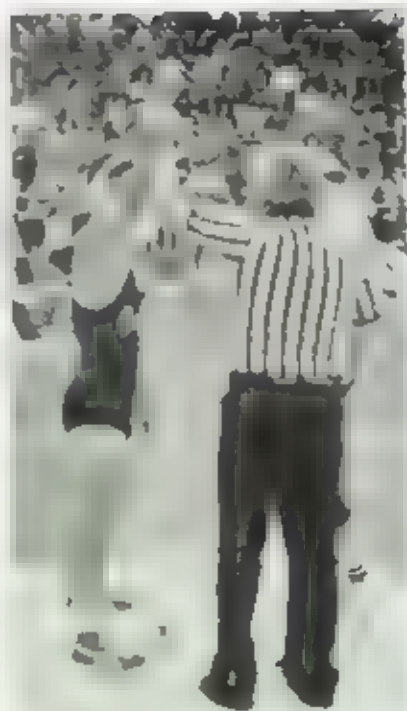

## Funrama

C-C-Can-Canyon — Can't step on a crack, I have to think of mom! — What you want him to look mean? — Hey, that's my quarter, I saw it first! — Maybe if I do this long enough, they'll throw me some fish. — Just give me all your money, and I won't hurt you. — One of the people protesting the Senior parking lot fee. — That's what Mike Fakio does when he loses

Give me 10 Bucks and I'll let you go -  
Raise your hand if you're sure - Is it get-  
ting warm n here? I just threw it and it  
stuck really! Anderson, I want 10  
pushups now! - Now if I can just tie his  
laces together

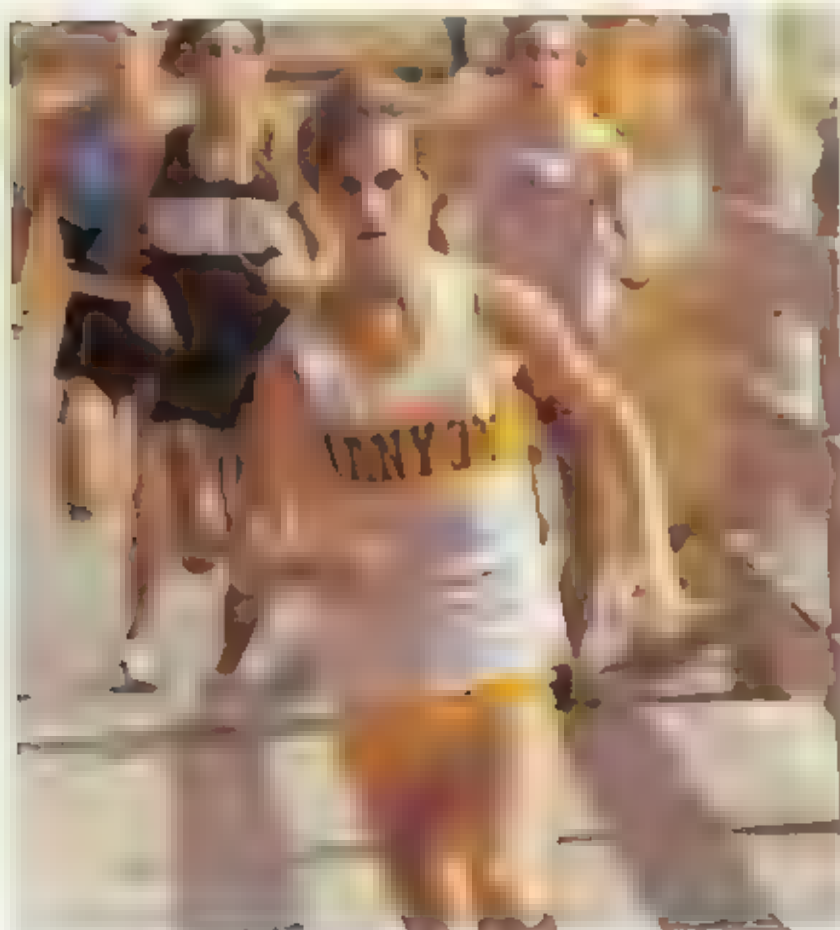

# X-Country

Mr. Pycior's cross-country team had a good season this year, proudly representing Canyon High in places like San Juan Park to San Clemente where they competed in the state. Last year's #1 3 mile runner was back again, Greg Neitzel, who is only a junior this year ran some spectacular races and won quite a few of them. We are waiting to see which records Greg will break next year. Other exceptional runners were Chris Lewis and another returning runner, Dan Chapman.

The entire year was spent training for the long miles that must be run, with each runner concentrating on his running, but when your time sets a new record for the league, it all seems to be worth it. And that is why the Canyon cross-country team goes on.

A determined Canyon runner inching out the last mile. Three leaders in the race, all Canyonites — Dan Chapman is on the left, Greg Neitzel in the middle. After a long run, there is something like a last-minute sprint. The boys are all pushing themselves to the limit. Another Canyon runner in the lead, he ended up winning the race — Greg Neitzel, a record holding 3 mile puts all his effort into a sprint to the finish line.

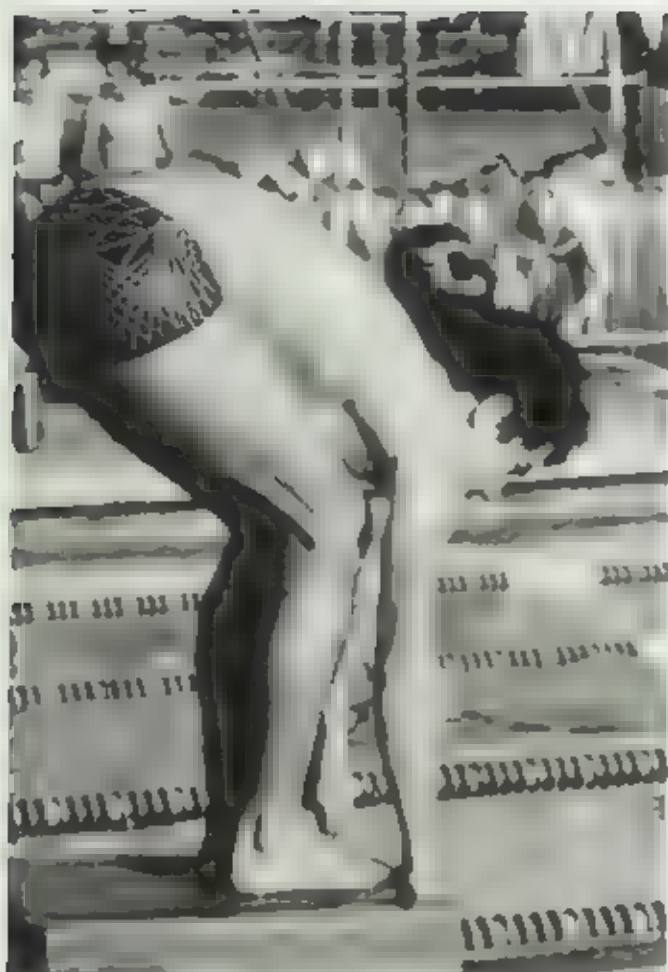

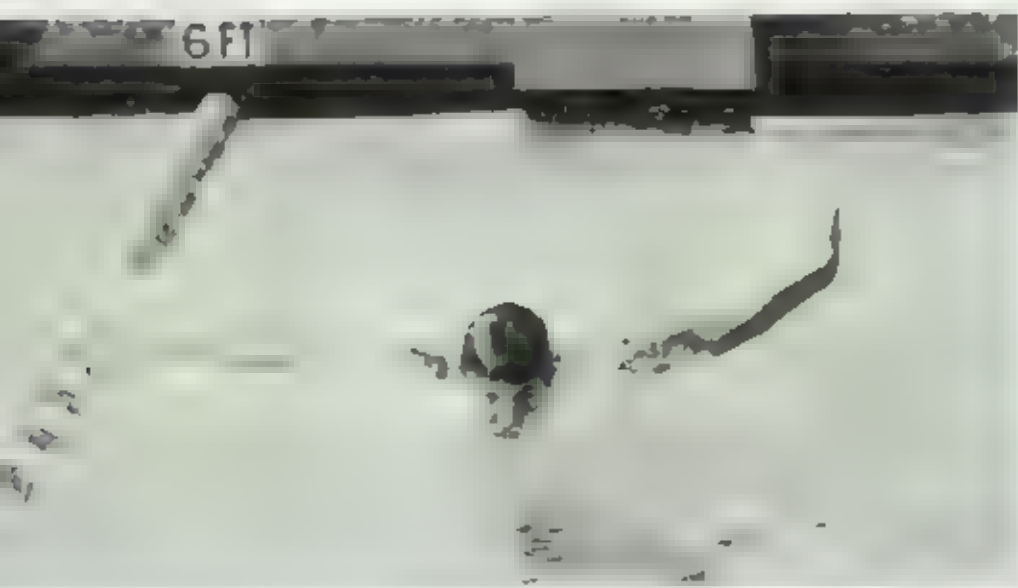

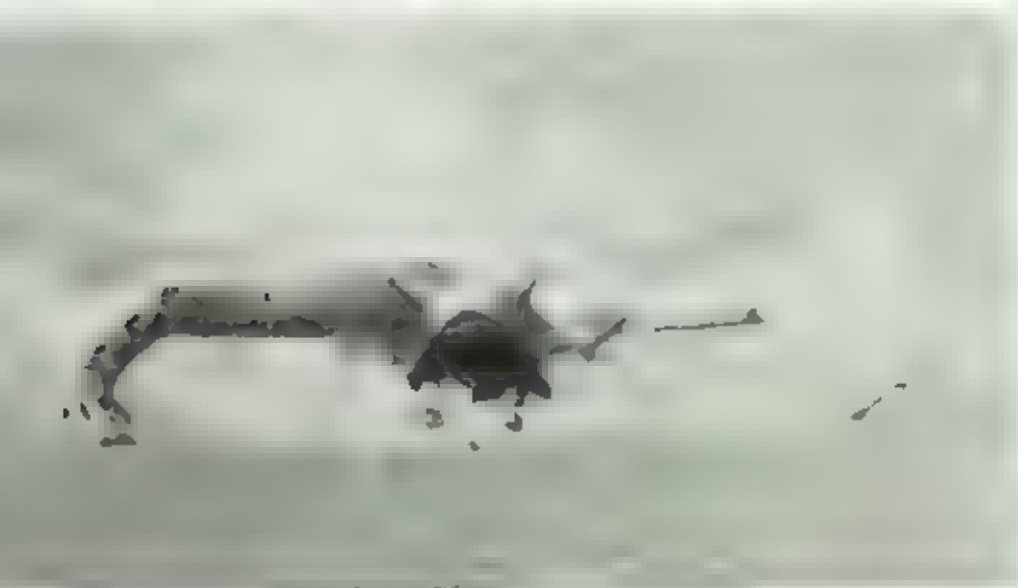

# Swim!

The Canyon Comanches Boys' Swim Team is probably one of the strongest overall teams that Canyon has had in many years. The Junior Varsity team, comprised mostly of sophomores, has won every meet so far this year and will definitely have a winning season. Great improvement by many first year swimmers has been shown. The Varsity team, comprised of 6 seniors and 7 juniors, has begun the season with a strong showing. Most of the strong

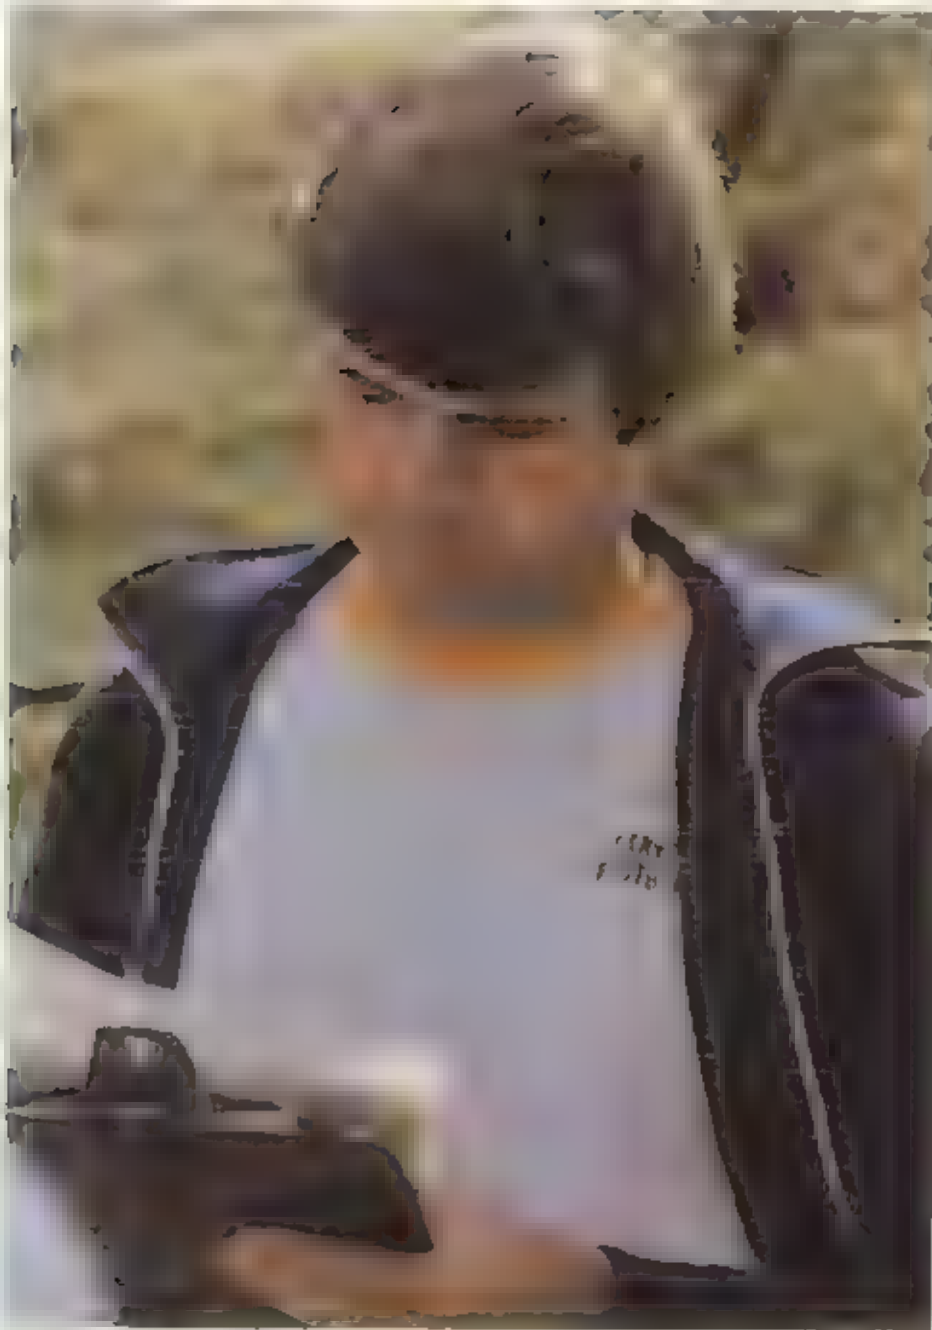

competition will be held at the end of season when the team will be the strongest

In the extreme intensity of the relay, Clark Cressman gets into his starting position to finish the last leg of the race. — Watching the meet go on is Coach Anderson and Coach Bellardi — Spanning out like a butterfly, Paul Hines races towards the finish. Dave Gerchbacher slices the water like butter as he continues his race. — Bang!! Dennis Bach is off and swimming. — Canyon swimmers fly through their events. — Deep thought before a race — Float like a butterfly

# Who Are They?

Coach Hust, of the varsity football team checks off attendance of his raquetball class. Mr Pycior, cross-country coach, tries to find new prospects in his weight training class. Mr Bowden and Dr Jackson are seen strolling through the halls. Bowden is the coach of our famed wrestling team. Mr Carnes who is doing the necessary job of teaching volleyball.

## The Minds Behind the Men

There are several kinds of coaches. There is the quiet, respectable type who uses most of his ability to motivate his players. There is the Marine Corps, drill sergeant who can't remember his players' names but can describe them with four lettered words. And there is the coach who is better suited as an accountant, who compiles enough statistics to fill a computer memory

bank. Whatever the type, they all put forth a lot of effort to have a successful team. For plays must be made, strategies must be planned and players positioned. Coaching isn't just wearing brown and gold and showing up for the games. It takes a lot of effort on the coaches' part to have a successful team. All hail Canyon coaches who make the teams the best they can be!

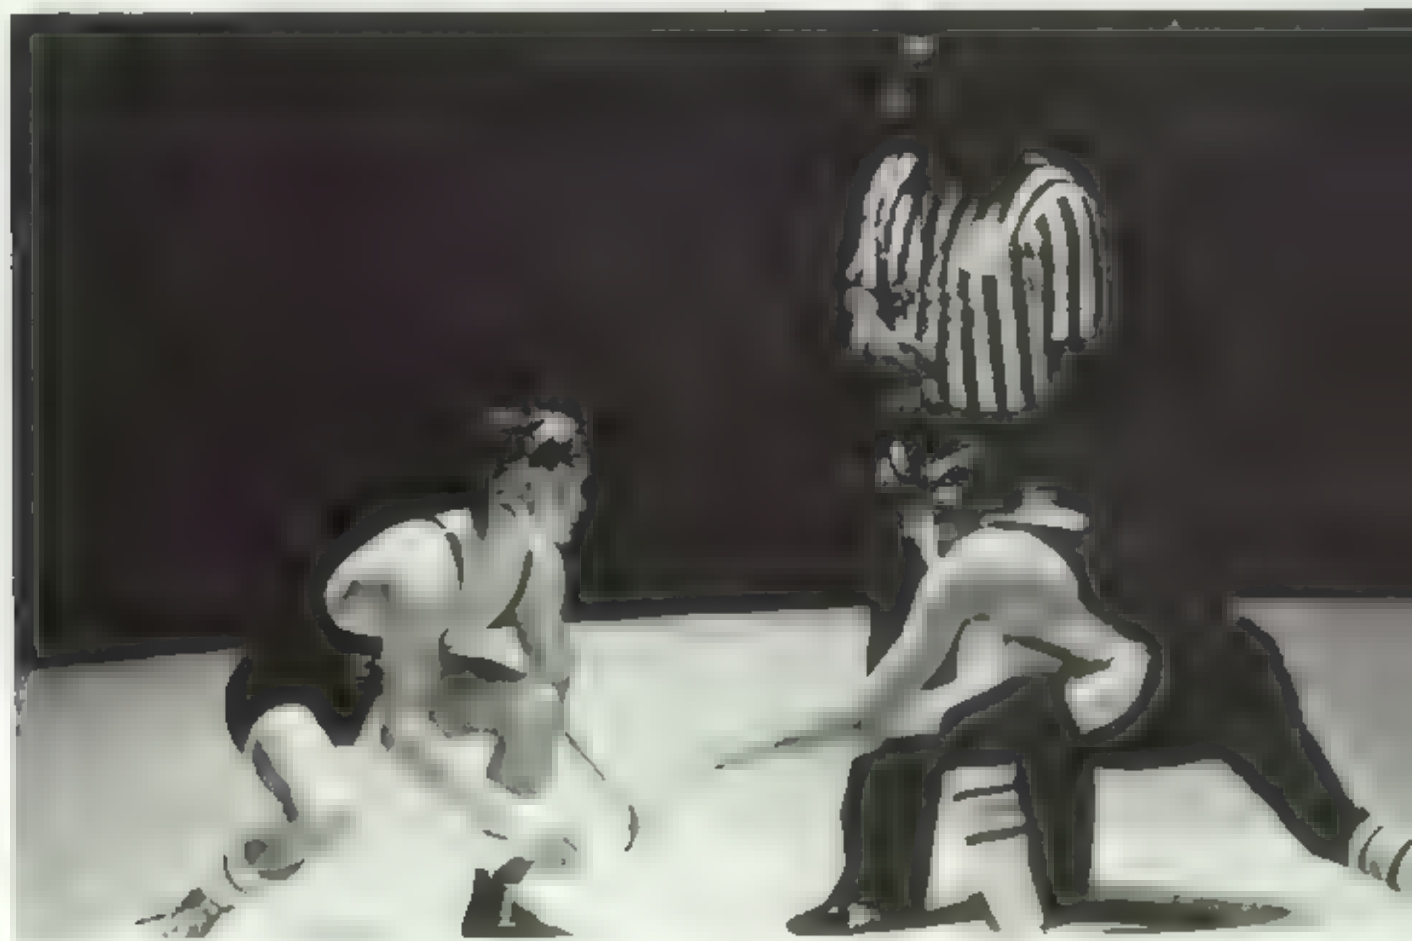

# Needles and Pins

1985 was another fine year for Canyon. Wrestling fans watched our grapplers go 9-1 in duals, and 7-0 in league. The high point of the year was when the team whipped "the weenies" in front of 2200 screaming fans to win their 5th straight Century League title. In Orange County competition, the Canyons were the #2 team in Orange County, behind #1 Edison, who represented Canyons only loss of the season.

The season began on high note with the team winning the Brea Tourney and setting a tournament record 218 points. Then followed a 6th at El Toro, 5th at the super tough El Cajon Tourney, a 122nd at 5 counties, and a strong 2nd at our own Canyon Invitational. At the league Championship finals the Canyon matmen qualified a record 10 wrestlers to CIF and easily won their 5th straight Century League tournament championship. Canyon placed 5 individual league champs: Art Bone, Steve Suzuki, Freddy Mora, Albert Lee and Mike Gayer; one second place — Jeff Dome, and 6 3rd placers: Alvero Alvarez, Shane Blair, Duke Pauly, Andy Liv, Greg Monteith and Scott Homiczewski. In CIF Canyon had Art Bone, Steve Suzuki, Shane Blair, and Jeff Dome placed 7th. Freddy Mora placed 6th as the masters alternate, and Albert Lee placed 4th qualifying for the masters tournament.

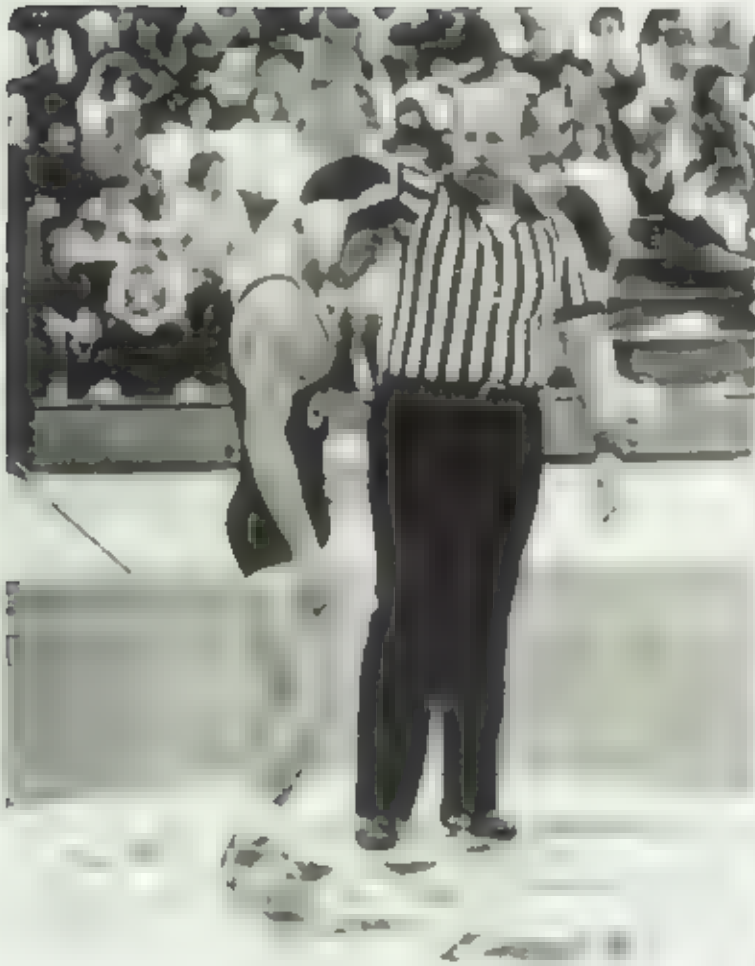

Art Bone, wrestling in a style that insures victory stay on top! Steve Suzuki wrestles under the watchful eyes of the referee. The spot-light is on Mike Gayer and his Santa Ana Valley opponent, Mike was first in the league

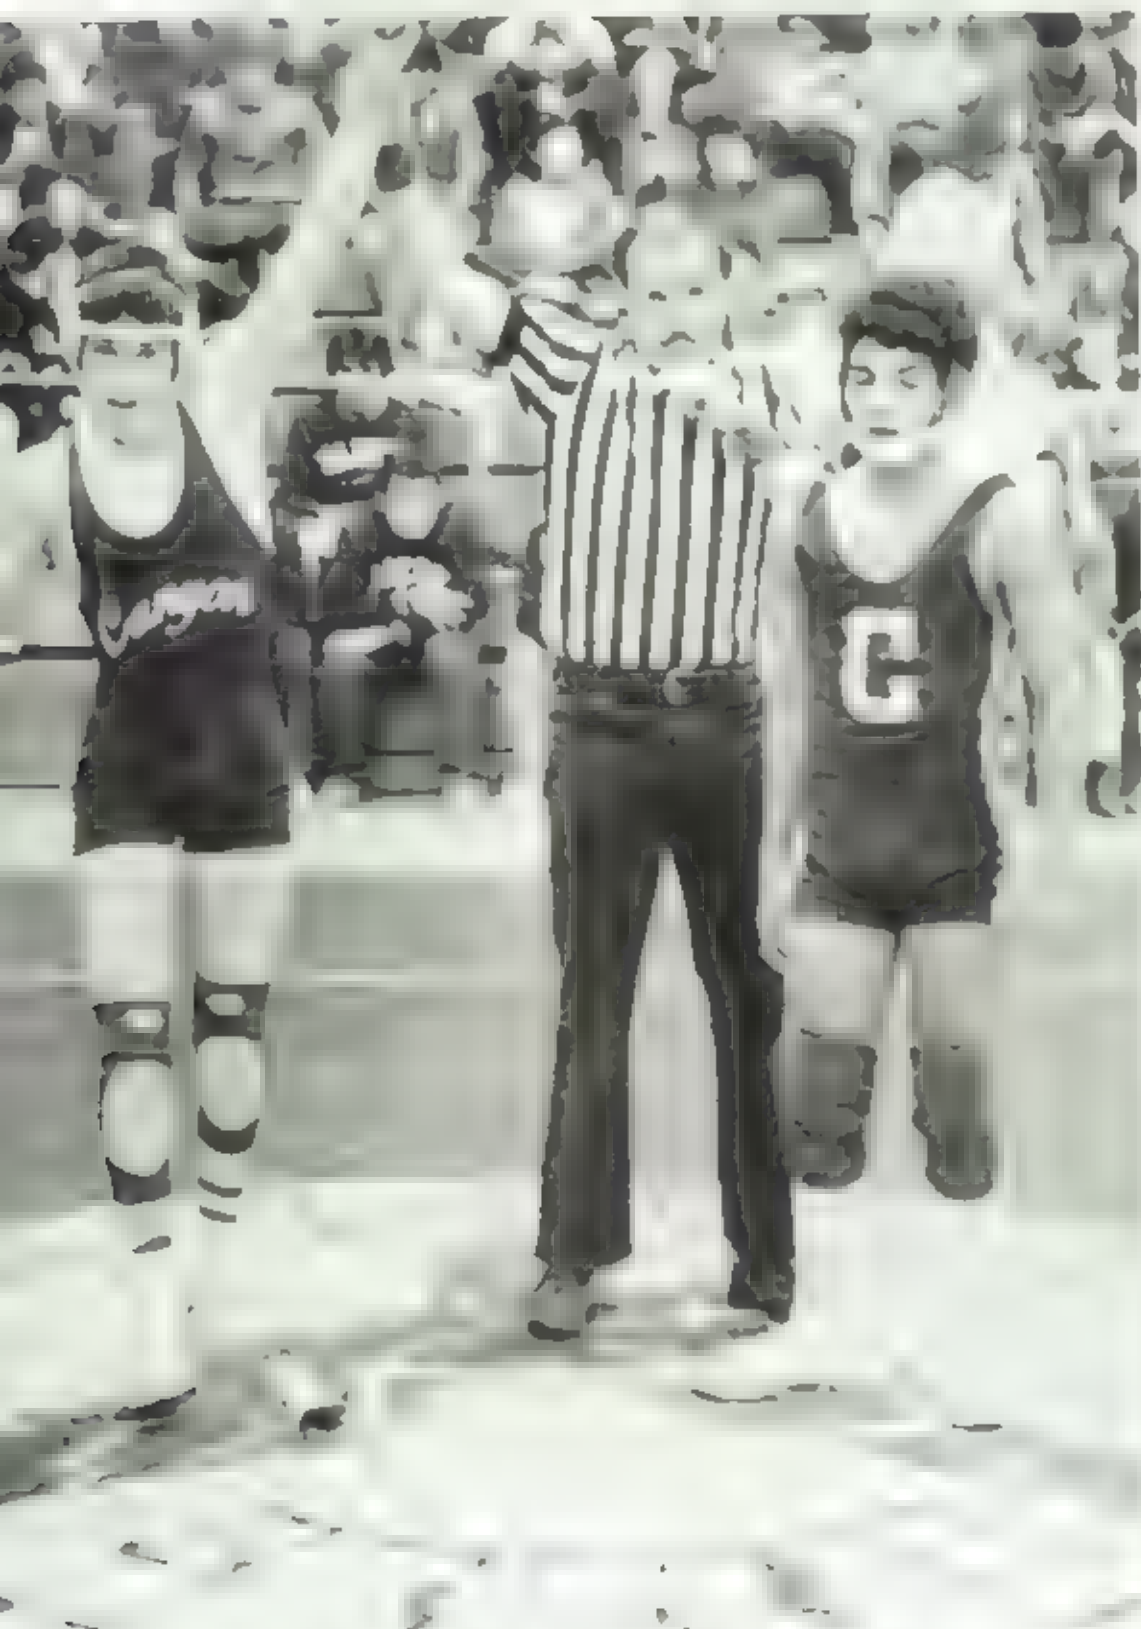

Albert Lee our premiere wrestler shows his usual dominance over his opponent, with this move. Another great move by Albert Lee planting his opponents face into the mat. With some strain and pain Steve Suzuki comes out on top. Attempting a cradle Rich Herman has control, and doesn't seem to be sweating

- 1 - "I have you now!" A Canyon wrestler gets ready to pin the unfortunate opponent
- 2 - Albert Lee is at the top of the ladder in the century leagues standings
- 3 - Albert Lee, the kind of wrestler that puts Canyon on top, is chalking up another victory
- 4 - Smile for the camera!
- 5 - Trying to run his man over, the Canyon wrestler on top, has the edge

1 — Yet another victory for CHS by Art bone

2 — Two wrestlers in the starting grip Canyons representative has the upper hand of course

3 — Another Canyon wrestler on top

4 — Lets go for a little ride! That may have been what champion Albert Lee was thinking

An intense struggle by Kurt Duncan puts the Santa Ana opposition into the ground. Steve Marshal obviously winning one for the team. A tired but victorious Comanche crew sits and watches more Canyon wins. Nearing the pins, Jeff Hemerson has his man in an iron grip, and won't let go.

The Comanche Sophomore grapplers really showed their stuff this year by going undefeated in all competition. They won the championships of 6 major tournaments Buena Park, Covina, Canyon 5 way, Mission Viejo 10 way, Canyon invitational Rosemeade, and Buena Park individual tourney. In dual meets they were 23-0 defeating all opponents including the highly ranked Loara squad. In Century league competition the team went 7-0 to knock off rival Villa Park 53-12 in front of a large home crowd, to win the Century league championship.

The backbone of the team consisted of these outstanding wrestlers: Darrin Hoebel, Dan Tisone, Bryan Guerena, Alvero Alaniz, Charley Cha, Noel Castellon, Ken Gominski, Steve Marshall, Dennis McCulloch, Trent Udlock, Chris Jeppson, Mark Choi, Greg Monteith, Hans Kroesen, Todd Davis, and Dareld Karns.

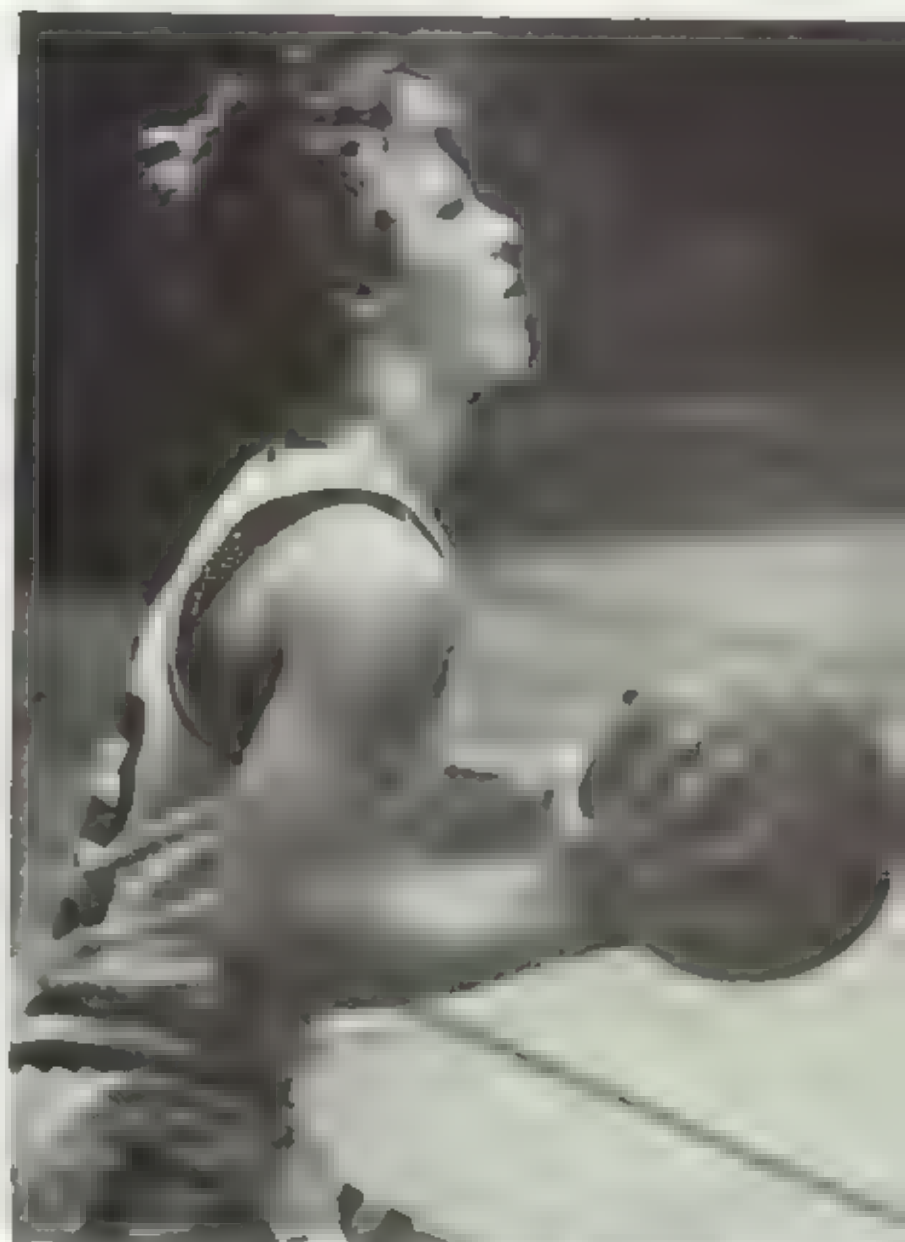

# Everything Counts in Large Amounts

The Comanche JV's had an outstanding season, winning every tournament entered, winning every dual meet except for a close loss to Edison and going 7-0 in Century league competition to win their 3rd straight Century league JV championship. A major highlight was on Jan 19 when the coaches sent our JV team to the San Clemente Varsity tournament and placed 2nd losing only by 1/2 point to Mt Carmel. The sweetest highlight was a 56-14 shellacking of the Villa Park JV's in the annual dual meet with the "weenies." There were many outstanding JV's that will make up next years Varsity team. Some are: Jim Brosnahan, Greg Eddy, Rich Hermann, Gregg Munro, John Ambuehl, John Nihei, Mark Dome, Chris Mak, and Scott Wallingford. The end of season Century league JV championships were held at Canyon with Canyon JV's winning 9 out of 13 individual championships.

Going for a spin! This strange position can't really be explained. Some heavy strategy is discussed before a match. For some reason, Greg Montieth doesn't seem to be paying attention. The seconds tick away before Chris Jepson can pin this man but he did get some points.

At the end of the half, #21 still has enough energy to run to the drinking fountain. — Another free throw, another point, another win, all in a days work. — Plasmoid terror from the forbidden zone? No, just an out of focus picture of a Canyon player leaping over a flat-footed opponent. — Actually, the ball is just hanging from a string tied to the ceiling.

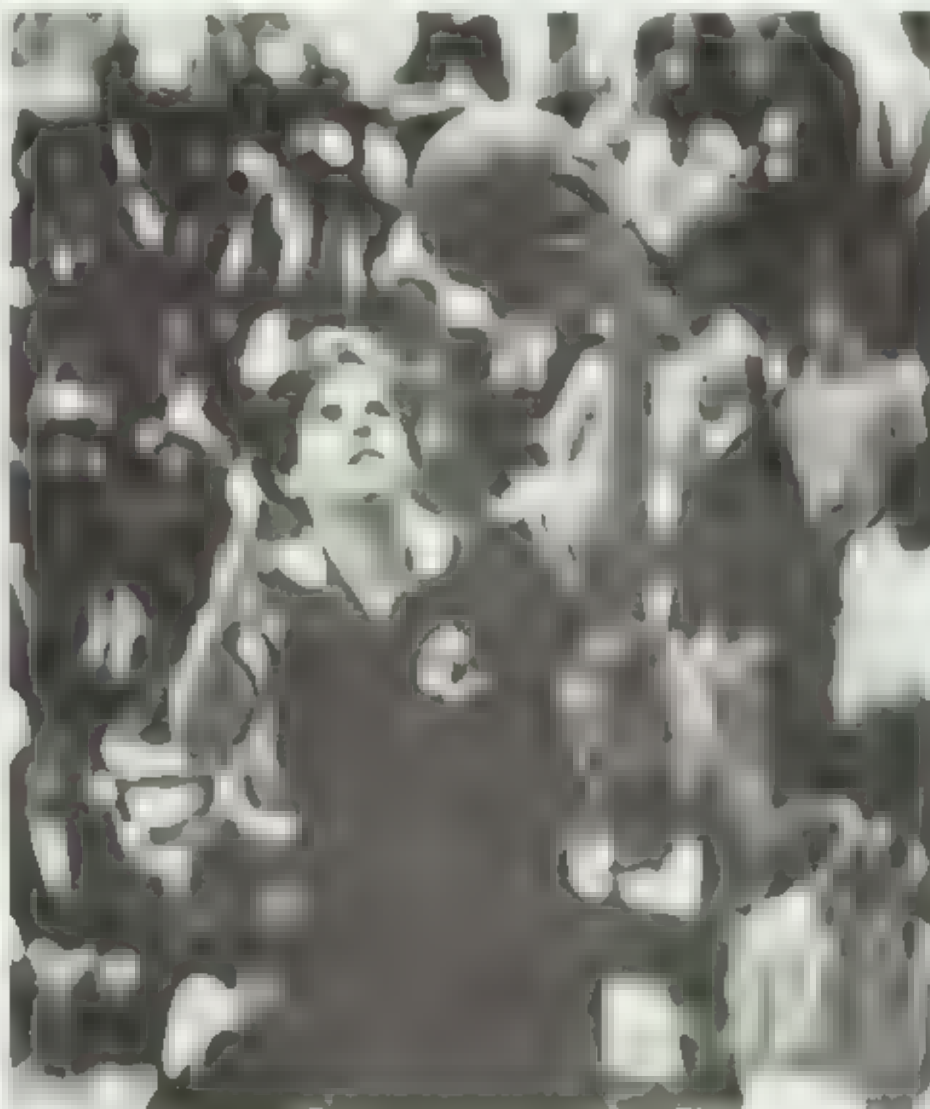

# Bitter — Sweet Year

Canyons varsity basketball team had a bitter-sweet year, ending up with a 5-1 record that did not show the truth because of an ineligible player, we had forfeit a few games which hurt our record. The team had the spirit all the way though, their motto was "together," and they played that way. Even though the motto was "together" the team had some outstanding individual players also. Chris Rippe, Steve Lopez, and Dave Spencer were the big point men on the team. Shaun and Steve Ream really shined on defense. The team had two games that they really like to remember, their pre-season victory over Servite, and the blow-out 20 point victory over Villa Park.

This year the team had 3 juniors, all of whom expect the team to be bigger and better next year. They credit Coach [unclear] for his effort in this, his first year at the Varsity level. The team thought that his full-court practices are what really geared them up for the games.

Dave Spencer is on a quick dribble down the court to score another basket. He and a few of his team mates seemed to switch between 'leading scorer' quite often. — A little push-pass to a team mate, gets him out of trouble, and the ball that much closer — Chris Rippe warms up with the shot that should never be missed, the lay-up.

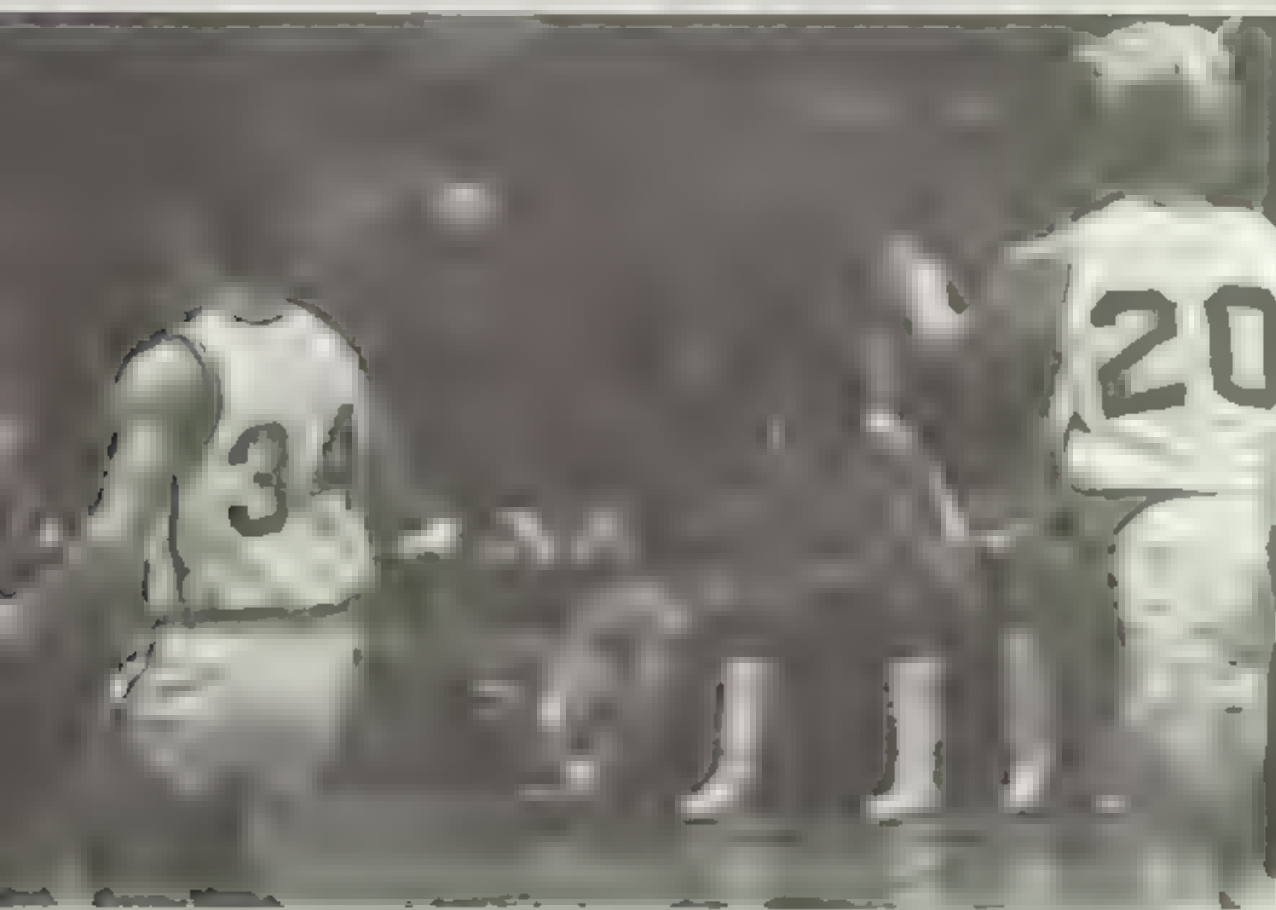

# Performance

A 3-10 record does not indicate a good team, but in the case of the JV basketball team, it doesn't necessarily mean a bad team either. The team's record shows 10 losses, but an amazing 4 of those games were overtime games, very close ones indeed. Another bit of bad luck hit the team when sophomore Ray Schull left the team, and his starting guard position. This year's season can best be described as a heartbreak.

Of course, there were some high points in this season also. Players like Johnny Williams, John Cantu, and Dave Jones all did their best to help the team. Williams was the leading scorer averaging 18 points per game, with a season high of 30. Jones averaged 10, with a season high of 20. John Cantu, out for part of the season, still managed to be the leading rebounder, with a high of 18, and an average of 10 per game. Another notable was John Pierce, a first year player who did very well for the Comanches.

This inexperienced team had some very memorable games, like their 77-38 victory over Santa Ana Valley. That blow-out was preceded by the Canyon tournament, in which they were the consolation champs, with wins over Los Amigos and Esperanza. A few of the players attributed these victories to the crowd support they got at the tournament, something they lacked during the regular season.

A little jumper from just inside the key by Randy Simpson gives Canyon two — Big number 54 John Cantu, meets an equally large opponent in the tip-off for the start of the game — just a little hip into the other player, and we can dominate every time — Another tip-off this time we won very easily and got possession of the ball.

They should learn not to foul against Canyon, as we score another point on the free throw line thanks to their blunder — Greg Fernandez skies above his foe with amazing ease — A quick dribble then a pass to John Williams from Randy Simpson.

# League Champs!

League Champs! Yes, this year the varsity soccer team really did the Century League title. A 1-0 victory over Villa Parks is what pushed Canyon out of reach from Foothill into first. Robbie Mellon, one of our leading scorers, posted the only goal that game. Sam Bile, Alfredo Ybarra, and Kyle Thornton also scored quite a few for Canyon.

The team ended up with a 10-2-2 record and they attribute that to many things throughout the year, including Coach Bowman. The coach was formerly the soccer coach at Chapman College, and he brought many of his former teams strategies with him to Canyon to outwit the other teams. It was strategy that created the airtight defense, led by goalie and team captain, Danny Walner. Steve Velleman, David Vautrin, and Sophomore Russ Howard all did their part to stop all goals from entering our net, and they did their job well. We had many games in which we shut-out the opposition, almost assuring victory.

Mark Bowman dribbles down the field, looking for a chance to pass to a forward. — Some strategy, and a little strategy, the typical halftime. — This one is Kyles! Kyle Thomas won't let anyone's elbows get in the way, as he heads the ball. — The Canyon goal-keeper, Danny Walner, is taking a goal kick. — Kevin Wilkensen is taking a shot on goal, while Kyle Thomas waits for the rebound.

Goal-hungry Robbie Melon is getting very aggressive towards the orange goalie. — A quick pass to another team mate by Greg Nietzel. Marc Bowman, Sam, and Alfredo, are all standing around waiting for the play to resume. — A Canyon fullback clears the ball, while Greg Nietzel, Kyle Thomas, and a few fans watch.

# Futball

The 1984-85 junior varsity squad was more than an adequate representative of Canyon's soccer power-house might. They played consistant soccer throughout the year, despite minor difficulty in scoring. They were anchored by an extremely strong defense, with Tim Snitko and Jim Jameson who combined to contribute a lot to the team's success. Goalie Todd Mendleson sparkled by keeping Canyon in numerous close games. Forward Bill Gardener handled the bulk of the scoring responsibilities while Mike Jenike made consistently solid passes to the wings. All in all, coach Dan DeLario did an excellent job as coach, and leaves nothing but good prospects for the years ahead

## DIARY OF A TENNIS PLAYER

"Four laps!", yells, Coach Hamel. The team takes off like a herd of buffalo stampeding toward the track. Dru Nadow thinks it's too cold to run. Matt Tucker says it's too hot. But the task gets done. Robert Castaneda doesn't look too sweaty. Perhaps he only ran three laps?? Stretching on the courts, the team "circles up." Coach Mansfield supplies the commands. "That's RIGHT hand to your LEFT foot. George Dudenhefer Push-ups! Sit-ups! Back-arch! Leg-lifts! LUNGES!" Scott Kelley wants to know what a "lunge" is. He learns quickly, much to his dismay. Sprint time! "On the baseline! First group, GO! Second group, GO! Side to side, up and back, forehand, backhand, to the net! Follow the ball!" barks Coach Hamel.

Thru with conditioning, the team breaks up for a full day's practice. Technique is emphasized by the coach. Hitting as hard as possible is emphasized by the players. "What time is practice over coach?", asks Mark DiGiulio. Brian Gedeon says he can only stay till 3:30 today because he has a concert to get ready for. The coach doesn't comment. Steve Alvezon and his unknown doubles partner practice their serve and volley technique. Steve wonders who his partner will be this week. Gil Kang chants meaningful words to himself to help his concentration. Anders Johansson chants a few Swedish words in the middle of a challenge match, but NOT for the same reasons. "Bend your knees Farouci!", instructs the coach for the thousandth time. Bryan Oliver and Todd Mendleson are battling it out in a match in court 3. "Heads up!" screams the baseball team, as yet another foul ball comes flying over into the tennis courts.

"Bring it in guys!" It's 4:30. Be ready for the match tomorrow, and don't be late for the bus, Dru!"

Team Roster Varsity Tennis

Mark Digrubio finished his final year with the team as a senior. His successful career included many new records. Mark remained our number one player throughout his three years on the team.

Anders Johansson came to us as a senior from Sweden. Anders was one of those gifts that all coaches dream of. Strong, aggressive, and talented. We're all too sorry to have Anders as our guest for only one year.

Brian Gedeon, also a senior, finished his career with us this year. Many coaches in the league felt that Brian had probably more potential than ANY player they had seen in a long time. His crushing baseline passing shots and rocket serves will not be soon forgotten.

Dru Nadow will return to us next year as a senior. He will inherit the number one spot on the team for Canyon. With hard practice throughout the year, Dru should find himself highly respected as a top singles player next year.

Robert Castaneda, a senior, finished his season playing both singles and doubles. His improvement was noticed and commented on by many coaches in the league. Robert's "colorful comments," both on and off the courts will be "missed" next year.

Steve Alvezon is one of those players every coach enjoys having. Hardworking and dedicated in all that he does, both athletically and scholastically, Steve played doubles most of his career. Steve's leadership qualities will be missed next year. "Remember Steve, never turn your back on a coach with a tennis ball in his hand."

Farouc Jaffer returns next year playing both doubles and singles. Farouc has that strange ability of making his opponents think they're in for an easy match and proving them otherwise. AKA "The Wall."

Gil Kang came to us as a senior. Gil played both singles and doubles. The usual comment from most coaches was how quick he was on the court. We're only sorry Gil didn't bring his talents to us as a sophomore.

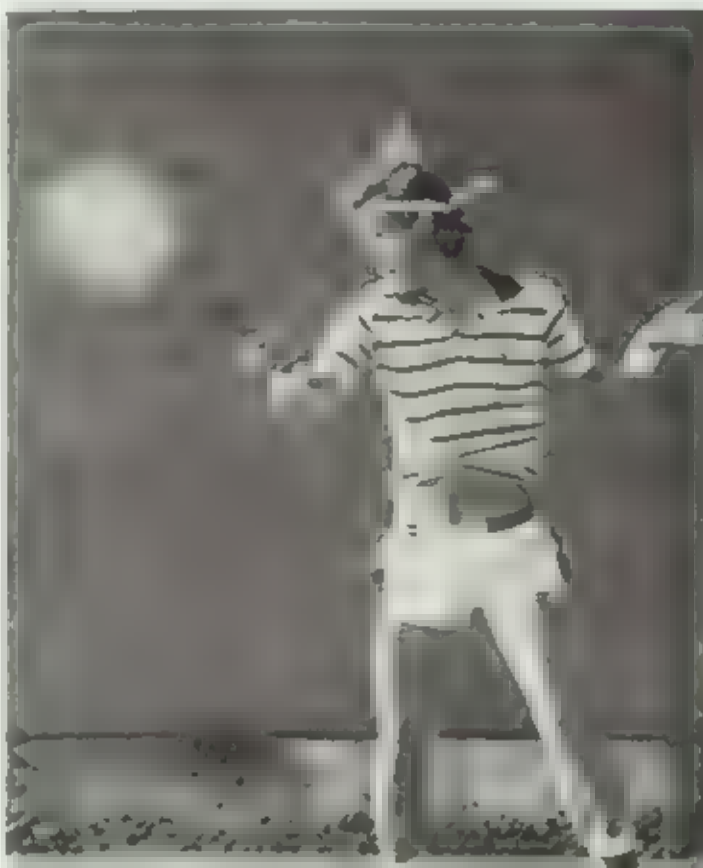

Bryan Oliver is the "up and coming" newcomer to the group. Only a sophomore, Bryan played varsity singles and doubles. "You'll be hearing more about this kid in the future!"

Todd Mendleson, a junior, was able to play varsity this year and earn his letter playing doubles. Todd has a lot of potential as a top doubles player in the league next year. "Keep working on that serve, Todd!"

## CIF Bound

### The Season — Varsity Tennis

This year's team made it to the play-offs again as they did last year. Foothill, once again, dominated the league leaving Canyon to battle it out with El Modena for the second place position. The remainder of the teams in the Century League proved to be no competition for Canyon as they rolled over opponents with scores like 24-4, 22-6, 26-2, and 21-7. Canyon hosted the First Annual All County Team Tennis Invitational this year, placing second out of eight schools! Canyon should do very well in the league final play this season with our number one singles and doubles players seeded highly in the tournament.

A special thank you! The Canyon tennis program wants to say a special "THANK YOU!" to the following people and businesses for their continued support

"Mr. Hollywood" AKA Coach Mansfield. "Dude" Keeping his eye on the ball. Nhon Du... takin' it easy after a tough point. George Shahin displays his blistering backhand. Returning a serve Matt Tucker follows in to the net. Mike Tramm charges the net and takes a high forehand vol... Todd Miller shows us what tennis is all about... concentration!

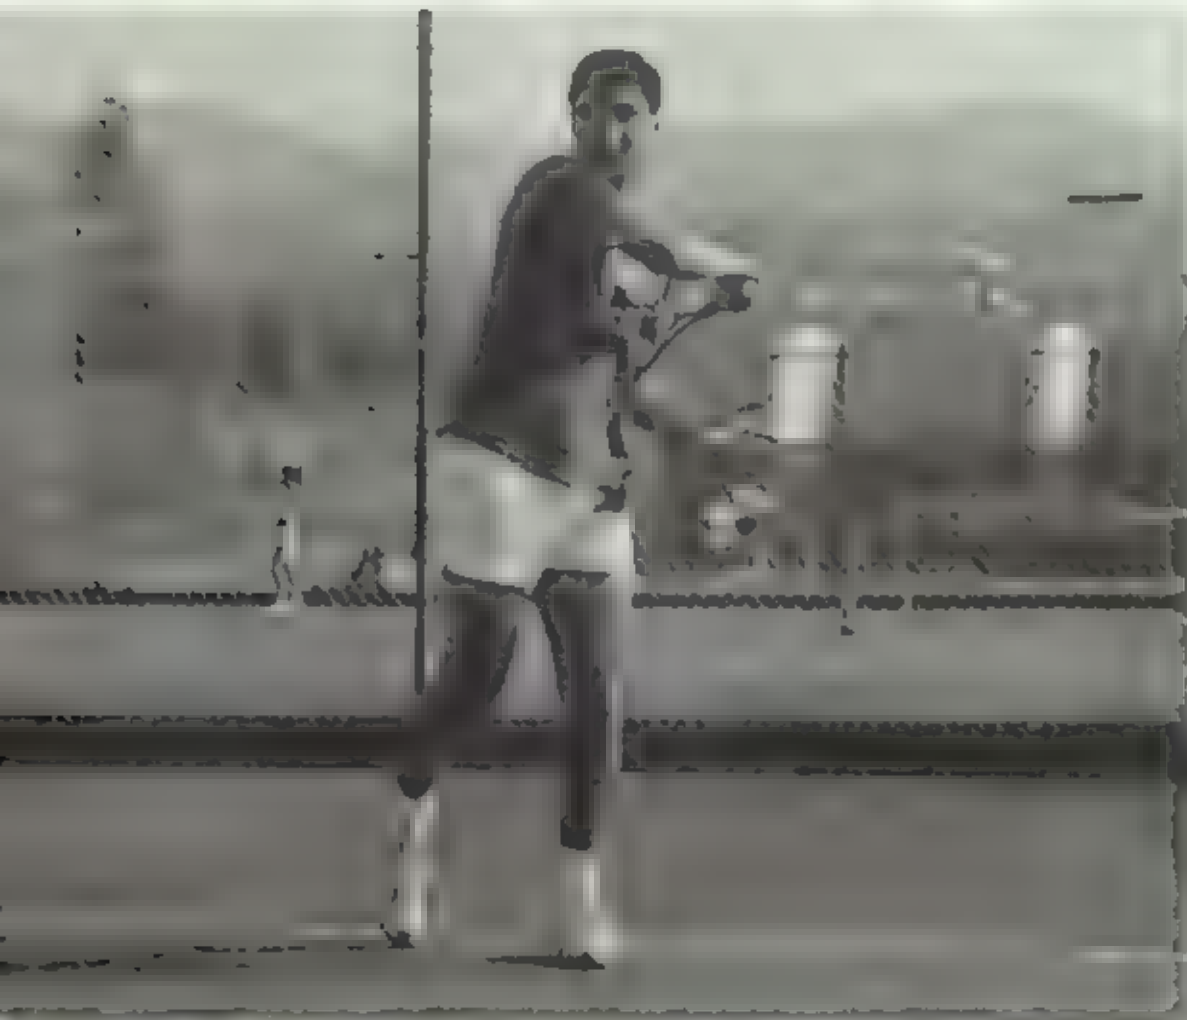

# "Workin" Their Way Up!

## J.V. Tennis — Workin' their way up!

Under the new leadership of coach Jim Mansfield this year's JV squad looked like a strong up and coming team. Mostly sophomores, the team lacked experience. This inexperience began to show early in the season as the team struggled competitively. But with the right coaching and guidance from Coach Mansfield, the team was able to turn its season into a successful one, if not a winning one.

Matt Tucker led the pack, playing number one singles and doubles during the year. George Dudenhefer proved to be a strong doubles player using his

height as an advantage at the net. George Shahinian added extra strength to the team overall, playing after soccer ended. Nhon Duong was a surprise and a living testament to the saying "good things come in small packages." Also, adding to the overall depth and strength of the JV squad are sophomores Todd Miller, David Andre, J.R. White, Pete Weller, and Richard Lo. Coach Mansfield, a graduate of Canyon High himself, believes in a well disciplined and hardworking team. The efforts he has brought to the tennis program will surely begin to pay off in seasons to come.

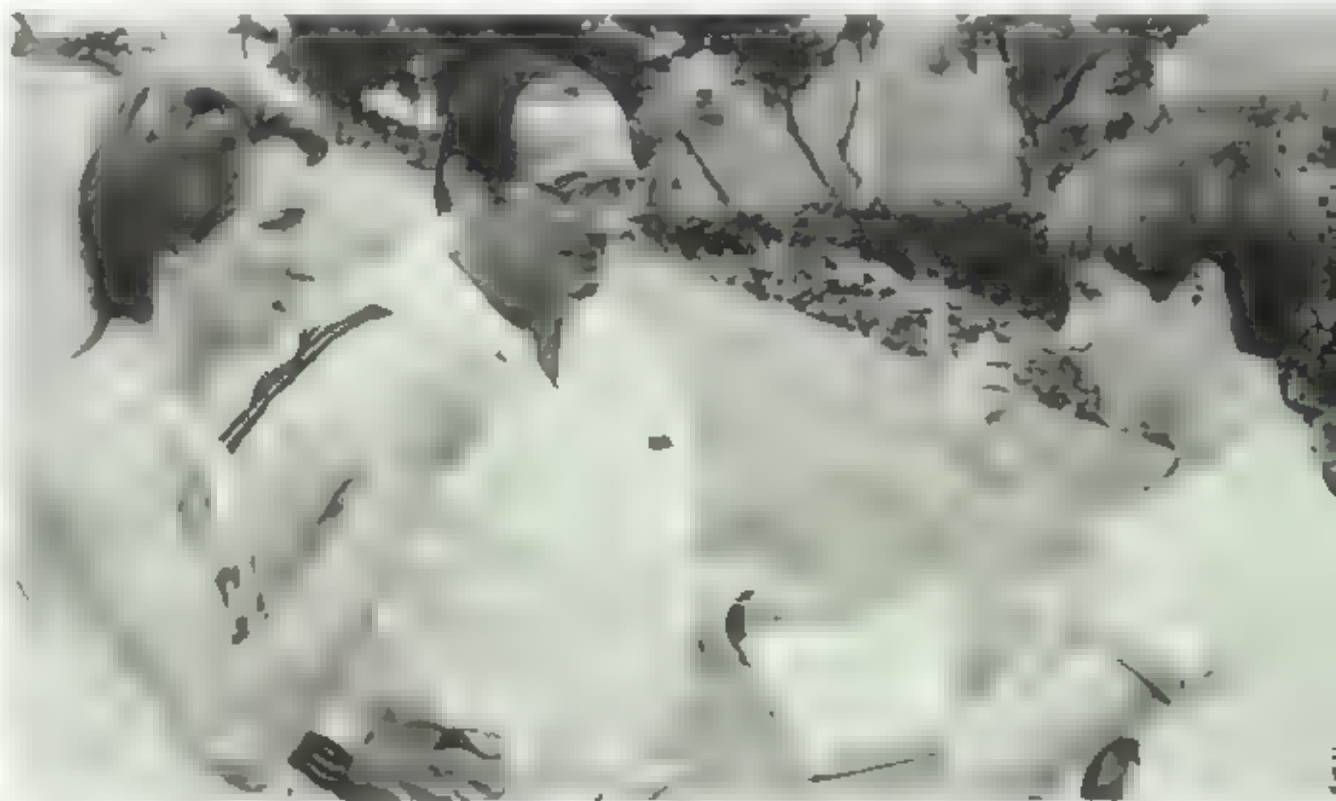

## Fortune Hunters

The fortune of Canyon track falls on the shoulders and legs of seniors Richard Licerio (100, 220 long jump), Chris Califano (shotput & discus) and junior Greg Neitzel (mile & 2 mile). These three are the strength of the track team as Canyon runs through the tough Century League. The support for this group is provided by Kurt Westman, Brad Anderson, Troy Miller, Brian Fisher, Chris Lewis, Mark Bowman,

Matt Alano, Greg Munro and Jim Mury.

The weekly ratings in the Register usually contain several Century League track athletes and often it is a Canyonite in the top 5 marks in the county. Already this year, Richard Licerio has set a new school record in the 100, Brian Fisher is approaching 13 feet in the pole vault, and Chris Califano is slinging the discus over 150 feet.

# Running Braves

The future is always in the lower divisions, and Canyon appears strong in the JV and Soph divisions. Junior Sprinter Brett Hatz is undefeated and usually wins 4 events. John Szary has also been successful in the hurdles. Long jumper and triple jumpers like Matt Heydon and Felix Dejesus also score some of the Canyon points.

Because of the success of these teams, look for a very strong varsity squad in the future. The coaches, Pycior and Owens predict big things to come.

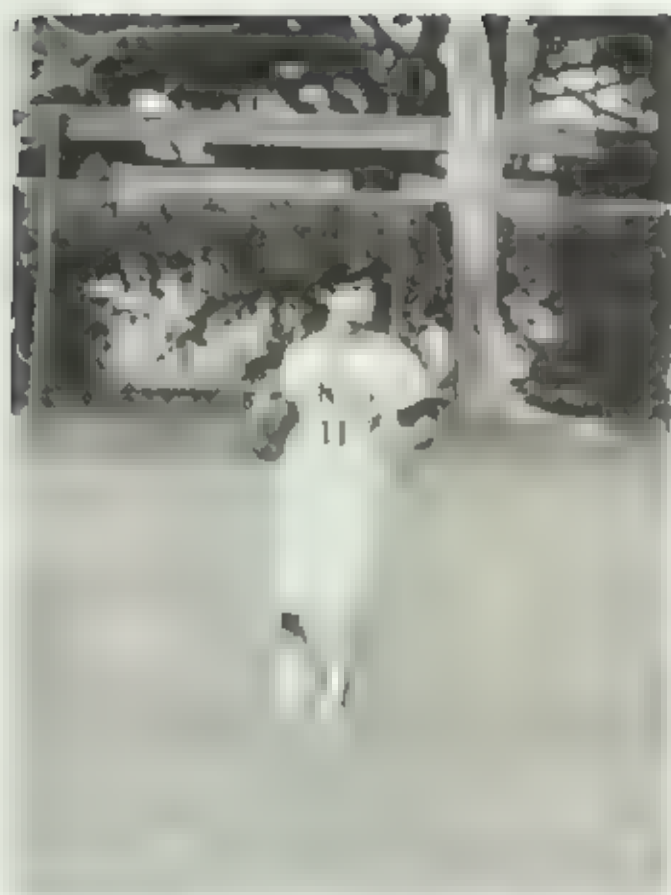

## Whack!

Our Varsity Baseball team started the 1985 season with an awesome challenge. The prospect of following the footsteps of the 1984 C.I.F. AA champions may have been difficult for some teams to handle, but this band of Comanches has met the challenge head-on in the best possible way. Through the first seven games of the season Canyon is undefeated including a 12-3 trouncing of Orange in the first game of Century League play.

Three members of the 1984 championship squad are showing the way with their mature leadership and sparkling play. Eric DeGraw, Steve Milledge and Pete Weber make up the best outfield trio in Orange County. Beyond their defensive excellence they are hitting up a storm! Milledge has a .625 batting average, Weber is on a hot streak at .500 and DeGraw is at a steady .38. Little wonder that they lead the Comanches to the number one ranking in Orange County.

Leonard Damian, a senior who transferred to Canyon this year, is top man on an outstanding pitching staff. Leonard has been credited with four of our early season wins. Juniors Wayne Elmore (2) and Mike Townsley (1) have both pitched spectacularly thus far. No one knows just how far this Comanche baseball team will go in their quest to repeat as C.I.F. champions. What is known is that they are a good, solid, hustling and highly motivated group of fine athletes.

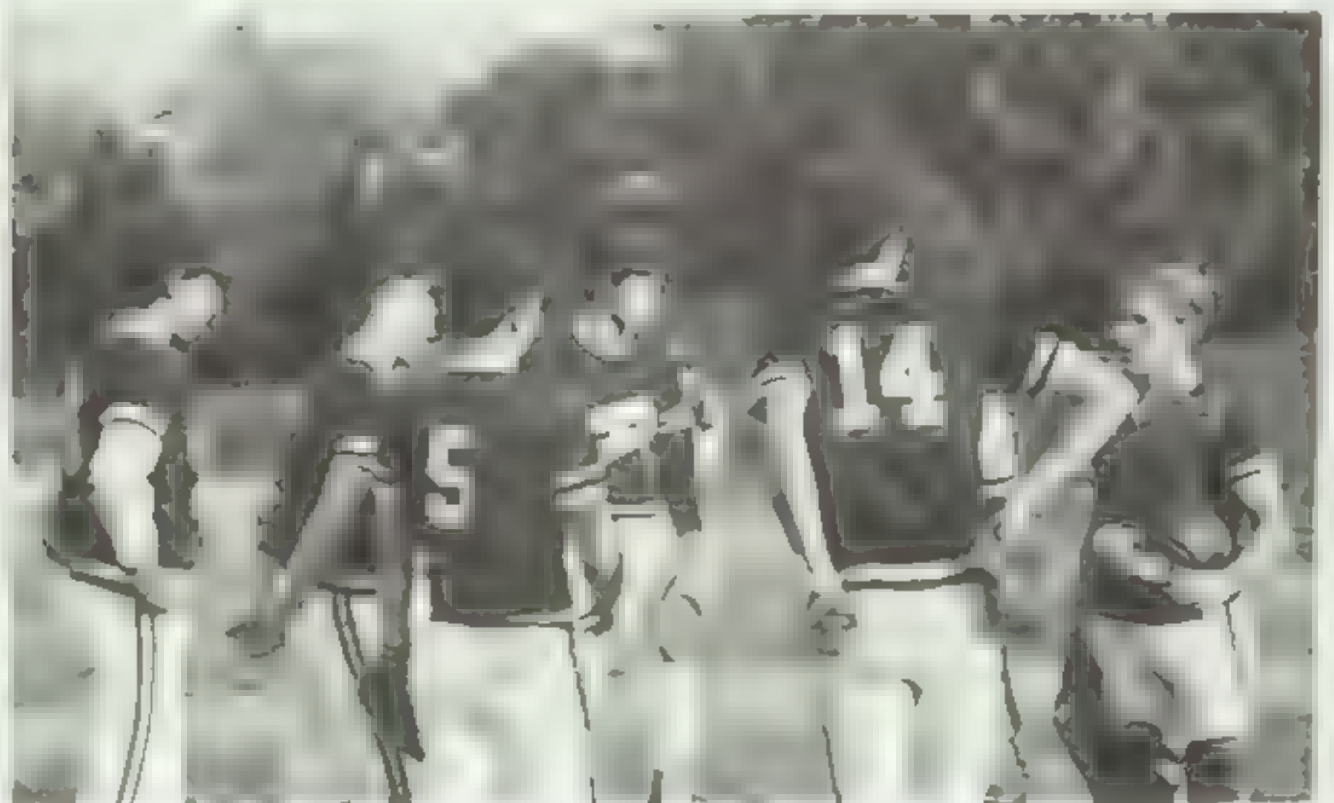

# Play With Intensity

This year's Junior Varsity baseball team has a lot of fine talent. Starting with returning Junior outfielder Chuck Zacour. Along with Chuck are three super pitchers, Scott Dennison, Larry Houck and sophomore Mike Weiss who have given up only 16 runs in 8 games for a combined record of 6 wins and 2 losses. The Comanche offense is led by junior Dave Temple who is hitting .435 with 2 triples, 1 home run, and 7 RBI's.

Helping Dave are Chuck Zacour hitting .429 and Dean Delgado hitting .412 with 8 RBI's. The Comanches' strongest point is their base stealing. They have stolen 33 bases so far and have only been thrown out twice. The defense holds firm behind the fine play of infielder Ralph Garcia, sophomore Mike Palacio and outfielder Steve Lichtenwalter. Coaches Craig Nance and Tom Hull feel if the team continues to improve and maintain their high level of intensity they will be a definite contender for the league championship

The Canyon first and second basemen, tense, waiting for the ball. — Jim Restivo from third base getting it on the hop. — The JV's #1 base stealer Dean Delgado, just making it back to first. — Scott Dennison, throws another flaming pitch. — Dave Temple waits at first — Just got them dugout blues. Big hitter at bat, with the team watching from the dugout. — Chuck Zacour with a lead-off at first. — Assistant coach Tom Hull giving signals from first. — A little team discussion led by catcher Mike Bird

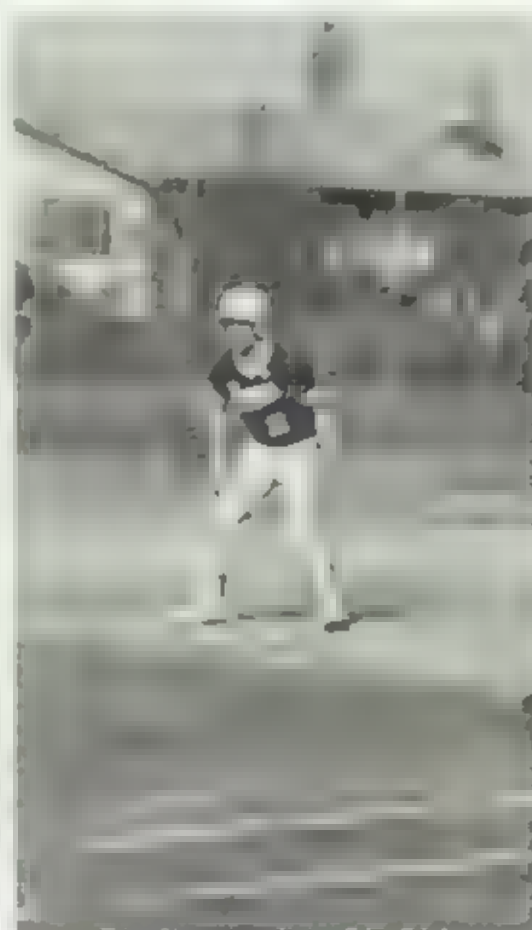

## Spring Heros

The Canyon sophomore baseball team, coached by Dick Milledge and Mike Rotsios, is off to a great start this year. They are 3-0 with wins over Tustin, Santa Ana, and Orange. Most of the credit goes to the pitching of John Harper and David Bladow. John Harper is 1-0 with a shut-out win over Orange, while Dave is 2-0 with a spectacular job of holding Tustin to just 2 runs. The infield has done exceptionally well, consisting of Mike Oehler and Darrin Wilson trading off as catchers, Christ DeLalio at first base, Dennis McCulloch and Troy McClintock trading off at 2nd base, Matt Vigione at shortstop and Mike Glennie and Mike Wallace trading off at 3rd. The infield has committed very few errors with a lot of outstanding plays. The outfield has 5 main players, starting from left, it goes Jerry Hall, Tom Preble, Dennis Olchick, Joe ElGundy and Gary Clouered. With their speed, rarely does a ball get past them. The sophomore team has excellent hitting and power. Matt Vigione usually gets on base with clutch hits, while Chris DeLalio has the power. The team hopes they can go on winning and keep up the Canyon tradition.

# Golf!

Smacking the ball down the fairway with a wood puts him on the green. — Get out the ole sand wedge! — Showing good form on the tee off — Two of the team members discussing the next long hole. — Playing in the trees is one of the necessary skills at Anaheim Hills. — Here we see a player lining up his putt, figuring the break, speed of the grass, and the force that he puts on, a regular physics class! — 3 of the players just dreaming of an electric cart. — Scenery is why many people play golf. — Coach Hust likes to get out on the links too!

Canyon's 1985 golf team continued to show improvement as each week passes. Young and inexperienced, the Comanches defeated both Magnolia and Orange to take over second place in league. Canyon has been in the Orange League for the past three years, finishing first two of those three years. Canyon plays home matches at Anaheim Hills Golf Course while traveling to many of Southern California's finest golf courses.

Canyon's golf team is led by seniors Mike Herman, Jeff Bergman, and Eric Leist. Sophomores Roy Sakai, Jim Burlingame, Dean Muccillo, and Garrick Russell show signs of future success. If the Comanches continue to improve, they will qualify for CIF for the fifth time in six years.

Between 550 and 600 applicants arrived at Los Amigos High School for flag tryouts. They all were taught a short routine and randomly chosen to perform, ten at a time. Five girls from Canyon were notified by mail that they had been chosen to perform in the 1984 Olympic Ceremonies!

Shortly, Kelly Barber, Diane Atkin, Maria Kroesen, Karen Ward, and Rene Englert were informed of eight hour practices to be held daily at El Segundo High School. Twelve hour rehearsals were said to be needed as the ceremonies drew near.

Coliseum under construction it was filled with people preparing for the 1984 Games, along with this magnificent, 400 strong flag team!

Exhaustion and frustration were a large part of these practices, but the actual performance brought on a great feeling of pride. The girls were given certificates, opening and closing ceremony programs, and most importantly their flags (now said to be valued at over \$2,000 a piece). Their experience will always be remembered.

The summer of 1984 is one that Christy Lovoy will remember for the rest of her life. Christy, a junior, was chosen to run one leg of the Olympic Torch Relay and ran proudly in her Olympic uniform with the Olympic torch held high.

How was Christy chosen? Well, we could say it was the luck of the draw but really it was the luck of two draws! All Anaheim high schools were contacted to send the name of a high school track athlete, and Christy's name was drawn. Then of all the Anaheim high schools' nominees, Christy Lovoy's name was drawn again!

A Japanese high school student was also chosen to run a kilometer leg and was flown over to stay with Christy's family during the occasion. The two \$3,000 sponsor fees were paid for by a Japanese businessman from Anaheim's sister city in Japan.

At the completion of her one kilometer run, Christy lit the torch of her new Japanese friend and the flame continued its historic journey to the Los Angeles Coliseum, site of the 1984 Summer Olympics.

# "TIME, SWEAT, AND TEARS"

In the shadows of our league champion varsity team, the J.V. volleyball team, 3-1 and 4-12 overall, fought their way through a tough season.

The J.V. girls, 1-1 in pre-season play, began league with two impressive wins. After beating Santa Ana in two straight games, Canyon traveled to Orange to play a stubborn Panther team. Our girls had to come from behind to win the match in the game 15-13.

Now 2-0 in league, the J.V.'s were looking forward to yet another successful season. But a surprise was in store for the hopeful Comanches. They were to lose their next eleven matches before getting a final victory over Villa Park 15-9, 15-9, in the last match of the season.

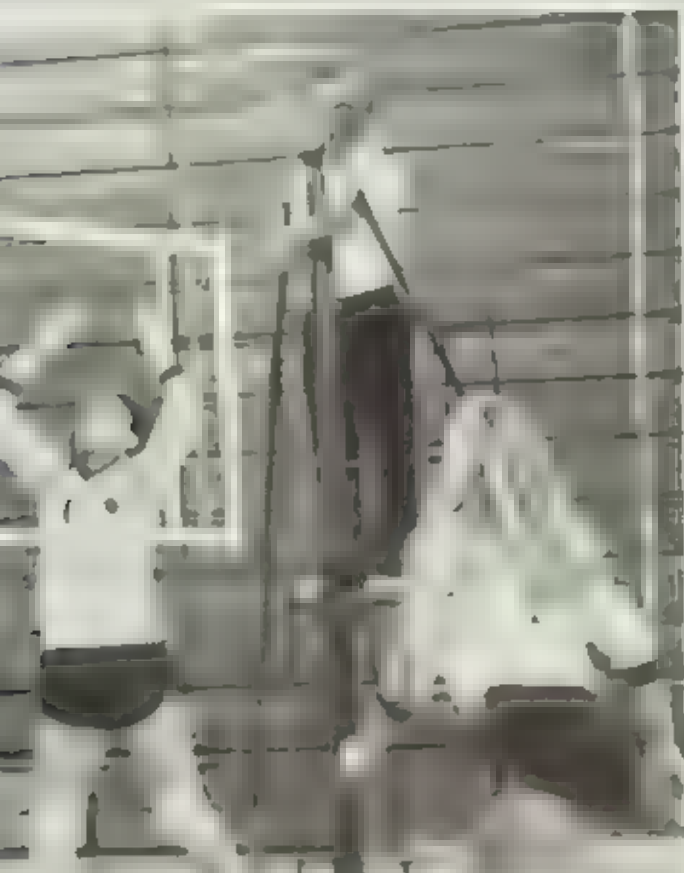

Unfortunately, the scoreboard does not reflect the many hard-fought matches our girls had. Many losses came with scores of 13-15 or 14-16. Excellent playing highlights the season throughout.

This year's squad was led by captain Diana Cerda and Michele Cipolla. Diana was our leading power-hitter and serving talent. She will be a great asset to next year's varsity squad. Michele, also an "all-over-the-court" player, used her talents in the passing, serving, and hitting areas. Our "quarterback" this year was setter Julie Harmon. In her first season with the team, Julie was able to fill the difficult position of setter with skill and confidence. Rounding out the rest of the J.V. squad was junior Kristin Ballard and sophomores Julie Budd, Katie Huennekens, Lisa Chaves, Missy Lofquist, and Sharon Gerhard. Sophomore Chanel Williams was unable to finish the season with us due to injuries. Coach Hamel would like to congratulate all the members of the J.V. squad for their determination and unwillingness to quit. "Only on the scoreboard did you lose. On the court, you were all LEAGUE CHAMPS!" — Coach Hamel

Block that spike! Katie Huennekens and Michele Cipolla display their talents. J.V. members observe play. 1984 Volleyball Team, Top, l to r: K. Ballard, S. Gerhard, K. Huennekens, M. Lofquist, D. Cerda, J. Budd, and Coach Hamel. Bottom, l to r: L. Chaves, M. Cipolla, C. Williams, and J. Harmon.

"Quarterback" Julie Harmon sets the ball. Michele Cipolla bumps the ball with a bump. Coach Harnel gives his Lady Comanches a little pep talk. Varsity member Danyell Rogers is up for another tremendous spike.

The Varsity Volleyball Team once again dominated the Century League. The girls improved their 1983 record of 13-1 with a perfect 14-0 season to sweep first place. The closest team to the Comanches was Santa Ana, still with four losses. The reason for the dominance in Century League volleyball is three seasons of hard work to develop a strong club.

The members of the 1984 undefeated league champs are:

- Becky Bolander - Sr. Setter Hitter 1st year Varsity, 2 years JV
- Karen Gerhard - Sr. Setter 2nd year Varsity. Most Improved Player 1984. Primary setter all season, controlling the offense. \*1st team All-League 1984
- Amy Hayes - Sr. Middle Hitter 3rd year Varsity. Most Valuable Player Century League. Team Captain. \*1st team All-League 1984

- Kathy Hirsch - Sr. Middle Hitter, 2nd year Varsity, Team Captain, middle back defensive player. \*2nd team All-League 1984

- Jamie Joseph - Soph. Outside Hitter, Varsity player 1st year at Canyon earned by tough training in summer program

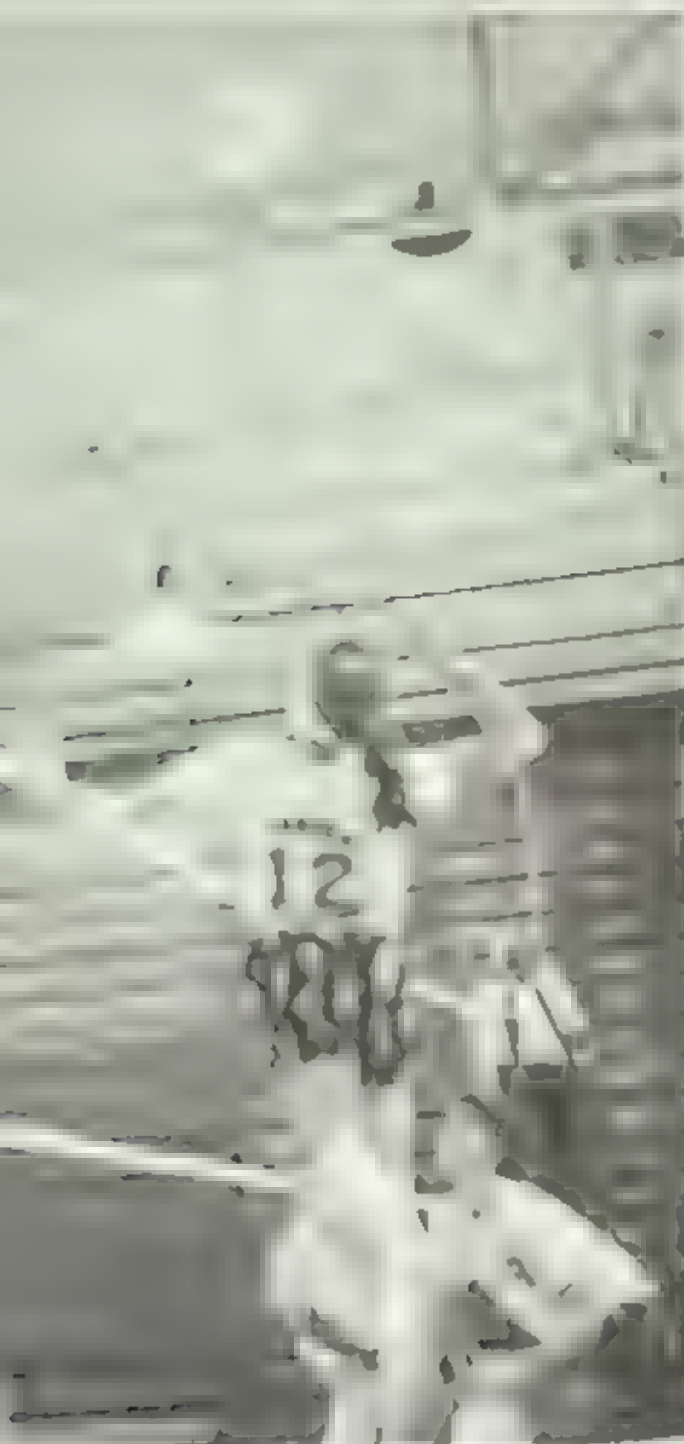

- Kristin Koegeboehn - Sr. Outside Hitter, 2nd year Varsity. Starting position opposite setter. Consistent server

- Lynn Lattargue - Sr. Outside Hitter, two years JV; started all league games as outside hitter. Tough server

- Nancy Porter - Soph. Outside Hitter, Varsity player 1st year at Canyon. Will be excellent blocker/hitter her 2nd year Varsity

- Danyell Rogers - Sr. Outside Hitter, 2nd year Varsity starter, Coaches Award

- cont on pg 214 -

Pre-game cheer seems to put everybody in a ready-to-win mood! Eying the opponents, Lynn Lallargue is congratulated by Kathy Hirsch. Comanche's Amy Hayes displays the "bump kathy, on the alert!"

— cont from pg 213 —

1984 for all-around ability and team-play.  
\* 1st team All-League 1984

Canyon played in three pre-season tournaments. The first beginning in June 1984. Pre-season training for these tournaments began May 1, 1984 and continued through a six-week summer program. Canyon qualified for the play-off rounds of the Watts Summer Games Volleyball Tournament, and the Desert Classic Tournament. The team took fourth place in pool-play of the Orange County Volleyball Tournament.

In league play, the varsity plays a 3-out-of-5 game match; and only three times in 14 matches did a team take Canyon to three games. In ten matches, Canyon won three straight games to maintain the

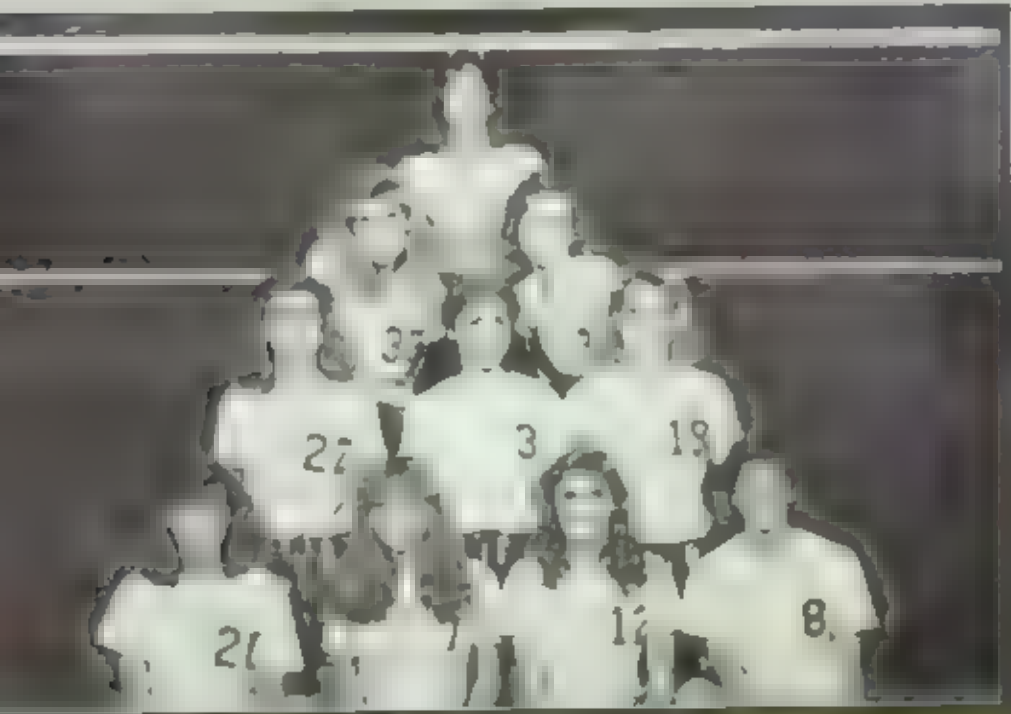

superiority in the Century League.

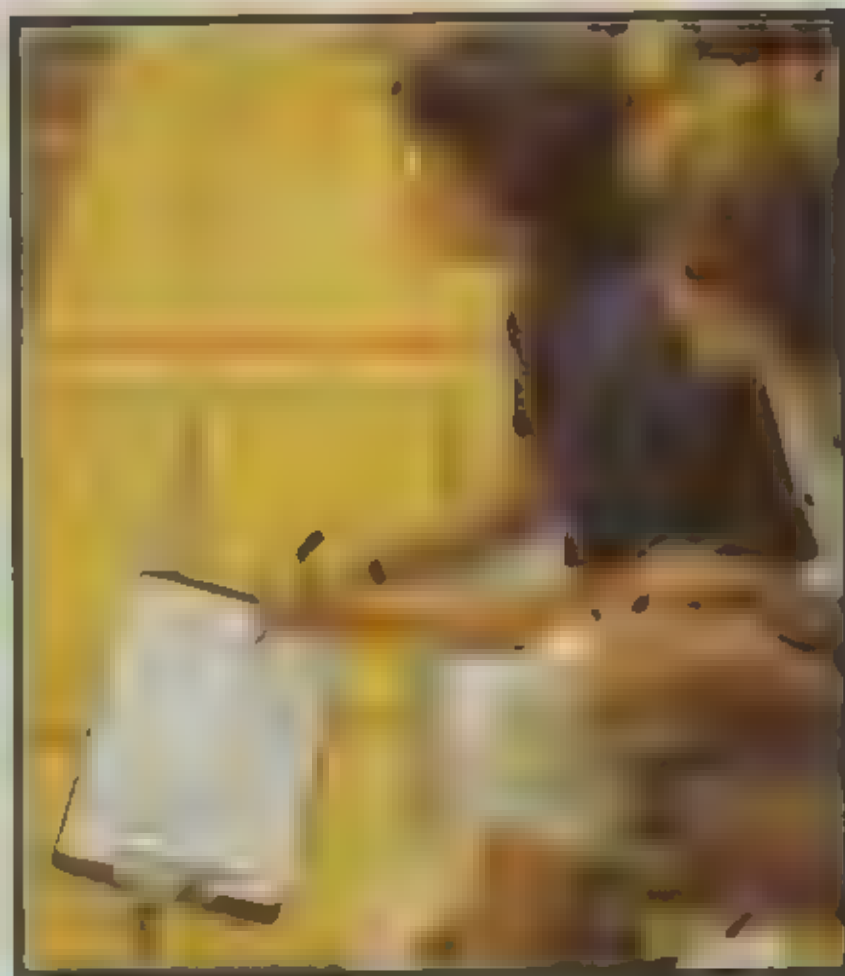

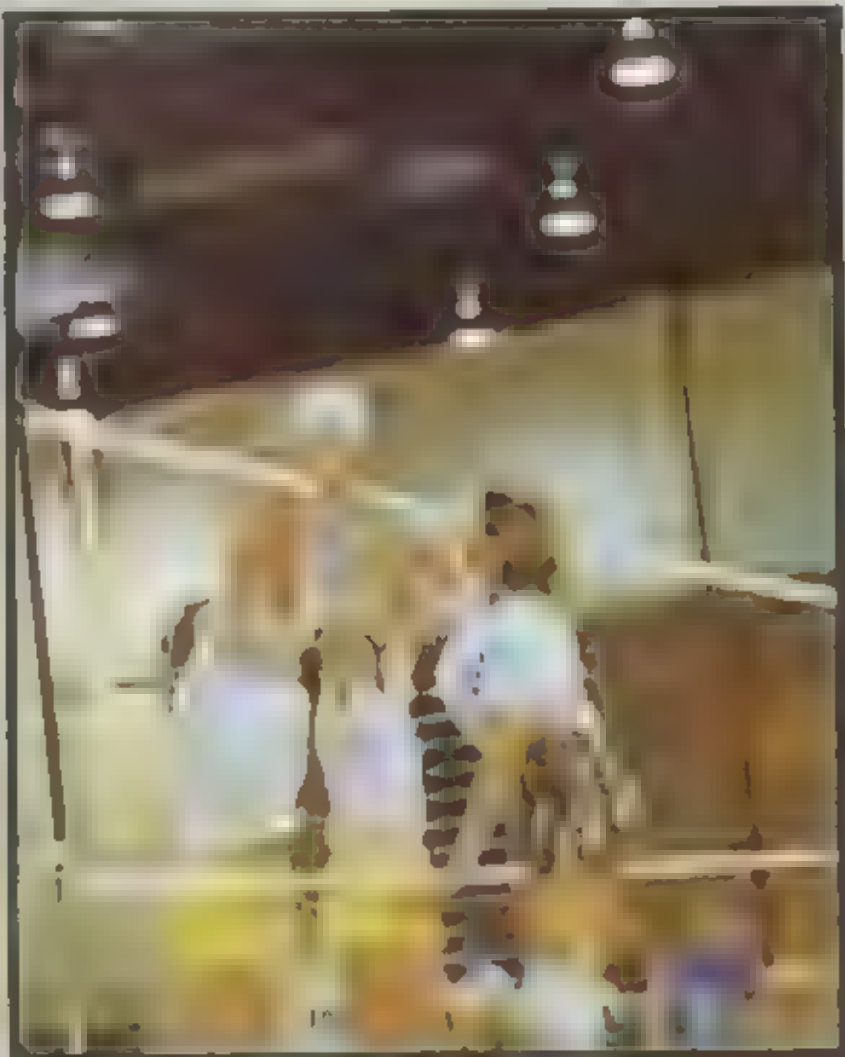

1984 was the first year the Century League competed in the 4A division for volleyball. The step up made the first round of CIF a tough one. The match ended after four games with Canyon playing their toughest match ever, but being defeated. The loss was a heartbreaker, but a hard fought one by a team of committed, aggressive athletes.

I have been the Varsity Volleyball coach at Canyon for four years now, and the team of 1984 is one of the greatest groups of individuals I have ever had the joy of coaching. I want to personally say thank you to Becky, Karen, Amy, Kathy, Kristin, Jamie, Lynn, Nancy, and Danyell . . . Thanks for believing in yourselves; you will always be very special to me. Thanks for all the time, sweat, and tears! — Cush

Karen Gerhard, performs her task with both ac-  
curacy and skill. Coach Cushing observes all the  
talent of her well-coached team.

# Poise & Pride Throughout

This year's varsity girls' tennis team carried eleven players, including four returning veterans. Coach Jeff Rose, in his second season at Canyon, was quite proud of the poise, pride, and sportsmanship his team displayed throughout the season.

The varsity tennis team finished fifth in the powerful Century League this season, with an overall league record of 6-8. Led by returning juniors (co-captains) Celeste Collins, and Angela Herrman, and senior Merisdeh Nourbakhsh, the varsity singles team was very strong. Many of the matches were won on the strength of these outstanding athletes.

The varsity doubles teams included seniors Wendy Maimbourg/June Cierpial, Joanna Sullock/Laurel Gundrum, and juniors Bonnie Cohen/Tracy Woodman, Sally Dang/Minou Chou. All doubles teams play consistently well and improved throughout the season.

Nine varsity players represented Canyon's tennis team at the CIF individual tournament. All players did

Senior Laurel Gundrum returns the serve. 1984-85 Girls Varsity Tennis Team

well, winning at least one match in the tournament. Celeste Collins and Mersedeh Nourbakhsh teamed up in doubles and with superb play took second place in the tournament to everyone's delight! They represented the Century League in the CIF Southern Section Play-offs held at UC Irvine on December 1, 1984.

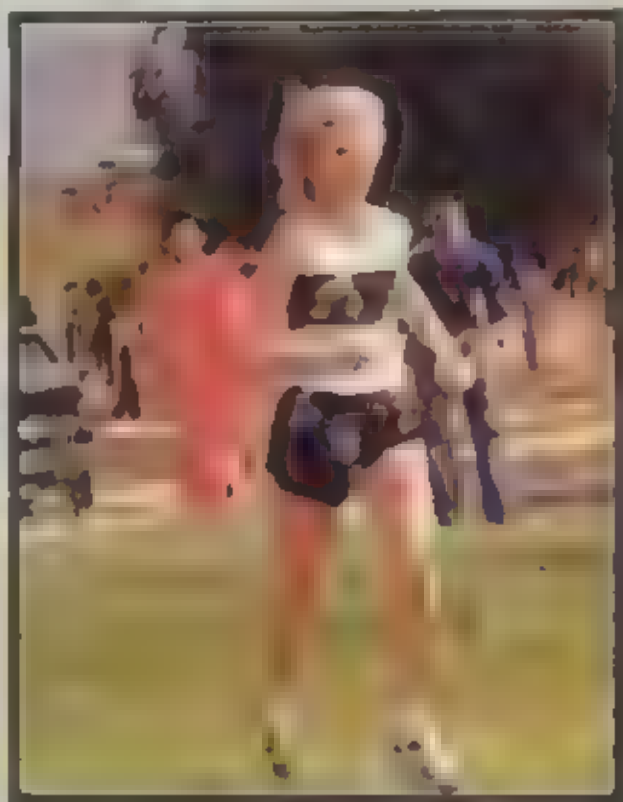

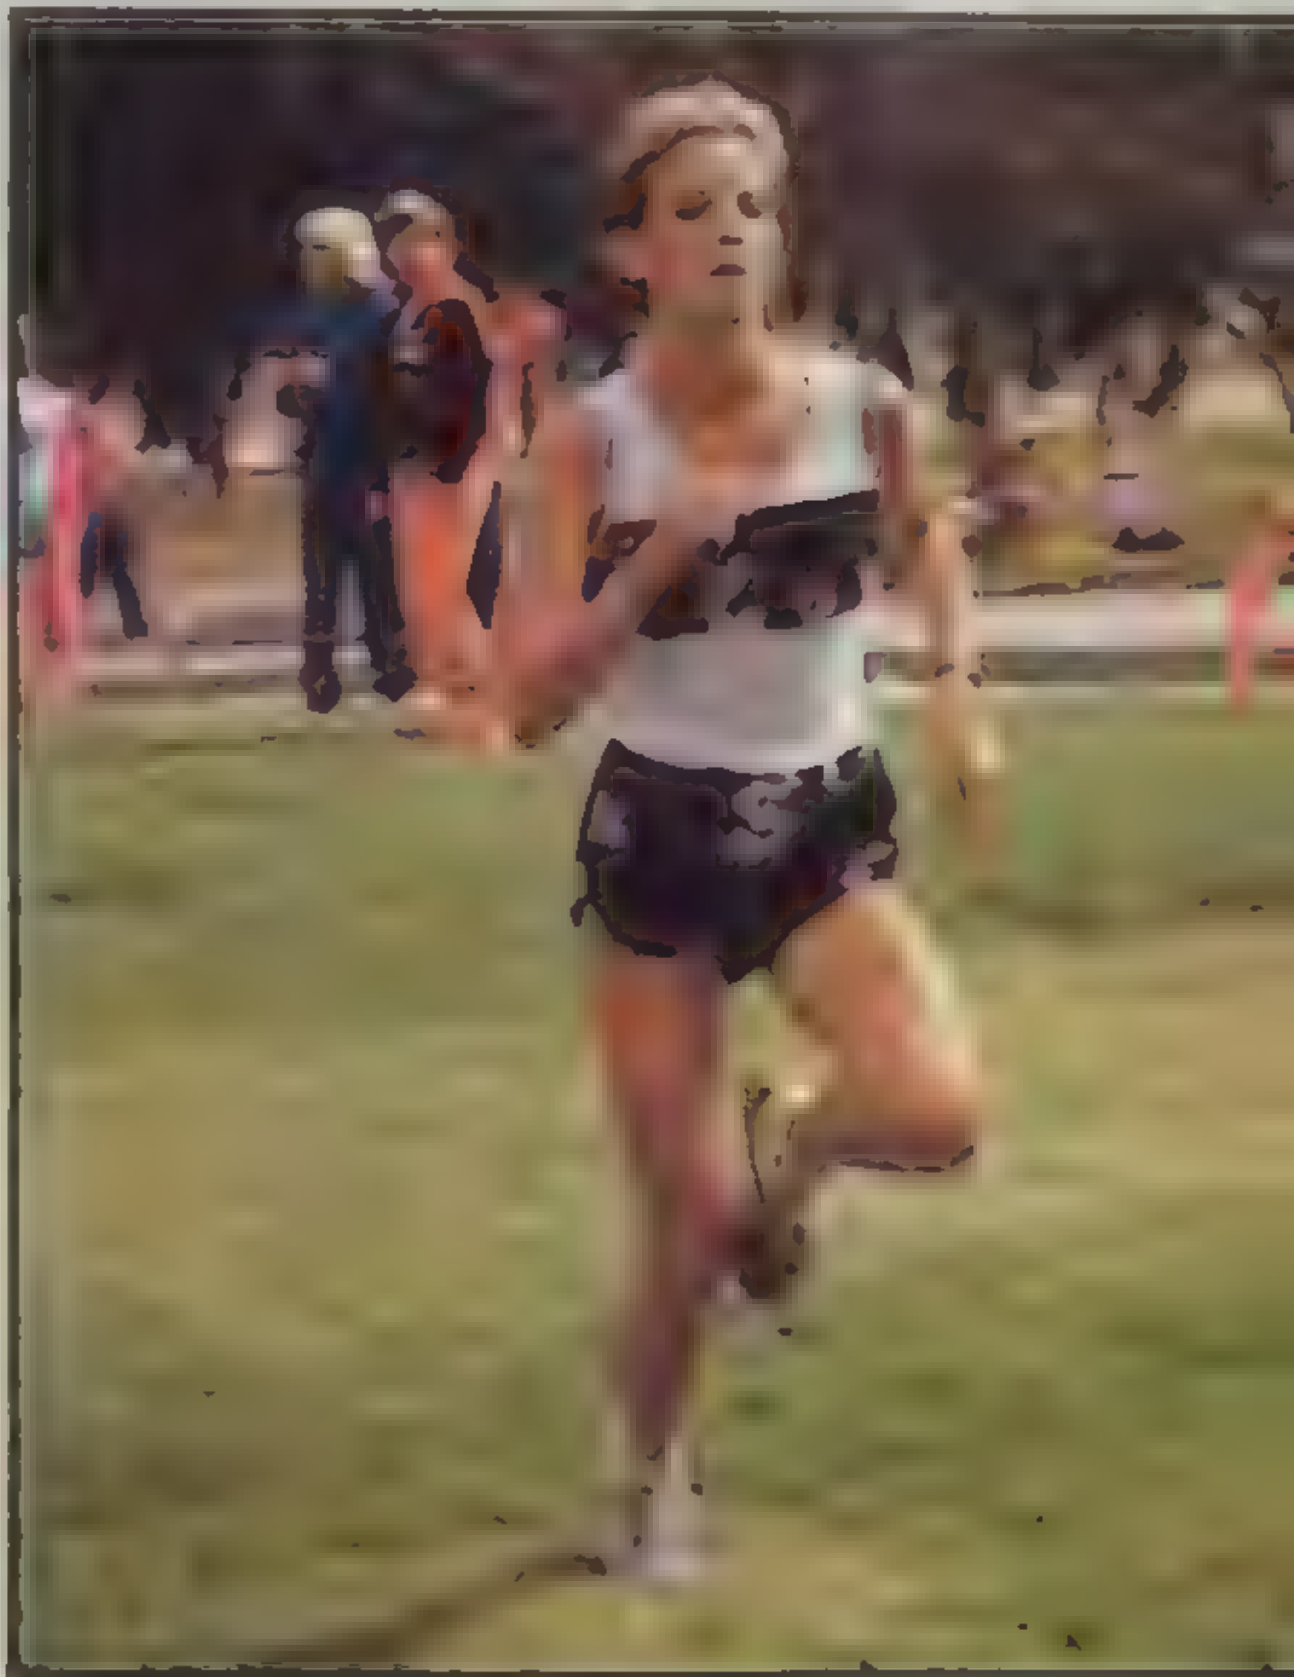

# Hard Work Pays Off — CIF!

Pre-season conditioning began with 8 action-packed days at Yosemite. With over 20 runners from Canyon and Sunny Hills, and great weather we started summer with a light running schedule and many hikes including Half Dome, Yosemite Falls, Bridalveil Falls and Glacier Point.

Upon returning from Yosemite we began summer training with our 'advanced' group meeting at 7 a.m. and the "beginners" at 5 p.m. After 4 weeks of daily training with much improvement 27 of our runners spent 8 days at our annual Mission Bay varsity X-C camp by the beach in San Diego. Training runs were held at 7 a.m. and 5 p.m. with lots of fun activities in between.

Competition started in September with pre-season Invitational races at UC Santa Barbara and UNLV Las Vegas. Racing against tough CIF-caliber competition at UCSB, the Comanches finished tied for 3rd out of 6 teams, while at UNLV our girls won the championship for the 4th time in 5 years defeating teams from California, Arizona and Nevada.

At Las Vegas Canyon's 3 returning varsity runners, seniors KATHY KELLEY and SARAH McCracken, and junior HOLLY HOGAN, contributed greatly to the victory. KATHY and SARAH shared runner of the meet awards placing 1st and 5th respectively. KATHY KELLEY's first place finish was Canyon's first Invitational win since Kim Volmer's Costa Mesa win back in 1977! But the big surprise was sophomore — cont. on pg. 220 —

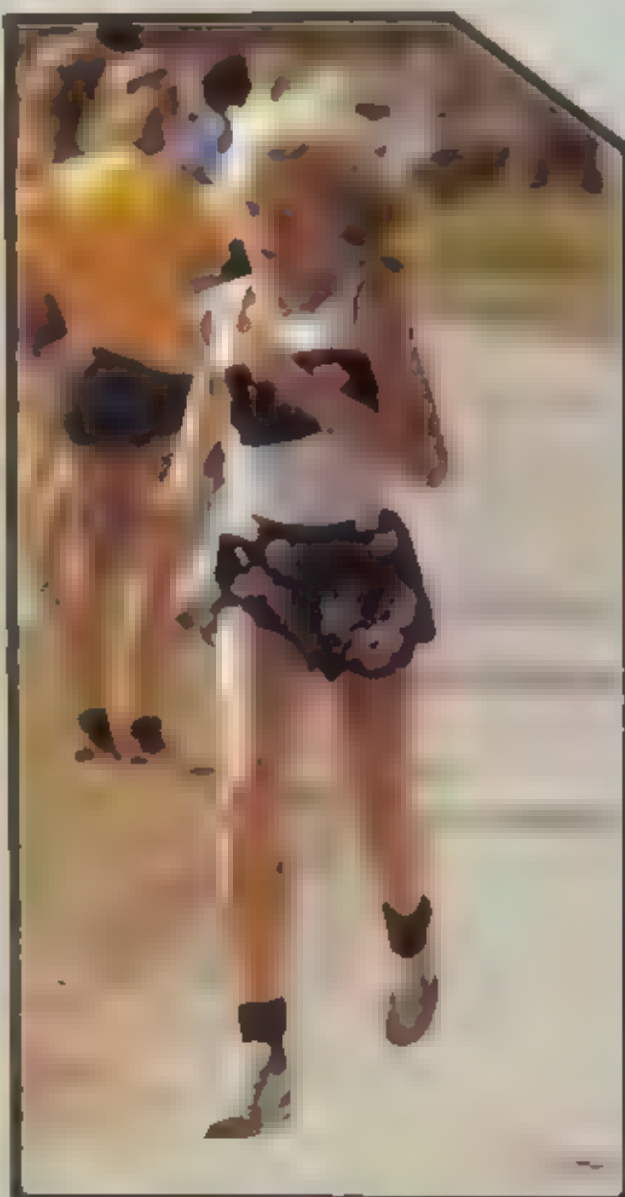

Shelly Everett sprints in the last 100 yards of a 2.5 mile race. Eyebrows lowered, Kathy Kelley intensely races to a strong finish. The 1984 Girls Cross-Country Team.

Coach Sayward analyzes the results of the past races. Erin Case concentrates on her finishing kick. Sophomore Janell Dovalina runs a grueling race at League Finals. Teammate Christy Lovoy is there to aid Denise if she needs a helping hand.

*'Feet don't hurt me now' sophomore Karina Kampel might be thinking Senior power Sarah McCracken runs another lap race. Kathy Kelley clocks stride for stride with runner Laur Keider. Sarah helps a final stretch before her race.*

SHELLY EVERETT'S 2nd place finish -- sign of things to come later on in the season.

To open our Century League season the Comanches traveled to Irvine Park to race the 1983 #3 CIF team Foothill. Although leading through the first half of the race, the determined Comanches were overtaken by a strong-finishing Foothill team. On the bright side, KATHY KELLEY again finished first winning runner of the meet award and was honored as Athlete of the Week by the *Anaheim Bulletin*. After an easy non-league win over La Sierra, and league victories over El Mo and Orange in which SHELLY EVERETT finished in first place winning the runner of the meet award, the Comanche sophomore team traveled to the Esperanza Invitational and took 3rd place, but the exciting news was the 1-2 finish by SHELLY EVERETT and ERIN CASE over a field of 114! For the tremendous efforts SHELLY and ERIN shared the runner of the meet award.

Tustin, the 1983 CIF champions, and Santa Valley were next to visit Canyon. It was a opportunity to see how we compared to the CIF champions but once again Tustin held off an enthusiastic Comanche challenge.

On the bright side several new marks were established led by KATHY KELLEY. Canyon record of 18:42 bettering the old record of 19:25 that was set by Heidi Hoga in '81! For this effort KATHY was awarded runner of the meet. SHELLY EVERETT also was pulled under the old record finishing 14:19.

Spirits were up as the team raced in low-key Buena Park Invitational with KATHY KELLEY again finishing first overall and again being awarded runner of the meet. The team took second place as KATHY KELLEY, SARAH McCracken and HOLLY HOGAN won varsity medals. KATHY is the only girl in Canyon's history to win 2 Invitionals in one season. In the sophomore race 5 girls won medals with top 15 places. DENISE LA BREN (8), KARINA HAMPEL (13), LAURIE SHEPARD (14) and ALISON COOK (15), to earn a 2nd place team finish for Canyon.

Our next meet took the varsity and JV teams to Oceanside where the best from

Counties raced over a 2.5 mile course. Canyon and Santa Ana, ranked 9th and 12th respectively, were Orange County's lone representatives and fared very well against teams from L.A., Riverside, San Bernardino, and San Diego counties. Out of the 13 teams, Santa Ana placed 2nd and Canyon 4th with DENISE LA BRENZ winning runner of the meet honors.

Not only did this remove Canyon from the top 10 rankings (replaced by S.A.!) but it made our next meet more interesting as we had to meet Santa Ana and Villa Park in our next league meet at Santa Ana's home course!

It turned out to be an exciting dual between the Comanches and Saints as both had lost 2 meets and were in a must-win situation in order to earn a CIF place. Our girls came through with clutch performances: KATHY KELLEY (1), SHELLEY EVERETT (2), ERIN CASE (6), HOLLY HOGAN (8) and SARAH McCracken (11). We barely escaped with a 1 point victory 27-28! HOLLY HOGAN was awarded runner of the meet for her effort. In the J.V. race an indication of things to come were the many life-time best performances over this fast course. No more than 7 of our 10 J.V.'s set personal times led by sophomore SANDI PARK's 22:14.

With spirits high and a 5-2 Century League record, we prepared for the tough task ahead — League Finals with tough competition against Tustin, Foothill, and Santa Ana. Again, it was a must-win situation where Canyon had to defeat one of those 3 teams to go on to CIF!

In an exciting Finals race our girls again came through in a tough situation. Running very determinedly SHELLEY EVERETT (4), KATHY KELLEY (5), and ERIN CASE (7) all placed in the top ten and with sophomore JANELLE DOVALINA (27) and SARAH McCracken (28) rounding out the top 5 scores, our CIF place was ensured.

Sophomore ERIN CASE's race was a great surprise and she earned runner of the meet honors. Perhaps more significantly though, ERIN joined KATHY and SHELLEY as Century League's All-League team, with Canyon having the most (3) representatives of the 8 schools.

Of the 17 Comanches that raced in — cont on pg 222 —

Woowoo Ellen Wu appears from the camouflaged course. Junior Chrsty Lovoy explores Eisenhower Park's course. Lauren Shepard endures that last mile.

— cont from pg 221 —  
 their final 1984 league competition, 13 recorded the fastest time of her life! A great way to end the season especially for the JV's several of whom looked back to their summer beginnings when they could barely run 1 mile without stopping! SANDI CLARK and CHRISTY LOVOY led the JV's with RUSHINA PATEL, KARINA HAMPEL, and LAURIE SHEPARD all breaking 23 minutes for the first time.

The varsity now had to prepare for CIF. They had done their part in up-holding a proud Comanche tradition — every one of Canyon's girls' X-C teams had qualified for CIF over the 9 years of CIF girls' X-C! Nine out of nine!

At Mt SAC, site of the CIF Championships, the Comanches raced 11 teams and finished 5th failing to make the finals by only 3 points! Although it was disappointing to finish so close the disappointment was offset by the fact that again our varsity 7 had raced tremendously hard against the finest competition. Because of her aggressive racing, JANELL DOVALINA was named runner of the meet.

With the CIF season over our attention turned toward regional and national competition. HOLLY HOGAN, running with the So Cal Roadrunners, qualified for the AAU Junior Olympics National Championships in Georgetown Texas. Four other varsity members also qualified for National Competition in the TAC USA Championships in St. Louis, Missouri. KATHY KELLEY qualified in the 17-18 division, while SHELLY EVERETT, ERIN CASE, and DENISE LaBRENZ all qualified in the 15-16 division. A fantastic end to a fantastic season!

1984 would turn out to be the finest in Canyon's 9 year X-C history, highlighted by team and individual Invitational wins, another CIF appearance, several course records, 3 runners named to the All-League team, and 5 more qualifying for national championships.

Prospects look very favorable for an even brighter future! The Comanches will lose only 2 of 19 runners to graduation, and with renewed enthusiasm and one more year's training, Canyon figures to be dominant in the Century League and CIF in 1985 and 1986.

— Coach M. Sayward

*Warm-up is necessary prior to races this routine is made enjoyable by Shelly, Kathy, and Sarah. Varsity runner Denise LaBrenz looks ahead for her next pass.*

Erin, Shelly (looking a bit nervous), and Coach Sayward anxiously await the arrival of the starter. Post-race conversation of Aree, Monique, Enka, and Jennifer is briefly interrupted for a quick picture. Looks like Sarah wants to save a bit of the action on film. Racing smoothly, Holly Hogan rides the shoulder of an El Modena opponent!

# Triumph Over Tillers

The Girls' Varsity Basketball Season was a good one filled with good individual and team performances as well as dramatic victories. Despite having only two players back the Lady Comanches posted an 8-6 record in league with a 13-9 mark overall. The first win of the season came in the Irvine Tournament against Dana Hills in a tough game 47-44.

Down at Laguna Beach, Angie Nelsen set a school record with 23 rebounds in a 66-17 triumph. Home against Westminster the Comanches eked out a narrow 52-49 win with some timely shooting. In Canyon's own tournament, the Holiday Hoopla, the Comanches blasted Santiago led by the scoring of Nelsen, Danyell Rogers and the steady play of Julie Harmon. In the next game, Toni Shirley tipped the ball to Angie Nelsen who made a shot with one se-

Get out there ~ demands Coach Reider. "and play your best!" Danyell Rogers has the advantage at the jump-ball. Senior Toni Shirley fiercely fights for possession.

cond left to give Canyon a 40-39 win over Katella. Although the Comanches lost in the championship to Kennedy, both Rogers and Nelsen were named to the All-Tournament team.

The 1st round of league play saw some ups and downs. Strong play by Becky Mason and Deana Chase led to victories over VP and Santa Ana but the win over Tustin 49-48 was a special one. It marked the first time the Lady Comanches had ever defeated the Tillers. It was a very emotional win. In another thriller Canyon defeated El Mo 60-57. This was highlighted by Danyell Rogers' 19 first half plays as well as strong play from Julie Harmon, Sandi Clark, and Toni Shirley.

The second round of league play was much the same as the first. CHS lost a heartbreaker to Orange 47-45 but came back to bury Santa Ana 81-26 to set a Canyon scoring record. Canyon had very strong performances from Lila Nafa with 8 pts., Angie Conroy 7 pts., as well as steady play from Mindy Malone, Teri Fish, and Celeste Collins. It was a team triumph. The team avenged an earlier loss to Valley by winning at home 38-30 in a very physical game. The

highlight of the 2nd round was an exciting 53-52 win over El Mo. Angie Nelsen made a turn around jumper with six seconds left to put CHS on top. Danyell Rogers was 10 for 12 from the freethrow line to set a school record.

The Comanches narrowly missed going to the playoffs by finishing in 4th with an 8-6 record. However, the team was very young and has high hopes for the future.

*Coach Reider concludes the team pep talk during time out. Angie Nelsen and Lila Naffa are caught monkeying around before their game. 1985 Girls Varsity Basketball Team, l to r: A. Conroy, T. Fish, B. Mason, C. Collins, L. Naffa, T. Shirley, A. Nelsen, D. Chase, D. Rogers, S. Clark, J. Harmon, and Coach Reider. Becky Mason retrieves a runaway basketball.*

The girls' J.V. basketball team started the season slowly; but once league play began they proved that hard work and disciplined play will win. The J.V.'s finished league play in third place. They improved their basketball skills with every game they played. The point guard position was shared by Michelle Boivin and Tessa Rowland. Their dribbling and passing lead the offensive attack. Sherry Southard, Janell Dovalina and Melody Ernest were very effective defensively and lead the fast break up the court. Darci and Darla O'Brien were leading rebounders and scorers throughout the season. Sarah Lay and Leslie Cox were strong defensive and offensive rebounders who started the offensive fast breaks. All of the girls demonstrated a desire to become better players and developed a will to win in tough situations. Their experiences will help them become varsity players in the future.

— Coach Ephrom

1985 J.V. Basketball Team: T. Rowland, J. Dovalina, K. Olsen, S. Lay, Darla O'Brien, L. Cox, Darci O'Brien, M. Ernest, S. Southard, M. Boivin, and Coach Ephrom. Southard aims to shoot. A leading scorer, Darci O'Brien performs her skills. Sister Darla has the advantage. Time-outs bring pep-talks.

Coach Burchell tells of Lisa Chavez' season performance. Time-out conference Lady Comanche on the move. Senior Judy Manigas receives Most Valuable Player award 1985 Girls JV Soccer Team.

Canyon's newly formed J.V. soccer team had its good days and its bad during its first season. The record may not have shown it, but during those many good days its players played long and hard, dominating the game.

Our season started off on the wrong note, by our center half, Lisa Chavez, breaking her wrist. If it weren't for those few pre-season games, it would've been difficult trying to find someone to replace her. As it was, Chris Sculati and Genevieve Soto filled the position while Lisa was recovering. Chris and Genevieve did a great job, but they were sure glad to see Lisa return to the line up. Another tremendous job was done by our goalie Kathy Fox. She did a terrific job in goal for her first year, and she made tremendous saves, most of them which kept us in the game.

Then there were endless efforts and improvement shown by Trisha McNally, Diane Lupo, Wendi Carloch, Julie Garber, Rhonda Patin, Kim Von Boeckmann, Heidi Commons, Victoria Smith, Monica Valez, Becky McNeill. I encourage all you ladies to return next year and try out for varsity soccer team. Remember you will never know if you can make it until you try. — Coach Marty Burchell

# 1st TIME TO CIF

The girls varsity soccer team posted a league record of 6-5-1 this year, qualifying them to participate in the CIF playoffs for the first time in the 4 year history of girls' soccer at Canyon.

Coach Merri Jo Hoffman had two main goals for the team this year. The first goal was to encourage each girl to develop her individual skills in order to make a positive contribution to the team. The second was to combine the individual talent into a winning team.

After a long season of hard work and dedication, the team achieved its goals. There were many outstanding individual performances. Forward Judy Manligas led the team in scoring with eight goals. Forwards Carrie Radford and Maggie Reardon combined their efforts for five goals and ten assists. Rounding out the attack, Jackie Hruby contributed three goals and four assists. Defensive centerfullback Charlene Lou and stopper Jen Jillson led a fullback line which

held opponents to only an average of one goal per game. Goalkeeper Mimi Clark averaged ten saves per game.

Even more important than these individual contributions was the success of the team. The members of the team learned to work together and to believe in themselves. And when it came time for the end of the season, they realized it was not only their record that made them winners.

*Carrie Radford makes a "rad" shot! Fancy footwork Jackie Hruby evades the defense and scores again. Heidi Weber performs offensive skill. # Spirit and Dedication

1985 marks the Comanches' 10th season and closes a decade full of success. The girls' track and field team brought Canyon their first CIF championship in 1977. Through the first 9 years no less than 27 Comanche track and field athletes have earned a place on a college team. How rewarding it is for our coaching staff to see ex-Comanches competing against each other for their universities!

The 1985 team, led by senior captain Kathy Kelley, is an exciting team in terms of team spirit and dedication. More than half of the team's members are sophomores and as they grow with experience they will become the foundation of very strong teams as we enter our second decade of Comanche track and field.

Kathy Kelley is arguably the finest all-around athlete in Canyon's history. She is a member of five of the six record setting relay teams, she holds school records in the 110 hurdles, 330 hurdles and triple jump; she ranks high in the 100, 220, 440, 880, 1 mile, and 2 mile top ten lists and is MVP in 3 mile cross-country. Many talented athletes never experience the joy of competing in CIF finals but Kathy had already competed in no less than five CIF finals before entering her senior year!

For the first time in many years the Comanche distance runners form the

Another Comanche sweep by Katie Huennekens, Kathy Kelley and Ange Nelsen. Long jumper Lila Natfa looks for the ground Joanne Prager gets

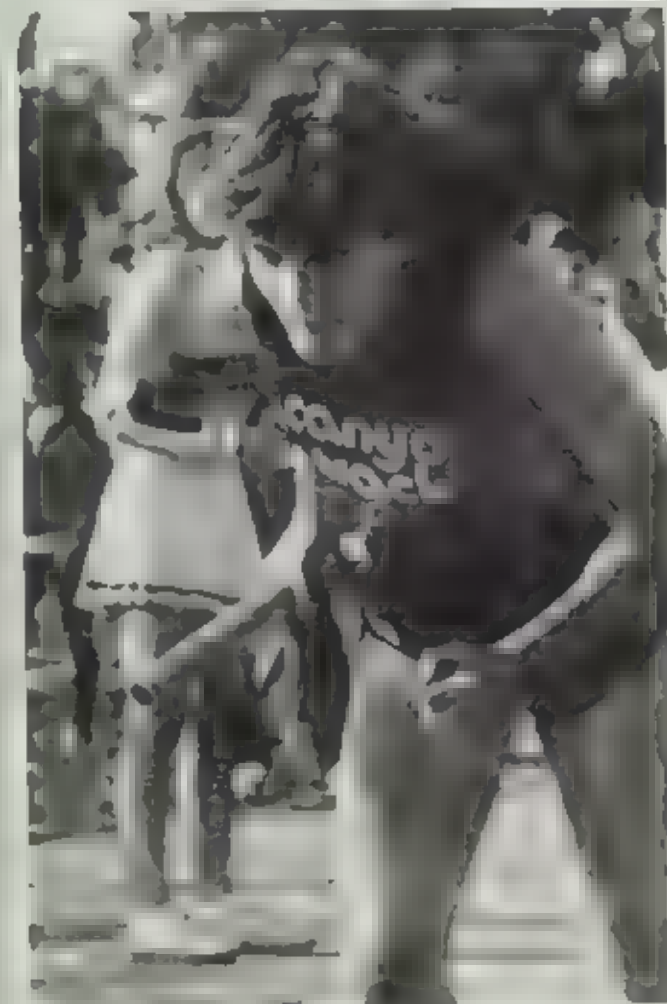

out a great throw Hurdler Sandi Clark out for a win

length of this year's team. Led by senior Shelly and junior Holly Hogan, the addition of varsity cross-country sophomore runners Shelly Everett, Erin Case, and Denise LaBrenz, enabled us to set many new school relay records as well as rewrite our top ten distance record lists. New school records were set in the 4 x 100, Sprint Medley, and Distance Medley relays. Erin Case broke the sophomore 2 mile record with an early season time of 12:08, and both Erin and Shelly are a threat to break the sophomore mile record of 5:34.

The Comanche throwing team, under the direction of Coach Mike Castaneda, and led by seniors Milika Tai and Kelly Newster, and junior Joanne Prager, also forms a strong part of the Comanche track and field team.

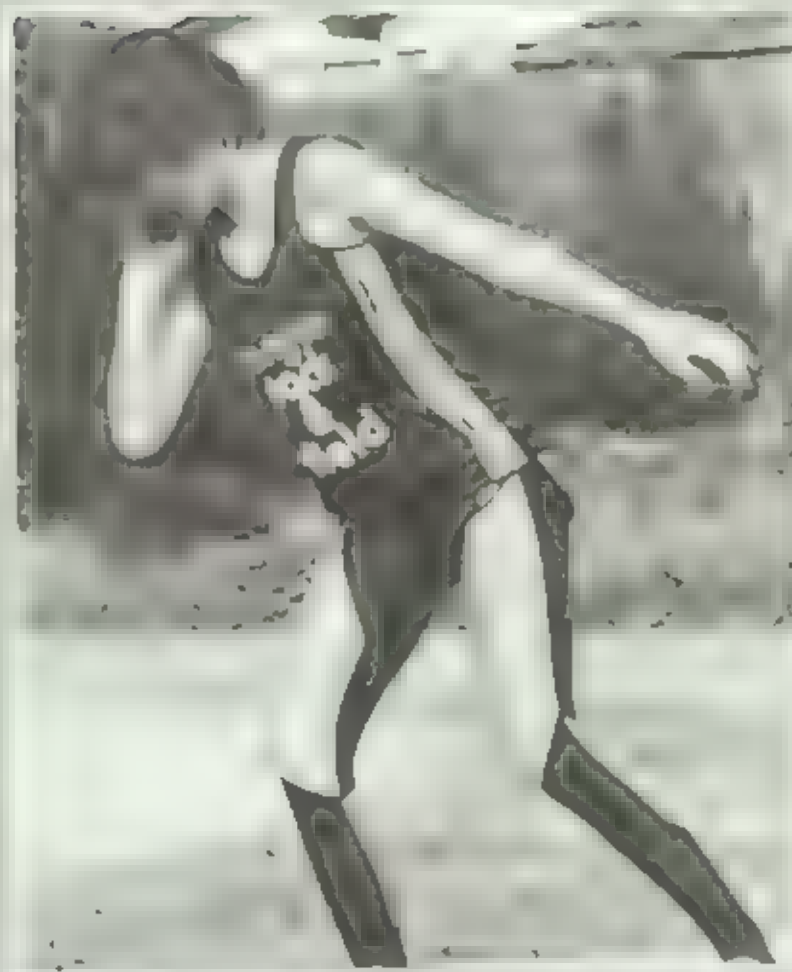

Sandy Schmitt STRRRRETCHes for those extra inches. Distance newcomer Sherry Navaei tests her endurance. Denise LaBrenz kicks it in. Sophomore Katie Huennekens leads off the 1st leg of the relay. Tessa Rowland sprints to the finish.

Sandi Clark and Sandy Schmitt make an excellent handoff. Erin Case pushes herself to a super 2 mile time. Mary Molthen puts her all into the shot. Shelly Everett kicks in the tin.

League leader in the 880, Kathy Kelley strides to victory. Coach Sayward takes split times during the meet. Angie Nelsen takes first in the 100 yard dash. With her fancy pants, Tammy Long sets up for another put.

## DRILL

Drill Team means hard work, and dedication to something really challenging as well as rewarding. Why does a person join Drill Team? Well, the first impression of drill team may be "I like to dance, have fun and want to get involved." But little do

they know that they will be forming memories that will last forever. Friends are quickly made and a strict form of discipline is obtained. One learns very quickly responsibility and dedication. No one likes being at school by 6:30 AM, but they a

## TEAM

here — ready to work. It all pays off, all the hurt muscles, tired bodies, bursting brains, it's all worth it when you get that first place. It's not all work though — it's a lot of fun too. With eighteen girls and one guy, there are always birthdays to

celebrate and parties planned. The 1984-85 Dance/Drill Team has experienced all of the above. They also believe in what they do and enjoy it tremendously. The team strived for perfection which took them to the top.

## CHOIR

The Chamber Singers of Canyon High School is made up of select music students. These students meet before school and rehearse various styles of choral music written for small ensembles. Goals for this group included studies of classic and

popular music. Students learn to read music, sing and perform before a varied audience. Field trips and performances take this popular ensemble throughout the area. The first semester included performances near Disneyland, local clubs and a

Christmas concert shared with the Canyon High School Band. The Chamber singers represented the school at a district honor choir performance directed by Dr. William Hall, a world renowned conductor. The end of the year included performances in the

community and an all school program shared with the Instrumental Music Department. The 1984-85 Canyon High School Choir was a great success and represented their true Comanche pride.

## COLOR

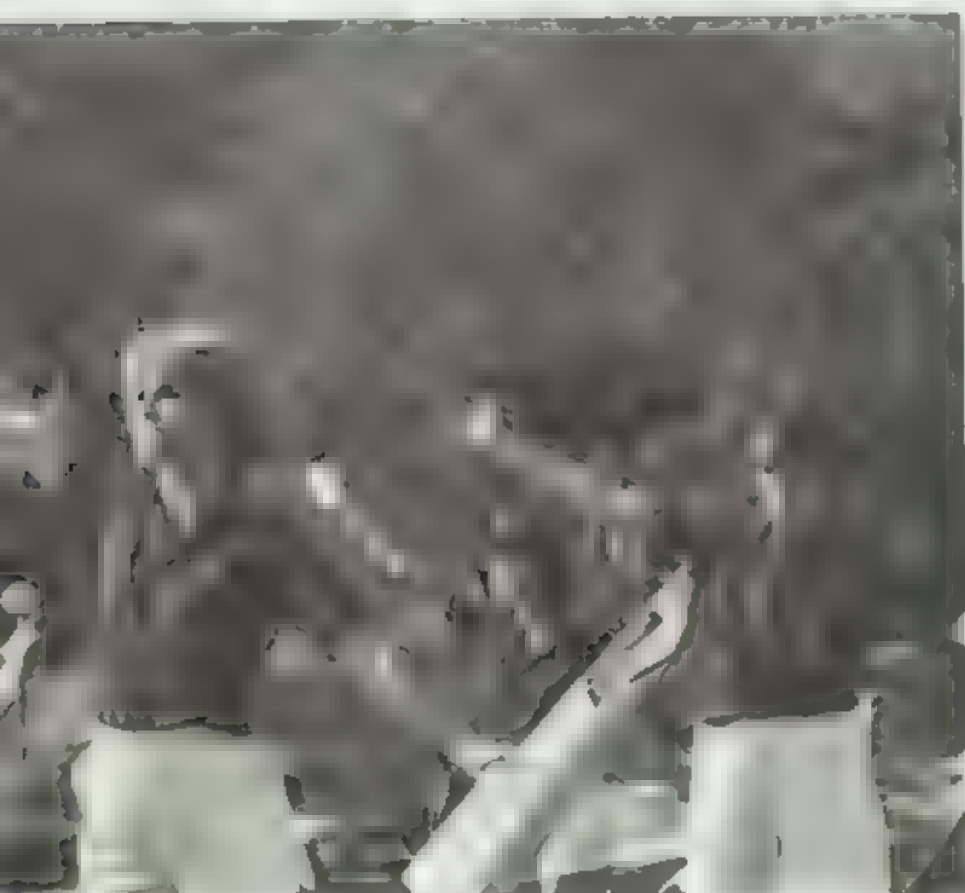

The Color Guard displayed a great deal of creativity and added spirit to the performances of Canyon. In order to make the team, the members had to undergo tests of their ability to march properly and to learn flag handling techniques. They were also judged on poise, how well they learned the routine, and sharpness and ac-

curacy of movements. Every member is expected to attend all practices and performances. Eleven hours a week are devoted to practice and they perform about once a week. Performances consist of parades, home football games, and field tournaments. They are performed in conjunction with the band on football fields.

Left Julie Hazard concentrates as she waits for the next move. Sally Kenny, Kim Brown, and Stacy Kelly show their look of determination. Color guard — smiling as they perform at Homecoming. ## COLOR GUARD

ep assemblies, and court shows, which e competitions against other colorguard teams on a basketball court. All this work and time has been rewarding. The team has received a second place at the Lester Oaks Parade, two first places at various field tournaments and took home a sweepstakes trophy from the Lester Oaks

field shows. Overall, Canyon beat twelve outstanding California tall flag teams. This year's multiple successes are due to the hard work and dedication of all the members.

The 1984-85 Comanche Band has had a very exciting and award-winning year. After the many hot and exhausting mornings that were spent preparing for the football halftime shows, their spirits never dropped. During the football games, the band kept the crowd alive with its little pep

tunes. The band also added some thundering excitement to the pep assemblies with its spirits always ready to go-go-go! Many of the awards included third place at the Modena field tournament, fifth place at the Lester Oaks field tournament, and second at the Norwalk field tournament. In the

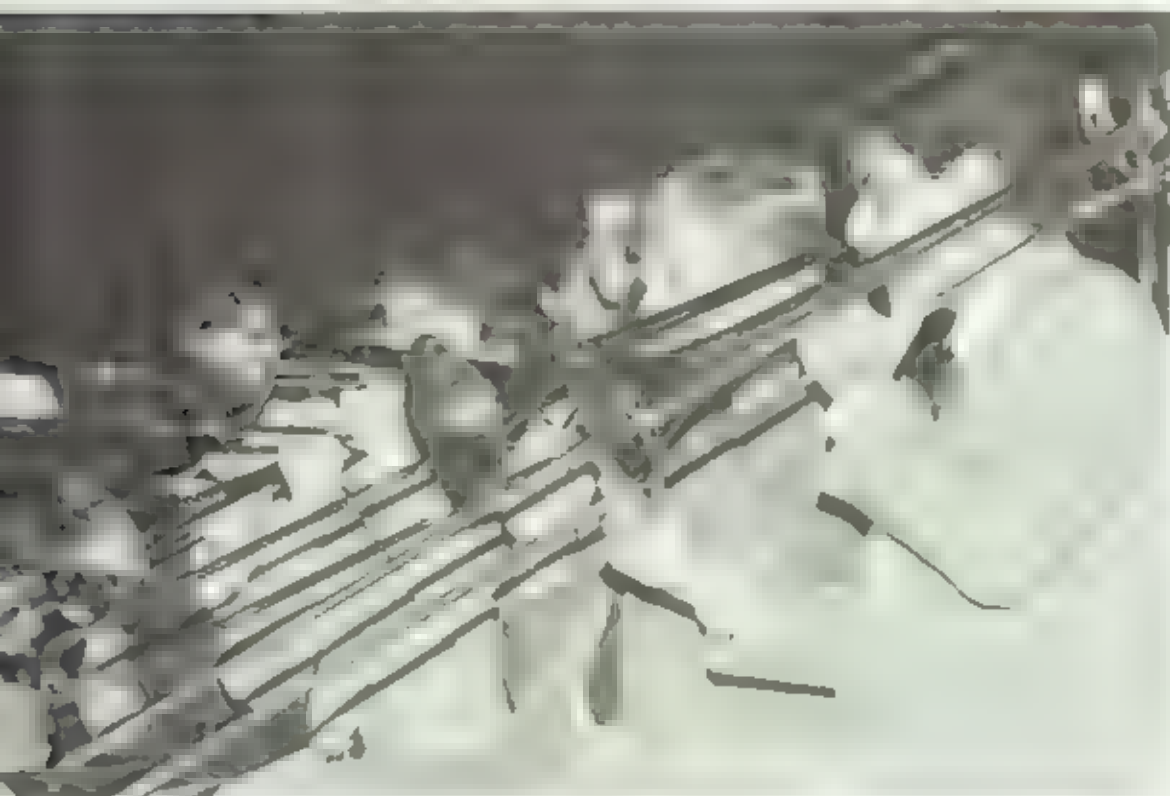

Canyon's drummers pound their drums to the beat. Lips all a pucker, the trumpet section toots out on the horns. Xylophone's kinging our girls ring out the tunes. Blowing their horns, they play the Alma Mater. Canyon's marching band performs for a football halftime at Fred Kelly Stadium but Fred was not there.

After Oaks review they received a second place, which is quite an honor in such a prestigious event. The marching season was closed with our first spaghetti dinner and marching spectacular. Towards the end of the year, the band participated in the Orange May Parade and returned to

Santa Maria to defend their sweepstakes won the previous year. There is no doubt that Canyon's Marching Comanche Band had a very successful year.

## JAZZ

What are those great sounds at Canyon? Yes — you guessed right — the Canyon Jazz Band. They rehearsed every morning at seven o'clock and did exceptionally well this year. The jazz band consists of a rhythm section including piano, drums, brass and guitar; a brass section

with the trumpet and trombone; and lastly a sax section of altos, tenors, and baritone. Their music included recent pop, established big band standards, and good big band jazz. The jazz band has provided fun for back-to-school night, concerts, a spaghetti dinner, festivals, open house, and pe

## PRODUCTION

anson and Donna Kreter (prop manager) had a lot of fun with this story. The seances and materialization of ghosts left the crew and their directors, Alice Prothero and Toni, a lot of room to create. Considering the "spirited" cast and crew, "Blithe Spirit"

(the story of a writer materializing from the dead and returning his ex-wife to the supernatural) was in excellent taste

## DRAMA BEHIND

Before any play can begin to take shape, the director, Alice Prothero, and cast must rehearse the individual scenes. It is not until the actors feel comfortable with their scenes that the play as a whole can be pulled together. This year Canyon's spring

production, "Auntie Mame," featuring Moni Duhamell, Scott Kelly, Donna Krete, Rob Goman, Faith Robinson, and Tom Heric has such a large cast that rehearsals are nothing short of hectic. There are scenes everywhere from Auntie Mame

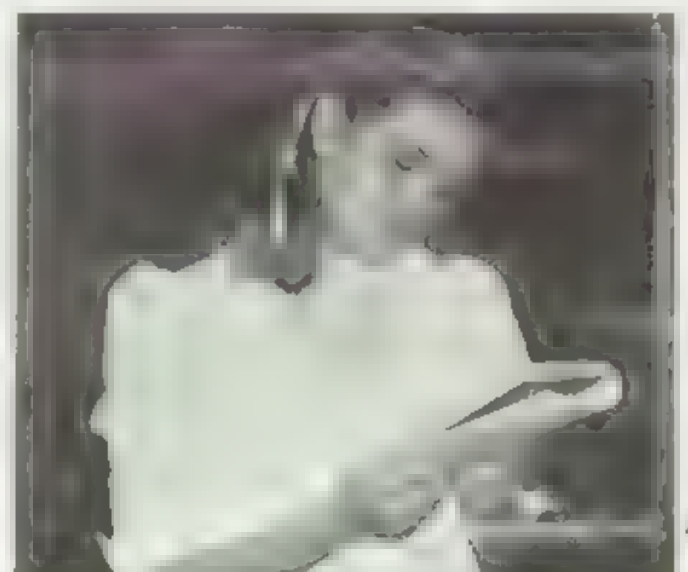

Left "I can not tell you how pleased I am to make your acquaintance" "Oh, I think I'm in love" "Does Macey think my kids have two left feet?" "Put those furs on the gooch Show off" Right "Oh, my love!" "You want to pay cash?" "Faith, I'm confused" "Hey Mame, how about another Upson daquire!" Patrick my little love

## Key Club

The Canyon High School Key Club has reached a level of excellence that far exceeds that of any other campus organization. The Key Club strives to give time and help to the school and the community through numerous service projects and donations of labor and money. There are many projects in which the 91 member club involves itself in during the school year and summer vacation. Some are aimed at specifically helping the community while others are aimed at helping the school. A few examples of community projects in which the club works on are; the annual Key Club Christmas Party for the needy, blood drive for the Red Cross, jump for heart for the American Heart Association, working in the Food Bank, and Car Washes for M D A. Along with the projects to help the community are the donations given to worthwhile charities. These donations periodically given during the year come from the money raised in many fund raisers. These are just a small portion of the projects that make the Key Club the most active club on campus.

[illegible]

## Girls' League

Girls' League is a fun and exciting club to be part of. There are over 70 girls who are members of Girls' League. The club has about two projects a month providing service to Canyon and the community. Service is the club's purpose and throughout the year many of the projects are to help the community. Toy drives, go Fly a kite, Christmas Caroling, and working with the Junior Women's Club have provided service to our community. Girls' League also has events for Canyon students. Such activities as Carnation Sales, Date Dad, Hi Mom, Sophomore Orientation, Prom Fashion Show and Sadie Hawkins bring Canyon students fun and excitement. Sadie Hawkins, which is one of the major dances at Canyon, is an event that takes a lot of preparation and time but all the hard work pays off in a hat-raising, feet-stomping dance. Not only does Girls' League do many things but they have a lot of fun in what they do.

Girls League members work hard to provide their service. Girls League president Laura McIntosh and Sheila Seth at Back-to-School Night. Linda Ahn, Sarah Lay, and Lisa Cogswell "porking out" Daydreaming.

Girls League members Yuk what's this? Girls League sponsoring the Teachers Banquet

## Asian Club

The Asian Association is dedicated to making its members more aware of the Oriental culture. The club feels the necessity for students to come in close contact with a variety of cultures. This is especially important since we all live in a multi cultured society. The club presents much cultural activities for its members. For example, there were trips to Japantown and Chinatown, and there was an International Banquet sponsored by the Asian, the French, the German, and the Spanish clubs. The Banquet allows students of Canyon to taste the variety of foods and to see the traditional costumes of foreign countries. In addition to present Oriental culture activities, the club also plans group events such as picnics, beach parties, and a trip to Magic Mountain. The advisor, Mr. McCoun, and the club officers feel that it is important for students to understand different cultures. This way, it can minimize future racial conflicts.

## German Club

The German Club had another outstanding year! This year's objective was to expose the club to the German culture. The club was involved in many successful cultural exciting events, including participation in their annual October Fest, trips to the Pheonix club, Old World in Hunnington Beach, and a fun-filled trip to Knottsberry Farm. Members worked very hard to make the International Banquet a successful event. This year's club had an amazing turnout of members who were interested and dedicated to the club.

President — Fritz Demopoulos  
Vice-President — Jim Weiss  
Secretary — Susan Boehrer  
Treasurer — Mike Giesen  
Advisor — Mrs. Panagatcos

## French Club

This was another exciting year for the French Club! The club, which is open to all students, saw a French play and held several informal parties. Of course the highlight of the club's calendar was the annual end-of-the-year dinner at the exclusive Chez Cary. The club finances these events by selling M & M's to the student body. The members also gave an incredible performance at the International Banquet this year with four different routines. Included was the singing of "La Marseillaise," can-can dancing, a ballet routine, and a finale in which the entire club sang the French folk song "Alouette."

## Spanish Club

The Spanish Club is an organization dedicated to promote Spanish culture. The club was involved in many successful cultural events, including activities such as going to Don Jose for lunch and traveling to Olivera Street in Los Angeles. Members are greatly involved in the International Banquet which involves all the other foreign language clubs. The club advisor, Mrs. Villareal, supplied a great deal of support and encouragement. Under the leadership of president Deeane Murray, the club had a very good year.

*(Saved for Murray)*

Every girl who participates in a sport at Canyon High School is a member of the Girls' Athletic Association. The purpose of G.A.A. is to give athletes an opportunity to compete with highly skilled girls from other schools. G.A.A. gives each girl an opportunity to broaden her experience through participation with other groups in a variety of activities. Promoting athletic and social activities, as well as serving the school and community, is one of the primary goals of G.A.A. Another goal is to foster a spirit of genuine leadership in the school. G.A.A. carries the highest ideal of sportsmanship, leadership, loyalty and integrity. Each year G.A.A. has fund raisers. The money raised by the athletes goes to pay for G.A.A. letters, trophies, and Certificates of Participation for the Varsity and Junior Varsity teams. Outstanding team members receive awards in the following categories: Most Inspirational, Most Valuable and Most Improved. An optional Coaches award may also be presented. Besides the team awards, G.A.A. has special awards which are given annually. These awards are Scholarship, Girl of the Year, Comanche Spirit, Tri Athlete Award, and Comanche of the Year. Along with these a reception is held every year in the spring to honor all girls who have participated in sports for three years.

## Varsity Club

The Varsity Club is fairly new to the campus of Canyon. The club's main purpose is to improve the spirit of Canyon students towards sports and to help gain respect for athletes. Some of this year's activities have been helping the football team with pregame, preparing for the Villa Park wrestling meet and having a mass cheer section at the Villa Park meet. Other events have been a car wash and some A.S.B. related projects. Under the leadership of advisor, Coach Bowden and president Don Preble, the Varsity Club has had quite an active year.

## National Honor Society

The National Honor Society is an organization developed to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of secondary schools. New members are chosen every year in spring, by a faculty committee, and are then inducted in May. You must have a high grade point average to be chosen. Sophomores must have an overall grade point average of 3.7, Juniors must have a 3.6 average, and seniors must have a 3.5 average. The most important event of the year is the induction ceremony, which takes place in early May. Many find this to be very enjoyable.

## California Scholastic Federation

The California Scholastic Federation is an honor organization for the college-bound students. To become a member a student earns ten points: three points for every A and one point for every B that has been earned from college preparatory classes. Memberships are renewed every semester and students who have been members for four of their six high school semesters graduate as Gold Sealbearers from their class. Many colleges and universities offer special scholarships to the members of this organization. This organization will help students in obtaining college acceptance.

## Smoke Signals

What goes into producing a newspaper? Well, if you were part of the journalism class this past year, you would have learned this and much more. Every month Smoke Signals was produced for the enjoyment of the student body and the faculty. Being on the newspaper staff taught the students responsibility. They also became more sensitive to their surroundings and other people's needs. The articles that were written in the paper covered a vast array of topics, including community and national events. However, nothing would have been accomplished this year without the help and encouragement of Mrs. Hopkins, the advisor. Working on the Smoke Signals staff has been a growing experience for all the members.

## Science Club

Science Club consists of individuals who share a common interest in examining the frontiers of technology. The club introduces the fundamental and intense areas of science to the members. During meetings students discuss upcoming field trips and recent happenings. Members have two major fund raisers and bake sales each school year. The money covers some of the cost of the field trips. The purpose of these trips is to give the club members experience and a chance to explore different career opportunities relating to the science field. Some of the places that were visited this year were laboratories, medical facilities, planetariums, and more. The Science Club also served the students by supplying and information on science and medicine they wished to know.

## SADD

Every year Americans die at an average rate of one per hour due to drunk driving, which is 8,000 deaths a year. This year might be different from the actions of SADD, Students Against Driving Drunk. The purpose of the SADD program is to organize students from across the country to combat the number one killer of their age group — death due to drinking and driving. SADD educates students concerning the problem of drinking and driving and help each student become aware of the alcohol problem as it exists on the local, state, and national levels. The efforts of SADD included bake sales, a walk-a-thon, balloon races, and many campaigns to spread the word. The club has helped people who need information about the problem and has continued to work on a video tape called, "Staying Alive." They also started a Too-Drunk-to-Drive hotline. SADD is an organization dedicated to eliminating the continuously elevating problem of drinking and driving.

## Drama Club

"Lights, Camera, Action!" Excitement abounds in the Drama Club of 85. There's more to the Drama Club than pancake make-up, staging, and acting. 1985 was a year filled with adventurous activities. A few of these activities have been entertaining performances at Canyon, tough competition in the District Festival, held at Fullerton College, and an exciting trip to Los Angeles. The International Thespian Society has also increased its membership this year. To become a Thespian requires hard work, motivation and last but not least, talent. A major role in the success of this year's Drama Club is that played by the 84-85 officers

# Club Carnival

I FINALLY MADE IT  
IN PICTURES

Fun, exciting and interesting are all possible words a Canyon student can use to describe the Club Carnival. Clark Cressman, Commissioner of Clubs, who was in charge of this event, hopes that everyone became more interested and aware of the great club program we have at Canyon High School. During lunch, students were able to walk around to different tables and encouraged to sign up to join a club. Students could have joined any one of the school's twenty clubs. Not only could you have satisfied your hunger to join a club, you could have also satisfied your hunger by buying a snow cone or a bag of popcorn that were on sale by the ASB Cabinet for a minimal fee. All in all, the Canyon Club Carnival was a great success.

GREAT TIME

IF MY FRIENDS  
COULD SEE ME NOW

## SKIING ACTION

Many Canyon students can be seen showing off their skiing abilities at local mountain resorts featured here from clockwise Brian Olsen, Eric Ludwig, Craig Benson and Chris Aphesette. Other featured skiers are Jeff Fuerst, and Paul Gorski.

# S u r f i n g

Canyon Surf Club ranges from all grades. A lot of these surfers hit the surf as much as possible. Rain or shine these dedicated surfers go to the beach to improve their skills. Canyon had some surfing contests within their group which turned out good. The contests were held at Trestles and Newport. The surfers donated money to get trophies for the top five contenders.

Here are some surfers strutting their stuff Dave Dumesnil, Brian Olsen, Steve Lichtenwalter, Greg Parker, Chaz Ramer, Jeff Fuerst and Doug Bidenger

Giving it all you've got. Taking risks — maybe even feeling foolish now and then. Participating in school functions. Getting involved. Can you really ever lose that way?

Sure maybe you don't always come out on top, but isn't that what it's all about? Trying, not giving up, working at it. *Really trying!* How about that "A" you got from

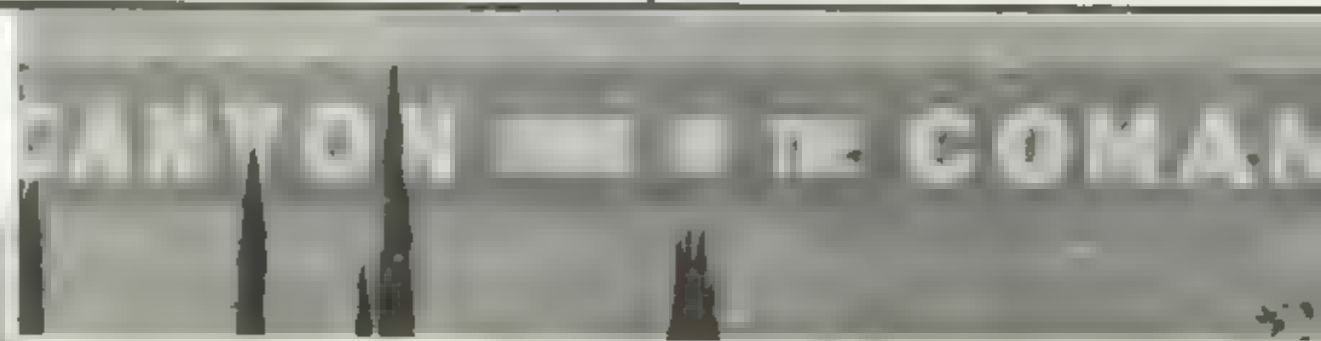

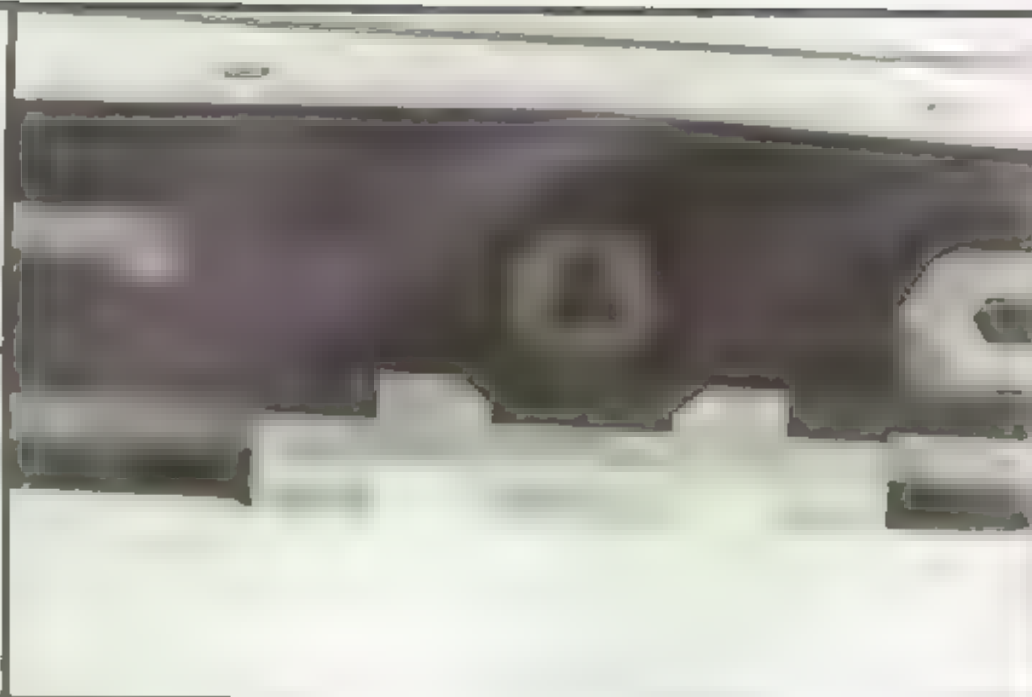

## *a part of it all*

Shirokawa on your research paper in advanced composition? Or knowing with some extra time, effort and ingenuity you can create a boat in the physics floatilla

that will actually make it the full length of the pool. Accomplishments like surviving the student parking lot for three years and managing to avoid the guys doing oil bur-

nouts, or just missing the new sophomore drivers, who have only been driving for two weeks. WOW!

O

ld friends — so many memories. All the good times we've shared. It seems as though we just got started and now it's nearly over. We've been lectured to by Mr. Ebert, our chemistry teacher, "remember to do your own work," he always said, "scrutinize," the key

word to those darned lab notebooks, and all the vocabulary we learned in our comp classes. Who could ever really remember all those words? — that are necessary for college. But the best times of all weren't had during class time. I mean what about all those pep

## *a part of it all*

assemblies our friends dragged us to and then we ended up screaming our heads off during the competition yell, or the dances we attended with all our buddies. We'll never forget the limo and driving around all hours of the night not knowing where to go. These times were

special, rad, the best of all. Now that we look back over the last three years who could ever even give these memories up? Come on let's admit it the involvement, activities, times shared together were the greatest ever. And look now at all the accomplishments, new friends

and new challenges that we've made. For some the challenges of college and others another new job, looks like we're ready to take the initiative. *Involvement!* Weren't you glad you decided to become *a part of it all?*

TO THE CLASS OF '85

Good luck in  
your future endeavors

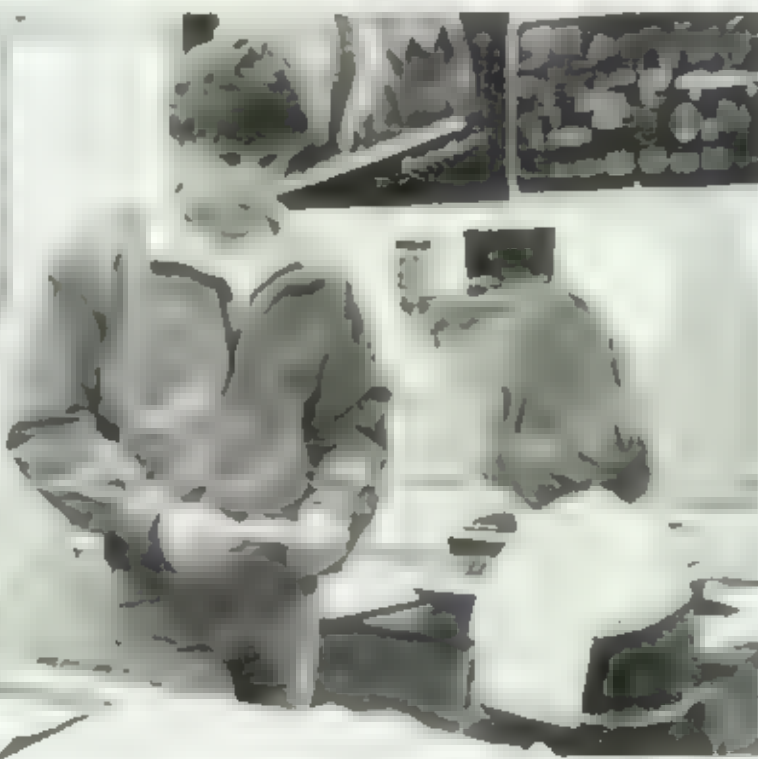

Trying to fill up another activities spread, Lynnsey, Mark and Becky work towards our first deadline. Drawing up another Senior section layout, Dory Van Fleet finishes the section with a page on the strike. Chris Royster, wondering if she'll ever get all the new section pages typed up in all those columns. Taking some time out between hectic deadlines, Karl Krist gets some more crazy ideas for the Boys' Sports section. Kim Tucker, our most beautiful redhead, adds some more names to the index. With a puzzled look on her face, Kathy Kelley tries to find some copy to fill up her Girls Sports section. Mrs. Wolfe, our advisor, looks through the ladder as Mr. Lea kids her about filling up all 304 pages before the deadline. Becky and editor Jennifer Pierce getting the last minute touches on another layout. Jeff Fuerst, photographer, gets orders from Lila Naffa and Sara Pieper on what pictures to take of the Clubs and Performing

Arts section. Washing some prints in the sink, Craig Benson, photo editor works get the pictures done. Mary sorts through some pictures she just look at developed. Preparing to make some more prints, Carrie Radford looks for more photo paper.

# Legend

Crazy, hectic, frantic and sometimes mind boggling. These are just a few words to tell what sums up the annual staff. The pressure builds as deadlines come down to the last day, last hour even. Coaches drive the sports editors mad with all the procrastination they dish out and the clubs always seem to change meeting dates. The activities section always complains, "We don't have any pictures! How can we possibly ever start drawing layouts or writing copy." Come on Hot Shot we need the pictures today! Our poor photographers. How do they possibly pass their classes? Can you take this picture in Fullerton and get back to the home game tonight and by the way Science club wants their picture taken at the first part of lunch. I guess you don't get to eat lunch again. Albert and James, our beloved picture palace. Always understanding about those last minute deadlines. "Where's the white out," yells another one of our beginners. "Jenny I need help!" Now finally comes relief. The pages are in and we can all sit back, relax, and get ready for next year's monster

This isn't a page for the visually oriented. Write on it, graffiti on it, condemn it as a waste of space if you like. It has to be here, it contains the colophon. It is there in every yearbook, kind of like the list of ingredients on the side of a can of pork and beans. It is there to tell you that the book was printed in Paso by Taylor Publishing, that the representative to us was Bob Stephenson and that the price of the book was 25\$ and 20\$ at the beginning of the school year and went to 30\$ after Easter vacation. Also that the predominate type style was Optima; all black and white pages are 80 pound paper, the color page 100 pound stock. 56 rolls of color film were used and 219 rolls of black and white were shot which Albert and James processed about half of that amount. They supplied us with about 400 sheets of 5x7 paper and 25 sheets of 8x10 paper which was used in our lab. But that's not the whole list of ingredients by any means.

Each year, when the deadlines are over and we can all sit back waiting for the book to become a reality, I think — What will I do without these kids — My God, why did I take this job? But that's just it, it's a labor of love, accomplished not by me, but by some kind of crazy and completely wonderful family.

Deadline Friday nights and not a soul left anywhere on campus save the ever vigilante janitors (my room looks good guys, thanks). The comfort system, big joke, right?, shuts off at 3 pm and you open up the door for a breeze or move around more briskly during the months of November through January. It's always dark when you finally wrap up those last few pages that someone didn't quite finish or quite get together. That missing headline, that lost photo that the photographer swore he handed you just yesterday and that piece of copy that the coach says he can't possibly turn in to you because the season isn't over yet. And on top of that, some American Lit. student wants to know why I failed her. I flunked her? Be serious, you didn't even attempt to turn a notebook in and, "no I won't settle for giving you a D — for a 56% score." "Sorry, there really is a bottom line."

Like the number of pages the publisher wants from us on any number of specific deadlines. 304 pages is a good size book and \$30,000 to put it in to print is no small responsibility to be held accountable for. For the good each year in the past three, the Legend has won major awards. We had a super original cover in '83, an outstanding opening section in '84 and this year's book will be used as a promotion sam-

ple by our printer Taylor Publishing, as an exemplary yearbook of up-to-date journalism.

But that's not what it's all about anymore than the extra stipend that shows up on my yearly tax statement. We're lucky, we write our own yearbook contract and get all kinds of "considerations" because we are worth it to the publisher. Like a 16 page mid April deadline. Most schools end coverage in March, and it's after those last few pages are in that I begin to worry. "A supplement, it's all yours, group." I'm just going to worry what will happen next year and how it will all get done without — almost all of you.

Dory VanFleet — oh, God bless Dory. God even bless his older sister, Holly, who kind of gave him to us. He's so good. Senior section layout specialist, bar none — and so to a meticulous degree of attention. He, Kim Tucker, and Chris Royster did another outstanding job on that section this year. In '86 Dory will do it for a third time but as co-editor at large along with Karl Krist. Karl is a genius. He's incredibly bright with a somewhat bizarre sense of adult humor. He makes the pages happen, they're good, creative and alive. It's just that you're never sure where they come from. Karl, I think, has alien help. Sara Pieper, I hope, stays on. She did the clubs and performing arts section. Clubs, somehow just aren't high priority stuff. But Sara just keeps at things, plugs along ever so methodically and responsibly and managed to complete the section of the book that isn't likely to be of much universal interest. Sara did get some very able help from Lila Naffa second semester. Academics — Erynn Black did it all. It needs to be there, journalistically, but again, it is another quickly scanned part of the book. Sophomore mugs, Dana Cretti and Patty — Junior mugs Jackie Brownfield, Mary Rosenkranz, Debbie Ekner and Michelle Rousett. Who really cares? Extra photos and features add some life, but in all it's just a chore of 100 pictures and endless columns of names that usually result in more frustration than satisfaction.

Girls' Sports Kathy Kelley, annual has amounted to no cheap or inexpensive English credit for her. She is a rare gift. This outstanding CHS student and athlete tackles everything as if her integrity depends on it. Her concern for every detail, on each and every page reflects her personal respect for the coaches and athletes that really represent her photo and copy journalism.

The fun part of the book — Activities section. — Becky Bofander, Lynnsey Cooper, and Mark Bowman, imagine

my delight in finding that this quiet, so mature and wonderfully responsible gentleman student was, yet, but a junior at CHS. The saying "if you want to get a job done, ask a busy person," certainly does bare out in these three very capable and active people on campus. School spirit, enthusiasm, making and dedicating the time that was needed and what it took to get the job done was what it was all about and I think shows, in the pages they have left behind.

Graphics are a new and absolutely essential part of a modern yearbook. Richard Quinn (thank you Mr. Day his counselor who said "take it there's nothing else open 3rd. period") is a genius of no small magnitude but more than that, he is the guy that almost made late hours at school, on Friday nights worthwhile. His easy wit and completely crazy sense of humor, somehow, managed to help us keep going long after the brain had turned to mush from trying to write too many zany captions and captivating headlines while you were once more, looking for that last photo.

Photos — oh yes, good photographers are definitely hard to find and there is a double meaning here, that I don't intend to get into. Craig Benson, Mary Rosenkranz, Jeff Fuerst, and Carrie Radford, thanks, you all did come through those countless times when the going got tough.

Kim Tucker, Chris Royster, Erynn Black, and Shelley Nickell — All wonderful, capable and always so very cheerfully willing to do just about anything and everything that needed special attention or extra care. Chris did the news — film — music — fads section and all worked together to compile the index. UGH!!

That brings me full circle and finally to Jennifer Pierce our wonder-woman editor-in-chief. If I could flunk her and so, somehow, manage to keep her for another year, you'd better believe I would. She's about the best I can imagine that there could be. Capable, responsible, resourceful and most of all motivating by example without being pushy or bossy. Her powers "tidy" aren't like that of Jeff Welsh, 1983 Annual editor or as quietly nurturing as that of Susan Burnett editor of the 84 Legend but Jenny is a dynamic young woman for whom the whole staff has a tremendous amount of affection and respect.

[illegible]

DEAREST SOOZIE, YOU WERE HONORED  
 HAVING YOU BE AS YOUR T.A. YOU KNOW  
 WHO WOULD HAVE NEVER PASSED THIS  
 I HOPE YOU'RE A SWEETIE (HAHA)  
 SUMMER AND DON'T HAVE  
 TOO MUCH FUN WITH YOUR  
 BOYFRIEND! OR ELSE  
 YOU'LL COME BACK  
 FATTER!  
 LOVE AND KISSES  
 Maya

All hail Canyon High School  
 The home of Comanche strong  
 From mountain to river  
 Sound echoes of our song  
 We rise to the test  
 With none but the best  
 As thine ideals prevail  
 With courage we greet  
 Every challenge we meet  
 Our loyalty shall never fail

SUZIE-

I'm glad I met you here in biology! You're a super nice person and I hope we have a class together next year. Have a nice summer and I'll see you next year back at Canyon!

Love ya,  
Stacey

Suzie,

I hope we can have classes next year. One with a better teacher. At least will still have a locker by each other. Have a great summer! I'll see you next year Okay?

Love ya.

Diane McIntosh

Suzie, I so glad we had Driver/health together. I hope you all have a nice summer. Hope we have classes together with Roy of course. Love ya then. Love Always  
Diane

SUZIE-  
Hi! What's up!  
I am really glad we were friends. I hope we can become better friends in the future. I glad we have P.E.

together. I hope we have more classes together next year. We have to do something this summer. Call me 637-1630 Have a great summer! Love ya! Stacey

SUZIE,

I'M GLAD TO HAVE MET YOU THIS SEMESTER IN NANCE'S CLASS. YOU ARE VERY CUTE AND VERY SWEET, SO STAY THAT WAY! I HOPE YOU PASS ALGEBRA. I HOPE YOU HAVE FUN THIS SUMMER AND I'LL SEE YA NEXT YEAR. GIVE ME A CALL.

Love, 997-7327

Ty In some classes next year I I'm so sorry I wrote in the I wasn't paying attention. I'm sorry.

Love,

Du

Love, Royce
